COMMISSIONER. We are authorized to announce that DAVID WILKIN, of Newmarket township, will be a candidate for County Commissioner, subject to the decision of the Republican County Convention. August 7

THE COUNTY CONVENTION.

Call for the Election of Delegates on Saturday, August 12th.

The qualified Republican voters of Highland county are hereby notified to meet at their usual voting precincts on Saturday, August 12th, 1882, to elect by ballot, delegates to the County Convention, to be held at the Court House in Hillsboro, on Saturday, August 19th, 1882. The polls in the country townships shall be opened at 3 o'clock p. m., and close at 6 p. m., and in Liberty and Madison townships, from 3 p. m. to 7 p. m. The ratio of representation shall be one delegate for every 50 votes, and fraction of 25 votes cast for Gen. Garfield, and no township or precinct to have less than two delegates. Below will be found the vote of each township, and the number of delegates they are entitled to:

Table with 2 columns: Township Name and Delegates. Includes entries for Brushcreek, N. P., Clay, Concord, Dodson, Fairfield, Hamer, Jackson, Liberty, Salem, Madison, Marshall, New Market, Park, S. P., Penn, Union, Washington, Whiteoak, and Total.

J. S. ELLIOTT, Chairman. GEO. FELLNER, Secretary.

The attention of the Republicans is directed to the call at the head of these columns for the County Convention, to be held Saturday August 12th, and to the election of delegates on Saturday, August 12th. Our State and Congressional tickets are composed of sterling gentlemen whose election is almost an assured fact, and if we exercise a little care in the selection of our county ticket, we will sweep the State, District and County.

Gen. Kennedy's attempt to defeat the renomination of Speaker Keifer in the Eighth district will no doubt prove a signal failure. The convention will be held at Springfield, on Wednesday, August 2, and the returns of delegates elected from the various counties of the district, show only 38 for Kennedy and 120 for Keifer. Gen. Kennedy would do well to withdraw and allow Gen. Keifer to be renominated by acclamation. The colored vote which was reported to be so greatly disaffected against Keifer, went almost unanimously in his favor. Gen. Keifer has filled the position of Speaker with credit to himself and to his native State, and should the next house be Republican, the chances are he will be his own successor.

Schiller's History of the Thirty Years War.

Schiller undoubtedly ranks as the greatest genius of Germany. Equally celebrated as poet, philosopher and historian, he essayed every species of literary composition and excelled in all. His works bear the unequivocal impress of a master mind. Their effect on the thoughts and hearts of his countrymen has been deep and lasting, and by the common consent of nations he occupies a distinguished place among those exalted men, the chosen of all ages, whose mental vision has "pierced superior worlds, and looked all nature through." Without instituting or reviving comparisons between this gifted poet and our own immortal Shakespeare, we may, at least, fairly claim for him an enrollment on the same scroll of Fame, as a sublime genius and a kindred spirit. His "History of the Thirty Years War, in Germany," has

just been issued by The Useful Knowledge Publishing Company, of New York, in a very beautiful Elzevir volume of 518 pages, which is sold for the remarkable low price of 42 cents in cloth binding, and 57 cents in half Russia, red edges. For sale in this city by A. M. Stevens, agent.

Gov. Hart's Nomination.

As most of our readers have already learned through the daily papers, the Congressional Convention held at Washington C. H., last week, after a two days contest, nominated our townsman, ex-Lieut. Gov. Hart, as the Republican candidate for Congress from this district. A full report of the proceedings, prepared especially for the News, will be found elsewhere, and will, no doubt, be read with interest.

The contest was remarkable for the steadiness, not to say stubbornness with which the friends of the respective candidates adhered to them throughout, until towards the last, when the inevitable break came, which put an end to the dead-lock and secured the nomination. The result, though of course a disappointment to all but the friends of the successful candidate, was hailed by the Convention, with almost universal satisfaction, as we have no doubt it will be by the Republicans of the District generally. It is no disparagement to the other able candidates before the Convention, to say that Governor Hart is the equal of any, in point of ability, energy, knowledge of public affairs and all the other qualifications required for the responsible office to which he aspires. As a public speaker he has few superiors, and this, combined with his well known zeal and industry, will enable him to make a thorough and effective canvass of the district. His former service in the State Legislature has rendered him familiar with public life and public men, and if elected, of which we have no doubt, the people of the twelfth district, will have no cause to feel ashamed of their representative in the next Congress.

