CROPS IN EUROPE.

CAN FARMERS. and other causes have led to an advance in the European wheat market.

The general opinion of dealers in the of it over all opposition.

New Jersey, the Republicans will it, is the business meaning of this assemblage here to-day. [Applause.] it in this campaign is not political in the ordinary sense of the term. This intelligence of our people." The general opinion of dealers in lity of ra over all opposition. Paris is that the quantity of wheat to be imported into France in 1880 ly counted on, the Republicans have and 1881, will be about 30,000,000 bushels. The grain crop in Germany and Russia was much shorter than was supposed earlier in the

Wheat grown in the United States has recently been imported into Rassia, for the first time in history. Although the report is unfrue that the Russian Government had pro ibited the exportation of wheat from that country, yet it is certain that ton. There is every reason to be-Russian growers have not the means of supplying Western Europe with breadstuffs as formerly. Germany, as well as Great Britain, must draw chosen last year. The Republicans what did it. Labor first laid out the Not only the tariff, but also the banks Milliken, Ky. most of the bread consumed from have already made gains in Ohio and raw material that God made, and and the currency will be successfully America,—we mean, of course, the Indiana, and Republicans will suc. then capital, which is only another assailed, and the business world may most of that not raised at home. A

naturally be looked for. The Cincinnati Trade List says: 4th of March next. That will make and laughter. In this connection our corn crop, which is extensively exported in the shape of beef and pork, is a point of nterest. Perhaps it enters more largely, though less directly, into the mestion of food supply than any other product except wheat. For the past five years this crop has averaged 1,376,000,000 bushels, each 1,700,000,000 bushels. That is to say, that there need be no starvation in Europe, no matter how he crops go over there, for we can send them all the bread and meat they are willing to pay for.
