Miscellaneous Articles.

Awarding Committee — A. A. Lyon, R. C. Johnston, R. Coleman.

General Rules and Regulations.

1. The grounds and buildings will be ready for receiving articles for exhibition on Wednesday, September 27th, at which time and until the end of the exhibition, the hall and grounds will be under charge of careful and prudent men both day and night. Every exertion will be used for the protection of property on exhibition, but the Association will not be responsible for any loss or damage that may occur.

2. The gates will be open every day at 8 o'clock A. M., at which time every officer is expected to be at his post.

3. The exhibition will commence precisely at 9 o'clock A. M., and will continue until the programme of the day is completed. At 12 o'clock there will be an intermission of one hour for dinner.

4. Entries can be made at any time before the fair, and up to 10 o'clock on Thursday, but no later, except entries for fast driving, which can be made up to 10 A. M., of the third day of the fair. (A great deal of time will be saved by making entries before the Fair.)

5. No premium shall be awarded to any stock or article, even should there be no competition, unless the judges shall deem such specially deserving.

6. Feed will be furnished by the Association without charge, to all stock entered for exhibition. But for stock not exhibited, a charge of one dollar per day each will be made for horses, and fifty cents for cattle.

7. No person except owners of stock, the judges, the officers of the Society, marshals, reporters of the press, and the necessary grooms will be allowed inside the arena while stock is being exhibited.

8. All grain, seeds, fruits, and other vegetable productions, must be of the 1876 crop, and raised by the exhibitor.

9. No article exhibited in competition shall be removed from the grounds until the close of the Fair, without permission from the officer in charge of the department.

10. No marks of ownership allowed on articles entered for exhibition until after awards are made, when sales can be negotiated for delivery at the close of the Fair.

11. Entry cards will be furnished by the Secretary at the time entries are made (showing the department, class and number as entered at the office), which must be attached to the article exhibited.

12. No person will be allowed to interfere with the judges, or attempt in any way to influence their decision; in all such cases the judges shall have power to exclude the person so interfering from exhibiting in the class then being judged.

13. No omnibus, carriage, hack, or buggy running for hire, shall enter the grounds, but must discharge and receive passengers at the footman's gate.

14. No disorderly conduct will be permitted, a police will be on the ground to prevent the same, and see that good order and decorum are observed.

15. Committeemen who have articles on exhibition will be required to withdraw from the deliberations of such committee when their own articles are being judged.

16. Judges are required not to give encouragement to over-fed animals, in the breeding classes.

17. Animals exhibited as breeders must show evidence of not being barren.

18. All animals shown in the arena must be bridled or haltered, so as to be led or driven, except colts and calves accompanying the dam.

19. Awarding committees will remove the entry tickets from all animals or articles taking premiums, and after marking first or 2d premium thereon, as entitled, return it to the Secretary, so he may make up his books as fast as judges decide.

20. Superintendents of departments will assist exhibitors in making their entries, and in placing and showing their goods and stock.

21. No committee shall award any discretionary premiums. When, however, articles of merit, superior or valuable in their character, are exhibited, and which are entitled to special mention, the judges are desired to attach a white ribbon, and in this manner refer them to the Directors.

☞ Entries can be made at any time at the office of the Secretary, near the Court-house.

Centaur Liniments.

The Quickest, Surest and Cheapest Remedies.

Physicians recommend, and Farriers declare that no such remedies have ever before been in use. Words are cheap, but the proprietors of these articles will present trial bottles to medical men, gratis, as a guarantee of what they say.

The Centaur Liniment, White Wrapper,

will cure Rheumatism, Neuralgia, Lumbago, Sciatica, Caked Breasts, Sore Nipples, Frosted Feet, Chilblains, Swellings, Sprains, and any ordinary

FLESH, BONE OR MUSCLE AILMENT.

We make no pretense that this article will cure Cancer, restore lost bones, or give health to a whisky soaked carcass. But it will always reduce inflammation and allay pain.

It will extract the poison of bites and stings, and heal burns or scalds WITHOUT A SCAR. Palsy, Weak Back, Caked Breasts, Earache, Toothache, Itch and Cutaneous Eruptions readily yield to its treatment.