The Republicans of Highland should, and of course do, feel honored, that the choice of the Convention fell upon one of the two distinguished candidates from our county, and we confidently undertake to promise, on their behalf, that the majority of Governor Hart in this county will be larger than that he received two years ago. We are gratified to be able to assure the Republicans of the district, that the recent strife between the friends of Messrs. Hart and Pugsley for the success of their respective favorites, terminated when the choice of the Convention was made, and that Gov. Hart will have the united and earnest support of every Republican in the county. We hear that Mr. Pugsley has already promised to take the stump for his late competitor, and his personal popularity and ability as an orator will prove a tower of strength to the Republican cause.

Let the Republicans of the district be active, vigilant and united in support of their chosen standard bearer, and a decisive victory will reward their efforts.

The Ohio State Fair.

The Thirty-third Annual Ohio Fair will be held at the city of Columbus, on Monday, Tuesday, Wednesday, Thursday and Friday, August 28, 29, 30, 31, and September 1. The list of premiums has been thoroughly revised, the offerings including Gold and Silver Medals, aggregating nearly \$25,000, and being so distributed as to create the greatest possible interest in each of the various departments.

The Ohio State Fair has been permanently located at Columbus. The grounds upon which it is to be held are located within the corporate limits of the city, and are accessible by three lines of street railway running directly to the gates. These grounds, now the most beautiful in the State, are being thoroughly renovated and rearranged, with a view to the greatest comfort and convenience of visitors and exhibitors. New buildings are being erected for the accommodation of horses, cattle, sheep and swine. The style of buildings will be the most modern, especially adapted to the purpose of exhibition.

The Ohio State Fair grounds, with the improvements to be placed thereon, will be among the best in the United States, the buildings and stalls furnishing more than one hundred and twenty thousand square feet of exhibition space under cover. The Ohio State Board of Agriculture is doing all that human energy can do to make the ensuing exhibition a grand entertainment for the instruction of the masses, and have arranged with the various railways of the State for special excursion

MR. WM. WESTFALL, Of Deane Co., N. Y., 80 Years of Age, Suffered Continually for Many Years from Stone in the Bladder.

Great age and painful disease are a combination. Yet Mr. William Westfall, formerly of Rock City, Deane Co., N. Y., now of Washington Hollow, in the same county, came to the office of Dr. David Kennedy, the eminent Physician and Surgeon of London, N. Y., some time since, in a condition to excite the sympathy of the most cold-blooded and hard-hearted person in the world. We say he came—he was, rather, carried to the Doctor's office, for he was totally helpless, and bore the weight of 80 years' burden. He had suffered long from retention of Urine, and had all the symptoms of an aggravated case of calculus formations in the bladder. The usual instrumental examination revealed the presence in the bladder a solitary calculus of uncommon size. Dr. Kennedy frankly told Mr. Westfall that, owing to his age and debility, an operation was out of the question, but that he could, by the prescription of "Kennedy's Favorite Remedy," together with leech therapy, make him comfortable and leave him to live out all his days. The outcome of this was that the patient enjoys good health to this day.

MILLER'S CHAPEL.

Our Sabbath school is in a flourishing condition. Wheat harvest is over. There has been a large crop harvested in this section.

Miss Leo Edenfield, of Emerald and Mr. Jos. Corcoran, of Pineville, were the guests of Mrs. Miller's, last Sunday week. Miss Clara McCoy is on the sick list. Mr. Chas. A. Lewis and wife, of Cincinnati, and Mr. Jno. Parker, of Hillsboro, were visiting at Mr. M. Lewis, sr., week before last.

NEWMARKET.

Blackberries are selling at 10 cents a gallon. The question is, what attraction is there for Blackberries in the vicinity of Kansas school house?

When it became frightened and ran away, making the turn to the stable it pitched the log against a local tree, bruising him considerably. Sammie thinks it is no fun to ride Dick without a bridle.

