County Fair and Racing Meeting.

Logan will open the Hocking and Muskingum Valley Circuit Aug. 6-7-8, with a race meeting same date as last year. The meeting will be conducted same as last year with races and attractions, but will not show stock or art until the 2nd. meeting which is dated for October as the general run of the farmers think they can have their stock and fruit ready better late in the fall; so the Racing Association and Hocking Co. Fair Board have decided to give an early meeting and a late late meeting and exhibit the stock and fruit and arts at the late meeting. But to give a full display of everything else that goes to make up a good meeting and entertain the people at the August meeting. The people of Hocking county and other adjoining counties may prepare themselves to come and see one of the largest and most successful meetings of horses and people that has ever taken place in our county.

It will consist of a 3 day meeting with 3 good races each day with liberal purses, and the committee will at once get busy to secure some of the highest attractions for the August meeting that can be reached and a bushel basket would not hold the mail from different parts all over the globe already asking to secure privileges for the meeting, of all different things conceivable. We have already had two successful meetings in Hocking county in the past two years and this year we want two in one year and we can have it if everyone turns out and helps.

The Southern Ohio and W. Va. Circuit closes a 6 weeks racing circuit the last week in July at Portsmouth, Ohio, and Secretary Ruble and other members of the Board will go direct to the Portsmouth meeting and secure that big bunch of high class horses and ship them to Logan, same as was done last year, some 75 head of race horses. We think we will be able to secure a hundred head of high class horses for August meeting.

Following will be the Athens

fair, August 12th. to 14th, New Lexington, 18th. to 20th, Zanesville, August 25th. to 27th, and Columbus State Fair, September 1st. to 5th. Now everyone begin to make arrangements to come, and tell the children to save up their money to ride on the Farris Wheel, Ocean Wave, Merry-go-round, Slide Shows, Ice-cream, candy, pop corn, peanuts, rubber balls, everything. And everything will be in season August 6-7-8. We are going to make the people of Hocking county have a good time once in their life time, if they never have it again.

Ruble says if he can win his old hump-back horse, "Electric Bow," in the 2:18 trot he will buy five bushels of peanuts and distribute them among the crowd. Come, come, come to the Hocking County Fair Grounds August 6-7-8.

Call or write S. S. Ruble, Secretary for entry blanks or privileges, Logan, Ohio.

W. A. Griffith, on the Flum farm, Logan Route 1, has established a breeding stable that harbors one of the best horses in Ohio —DANDY 33,158, a Percheron Norman, of the very best pedigree. April 9-3w.

Bad Roads in Laurel Township.

What has become of our Supt. of Roads, Trustees and Commissioners of Hocking county? Our roads are almost impassable, there is scarcely a bridge that is safe to cross, and the roads, if we may call them such, have ditches almost two feet deep straight across them and none along the side to carry the water, as there should be.

Then again the traveling men ask us, when they stick fast in the mud holes, if we have no gravel nor stones in our country, and then appears the question: Are we to pay our road tax into the treasury to be dishied out to office holders who sit around and draw their fabulous salary and never get out to see the roads and we, the tax payers, to work the road free of charge and keep it in good condition? No, we say no. And the roads never will be in good condition under the present Road Law.

Campbell Endorsed by Seven Counties.

Ex-Governor James E. Campbell made effective progress Saturday in his candidacy for the Democratic indorsement for United States senator.

Eight counties outside of Cuyahoga held county conventions to select delegates. Seven of these have been heard from, and all endorsed the ex-governor. Ottawa county, which was not heard from, is also a Campbell county. Those that endorsed are: Clarke, 11 votes; Columbiana, 11; Knox, 8; Miami, 10; Perry, 7; Portage, 8; Wyandot, 6. That is a total of 61 votes, a pretty fair addition to ex-Governor Campbell's already long list.

The Cuyahoga county convention did not make an indorsement of any candidate. Mayor Johnson, who controls the delegation, is said not to be opposed to Governor Campbell, but has decided to wait until the convention meets.

Not a drop of Alcohol

Doctors prescribe very little, if any, alcohol these days. They prefer strong tonics and alteratives. This is all in keeping with modern medical science. It explains why Ayer's Sarsaparilla is now made entirely free from alcohol. Ask your doctor. Follow his advice.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, biliousness, nausea, dyspepsia. We wish you would ask your doctor about correcting your constipation by taking laxative doses of Ayer's Pills. —Made by the J. C. Ayer Co., Lowell, Mass.

Dr. Wood Complimented.

(Pomeroy Leader.)

"It affords the editor of this paper much pleasure to note the appointment of Dr. O. S. Wood, of Logan, Ohio, as trustee of the Athens state hospital for the insane."

"Dr. Wood is a Meigs county product, grew to vigorous manhood here, practiced medicine at Pomeroy, and his appointment by Governor Harris meets the universal approval of his host of friends here and elsewhere all over the state."

"We have known Dr. Wood intimately for more than 25 years. Have known him as a boy, classmate at college, citizen and physician, and nowhere and at no time, has he failed to reach the full measure of a good man. He is honest. His practice as a physician at the Athens hospital, his inborn sympathy and his generosity, eminently qualify him for a trustee of the institution whose needs he knows so well."

"And with due respect to all concerned, we cannot forbear saying that Governor Harris would have scored one of the most popular hits of his administration had he named Dr. Wood for superintendent of the institution, instead of trustee. His executive ability, his professional skill, his sympathetic nature, his generosity, institutional training and observation, and withal, his good, hard, practical sense, would make of him an ideal superintendent of a hospital for the insane. He was a candidate for the place once and political chicanery alone prevented his appointment. Some day his legion of friends here and elsewhere hope to see the wrong righted, and his extraordinary ability recognized by the powers that be."

Labor Against Taft.

Boston, April 12.—Charles J. French, president of the New Hampshire branch of the American Federation of Labor, sent out today addressed to all labor organizations, a letter protesting against the nomination of Secretary Taft for the presidency. The letter asks that resolutions of protest against the Taft candidacy be adopted and also advises that the campaign against the war secretary be carried to the polls in the event of his receiving the nomination. The letter says in part:

Secretary of War William H. Taft, now an eager aspirant for the presidency of the United States, while sitting formerly as a judge on the federal bench, became the unfortunate exponent of four noteworthy pivotal labor decisions, involving the boycott, the injunction, the strike, the commitment for contempt of court, etc., which significant judicial utterances, with their accompanying expositions and construction of law, laid the foundation and formed the general basis and chief legal precedent for such formidable embarrassments and perilous complications as now beset our fraternity and personal welfare and progress.

"The Twin Comedians are Coming."

There has been scores of comedians of different types produced in the last few years, most if not all founded on the lines of mistaken identity, but in this line of comedy work there are in all probability no comedians who have at their disposal a better field than The Lyman Twin Brothers who will be seen here Friday, April 24th. In their latest musical farce, "The Yankee Drummers." It is hard to comprehend the true meaning of mistaken identity both from a funny as well as a serious standpoint until you see it portrayed by two persons like the Lyman Twins who look exactly alike and taken for another at every turn, for instance if one was married and one single and the wife of the married was to meet the single one, run up and kiss him, tell him about the new suit she just purchased and ask him for two dollars to buy shoes for the baby, the poor man would be dumb founded. That is real mistaken identity.