Henry Black, of Ada, Hardin Co., Ohio, says: "My wife has had rheumatism for five years—no rest, no sleep—could scarcely walk across the floor. She is now completely cured by the use of Centaur Liniment. We all feel thankful to you, and recommend your wonderful medicine to all our friends."

James Hurd, of Zanesville, O., says: "The Centaur Liniment cured my Neuralgia."

Alfred Tush, of Newark, writes:—"Send me one dozen bottles by express. The Liniment has saved my leg. I want to distribute it, &c."

The sale of this Liniment is increasing rapidly.

The Yellow Centaur Liniment is for the tough skin, flesh and muscles of

HORSES, MULES AND ANIMALS.

We have never yet seen a case of Spavin, Sweeny, Ring-bone, Wind-gall, Scratches or Poll-Evil which this Liniment we never saw but a few cases *which it would not cure.* It *will cure* when anything can. It is folly to spend $20, for a Farrier, when one dollar's worth of Centaur Liniment will do better. The following is a sample of the testimony produced:

W. P. Hopkins, Postmaster, Piqua, O., says:

"Centaur Liniment can't be beat. It cures every time."

"YELVERTON, O., March 2, 1874.

"The Centaur Liniments are the best selling medicines we ever had. The demand is very great for it, and we cannot afford to be without it.

"P. H. HISEY & SON."

"JEFFERSON, Mo., Nov. 10, 1873.

"Some time ago I was shipping horses to St. Louis. I got one badly crippled in the car. With great difficulty I got him to the stable. The stable-keeper gave me a bottle of your Centaur Liniment, which I used with such success that in two days the horse was active and nearly well. I have been a vetinary surgeon for thirty years, but your Liniment beats anything I ever used.

'A. J. M'CARTY, Veterinary Surgeon.'

For a postage stamp we will mail a Centaur Almanac, containing hundreds of certificates, from every State in the Union. These Liniments are now sold by all dealers in the country.

Castoria.

Dr. Samuel Pitcher, of Hyannis, Mass., experimented in his private practice for twenty years to produce a combination that would have the properties of CASTOR OIL without its unpleasant taste and griping effect.

His preparation was sent for, near and far, till finally he gave it the name of Castoria, and put it up for sale. It is very wonderful in its effects, particularly with the disordered stomachs and bowels of children. IT ASSIMILATES THE FOOD, cures sour stomach and wind colic, regulates the bowels, EXPELS WORMS, and may be relied upon in croup.

As a pleasant, effective and perfectly SAFE CATHARTIC remedy it is superior to Castor Oil, Cordials and Syrups. It does not contain alcohol, and is adapted to any age.

By regulating the stomach and bowels of CROSS AND SICKLY CHILDREN they become good-natured and healthy.—They can ENJOY SLEEP and mothers HAVE REST. The Castoria is put up at the Laboratory of J. B. ROSE & Co., 46 Dey Street, New York.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

℞

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful disease. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

Manhood: How Lost, How Restored!

JUST published, a new edition of **Dr. Culverwell's Celebrated Essay** on *the radical cure* (without medicine) of SPERMATORRHŒA or Seminal Weakness, Involuntary Seminal Losses, IMPOTENCY, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, CONSUMPTION, EPILEPSY and Fits, induced by self-indulgence or sexual extravagance, &c.

☞ Price, in a sealed envelope, only six cents.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and *radically.*

☞ This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, *post-paid*, on receipt of six cents or two post stamps.

Land for Sale.

I WISH to sell 99 acres of Land, lying on the Nine Mile creek, in Mason county, W. Va., 1¼ miles from Beech Hill, on the Kanawha river, where there are two stores and post-office, and county road running from Bush Hill near the land, and no hills to get to the river, and ¾ of a mile from the Methodist Church and public School-houses.

There are 2 cabins on this land and about 15 acres cleared; plenty of small streams to furnish water; plenty of timber for fencing and building. The most of this land lies very well, and in a good neighborhood, and being so convenient to the river, post-office, stores, church and school, and good road to the Kanawha river, gives it more advantages than any back land in this part of the country.

Price 1,000 Dollars. Terms of sale—One-third down and balance in 1 and 2 years.

Any person wishing to see this land, can call on the undersigned, at Buffalo, Putnam county, W. Va., or JAS H. MILLER, who lives near Beech Hill.