WINCHESTER.

Harvesting has been the order of the day. Wheat better than former anticipations would have made it.

The Miller House is doing good business. Reside sending dinner, each day, to lands working on the railroad, now working below Newport a distance of about 15 or 16 miles. They formerly boarded at the Miller House, and say they like the cooking and late become situated near Berryville has returned. Welcome, Miss Ida.

Mr. Newton Lewis and his sister, Callie, of Newport, were the guests of Mrs. Hillingsley's, last Sunday week. Mr. and Mrs. Alfred Lewis, Mrs. Hillingsley's parents.

RUSSELL'S STATION.

The farmers have been very busy stacking and threshing wheat. The crop is above an average in this neighborhood.

Mr. Siggins has removed his portable mill near to our village, and is doing a good business in the lumber trade.

E. G. Doanright and J. J. Starnes have recently embarked in the wheat business.

Oney Tolson left here the 17th inst., to take a week's vacation at the residence of the M. & C. R. R.

The prospect at present is favorable for a light corn crop here. Much of the level lands have been plowed, which cuts down the average considerably.

Mr. Urmon and Martha Storer are now visiting friends in Kentucky.

Mr. and Mrs. Martin, of Hillsboro, spent the 15th and 17th with friends here.

Mrs. Loyd, also of the Model town, accompanied by Mrs. W. H. Loyd, and Mr. Loyd, last Monday left for the Missionary subject last Sunday.

TAYLORSVILLE.

What all stacked in good condition, and the best of wheat is being threshed throughout the country. There will be more wheat in White Oak than for several years.

Blackberries are abundant and the lads and ladies have commenced a regular staple after them.

The corn is growing fine on the highlands, but the late rains have not yet set in, and farmers could not lend it, and consequently the prospect is very discouraging in the swamps.

Most of the farmers about here have their last year's tobacco crop on hand yet, and would be glad to dispose of it if they could find buyers.

There was a basket meeting in the woods, near Maple Grove, last Sunday, under the management of Rev. Chas. Young, of Hillsboro.

Mrs. Eliza Hadam, of Georgetown, returned home last week, from a visit among her friends and relatives in this vicinity.

The News has the largest circulation at this office of any of the county papers.

John E. Barr, of Maple Grove, has been in Cleveland, Ohio, for the past two weeks. He will teach his first school in Deane county next winter.

There is quite a stir among the gay and festive members of Maple Grove at present.

Mrs. Lucinda Murphy, wife of Elch Murphy, near Newmarket, died on the 16th ult., and was buried at Princeton. Rev. Wash. Hubbs conducted the funeral exercises.

The following named teachers have been employed to teach the young pupils of White Oak the coming winter: Ham, Wilkin, Newkirk, Mrs. Custer, Jno. W. Fenwick, Frank Grayson, and Homer Galt. The graded school at Mount Zion is to be taught by Jno. Cox and Jos. Galt. That is, when they get their new school house at this place. R. C. F.

GREENFIELD Greenfield, Ohio, August 2, 1882.

The pastor of the Methodist society was absent last Sunday, but the pulpit was acceptably supplied by Prof. William Cole, of the Maryland College of Music, Baltimore, Md.

An error in last week's News gives the date of the A. M. E. camp meeting as August 22, when it should have been July 28. Our readers will please note the change.

Some Madison township people were wondering if Capt. D. M. Barrett got on his "lightning rod" expecting "something" to strike it or near his neighborhood. He is not entirely without wind in their Congressional Convention Thursday. We understand they have engaged the Greenfield cornet band to enliven the harmonies of the occasion.

Old Highland to the front again! "That's what the matter" with the Republicans of Madison township. Right here is a big battle being fought for Congress. It is a big battle, and more should be known to it.

As far as we have opportunity for judging, the nomination of Gov. Hart is very acceptable to the Republicans of Greenfield and Madison townships. They propose to work for the Governor with a hearty will, and should the Democratic nomination be given to some other man, it is to be a bitter lesson from Madison.

Miss Ada Reiter, a teacher in our public schools, has been made the happy recipient of \$1,000, as the amount of a policy she had taken out some ten years ago, on her own life. We are not in possession of the full particulars, but we may be allowed to congratulate the lady on her present good fortune.

Charles H. Harper, the popular and young manly proprietor of the Harper House, is vigorously prospecting amongst his party friends, aiming at the nomination for Clerk of the County, at the coming election. He is a good party man, and his past services for the party seem to be deserving of recognition.

The leading business of Madison township are not entirely disposed to Neal, and favor the nomination of Sloan. Wouldn't it make a lively fight, if it should so happen that both candidates for Congress were from Madison? The Gazette will print interviews with members of both parties, about here, as to the reception of Gov. Hart's candidacy.

Murray & Hendry, the contractors who built the elegant building on the corner of Main and West Main streets, are now engaged in putting the finishing touches to the residence of Dr. Anschutz and S. H. Engelhardt, on West Main street. They are in one building, and the work is progressing rapidly, and when ready for occupancy, will be an ornament to that part of our city.

The election of delegates for the Congressional Convention was the occasion of as much earnestness as any election ever held in this city. So many of our out-of-town voters had to spend the time to come in, the forces had to be expended elsewhere, and the "car-chewing" done, that the result of the election is a surprise to the agricultural organs of some of our floating voters.

The wheat is coming into market now in large quantities and in most excellent condition. C. C. Norton, one of our heavy buyers and shippers, has handled over 5,000 bushels the past week. He reports the market on a slight daily decline, but as the shipments abroad are reported good, the drop will not be heavy, at least, but will be given for the market to gradually get lower.

T. W. Elliott has now the contracts let, and work is being actively prosecuted on his new store rooms, about to be built on Washington street. A few hours more, and the new County Bank. They are to be of brick, two stories in height; the lower business rooms, to be 70 feet in depth, with a width of 30 and

a height of 12 feet, making ample room for all respects and sufficiently lighted for any kind of business. The upper stories will be used for offices, and the building is well planned, which will be about the middle of October will be a great addition to the business portion of the city. We understand the stores are engaged, but we are not at liberty to name the occupants.

The large glass for the front of the Commercial Bank building were successfully put in place last Thursday afternoon. It may be of interest to our city, that the glass is 12 feet by 11 feet, weighs about 300 pounds, and cost about \$70 each. It requires a great deal of care to set them in position, and but few attempts are made that are entirely successful.

By industrial habits, and the close attention to their employments they managed to get along in the world, and set the example of industry and economy. A thorough education at small expense. Send for catalogue and large plate glass, but that at New Albany, Ind., where they were made, of which we speak, as our advertisement is made as anywhere in the world.

In the year 1887, two free colored men, named Philip and Abram Bell, came to this county from Tennessee, bringing with them their father, for whom they had paid his own share of \$100.00. He had been a slave until after arrival, but the sons commenced business for themselves at once, Philip as a blacksmith and Abram as a farmer in the neighborhood. By industry and hard work, they managed to get along in the world, and set the example of industry and economy. A thorough education at small expense. Send for catalogue and large plate glass, but that at New Albany, Ind., where they were made, of which we speak, as our advertisement is made as anywhere in the world.

OHIO WESLEYAN University.

DELAWARE, OHIO. An Institution of the highest grade; among the first colleges East of the Rocky Mountains. It is a college of the highest grade, among the first colleges East of the Rocky Mountains. It is a college of the highest grade, among the first colleges East of the Rocky Mountains.

My wife, Julia A. Burnett, having on the 11th day of July, 1882, left my bed and board with a severe attack of rheumatism, and taken with her my daughter, Michale, against my will, notice is hereby given, that I will not be responsible for, or pay any debts of their contracting, after the date hereof. W. H. Burnett, July 20th '82.

Wittenberg College.

SPRINGFIELD, OHIO, will begin its next session Sept. 7th, 1882. Theological, Classical, Philosophical, Preparatory and Normal Courses. Instruction thorough. Faculty of high local unparagoned. Tuition and incidental for the year, \$10.00. Send for catalogue. SAMUEL A. GALT, D. D. July 20th '82.

NOTICE TO TAX-PAYERS.
