THE VINTON RECORD.

Official Organ of Vinton County.

LOCAL MATTERS.

That Label.

The editor of the Record has been indicted for libel on complaint of Judge Du Hadway, for the publication of a communication from Hamden, in the Record of April 24, which detailed the shipment of a certain mysterious box packed with straw by a saloonist of that town to His Honor. We have endeavored to post ourselves as to our duties and privileges as a publisher and to observe them. We thought we treated Judge Du Hadway as fairly, courteously and temperately as we could in that matter consistently with our duties to the public, and the first intimation we had that he felt wronged was the finding of the indictment. As we have twice, unsolicited, disclaimed belief of corruption or bribery on the part of Judge Du Hadway—at the time the communication was published, and subsequently—and as that, with malice, is the gist of the complaint, we can now well afford to let it alone for the Courts to settle.

A DASHING young tyro who was visiting McArthur this week, with the aid of one of Carp Gill's best turnouts, escorted a young lady of this village to the school which she is teaching a short distance in the country. Unfortunately, for the young man's good intentions he forgot to turn over to her the key of the school room at the end of the journey and returned to McArthur with it in his pocket. A messenger was compelled to follow the gallant to regain the key, and the children enjoyed a half holiday. Young men who wish to make themselves useful to school mistresses should take warning.

Matrimonial.

Mr. L. D. Martin left home yesterday in a matrimonial vein. Miss Fannie Brown, of Bainbridge, is to be the happy woman, and 8:30 this evening is the hour set for the seremony. They will make a short wedding trip, taking in Washington City on their route.

Rumor has it that Capt. Will. Rannell has a project of the same kind on hand for next week, the bride to be a young lady in Nelsonville.

OWEN GALLIGHER, a simple-minded man, who lived in Wilkesville township, was struck by the mail train east, near Richland Furnace, on Tuesday, and killed instantly. He was seen walking along the track by the engineer, and upon sound of the whistle stepped off, but was struck by some part of the passing train, and his brains dashed out.

WALTER C. HOOD, State Librarian, spent last Sabbath in McArthur, and is looking and feeling well. He may be expected to be present at the Editorial Reunion, June 11th and 12th. His son, William has been visiting his relatives, Messrs. Payne and Davis, for a week or two past and started home yesterday.

At the last examination of teachers, the following named persons received certificates: For 18 months—Sallie Harden. For 12 months—Margaret Geer and Eliza S. Cassida. For 6 months—William Shriner, Mary Sullivan and Maggie Huggins. L. O. PERDUE, Clerk.

The other day, while working in his garden, Dr. Rannell found an old English sovereign of the reign of King James, dated 1689. The coin had evidently laid there for many years, and probably would have a most interesting history if it was known.

GEORGE DOAN, now of Springfield, Ohio, was visiting McArthur this week.

A Victim to the Arkansas In-broigths.

The following dispatches to the Cincinnati Gazette detail the killing of Mr. Frank H. Timms, a young man twenty-four years of age, who was visiting relatives here not long since. The deceased was a young man of character, had been a member of the Presbyterian church for several years, and was greatly beloved by relatives and many friends.—He was a son of the late Capt. James Timms, and a nephew of Richard Timms, of McArthur Station:

LITTLE ROCK, Ark., May 8th, 12 M.—Gov. Baxter had detailed 25 or 30 young men of Little Rock, to go up the river and intercept and capture if possible 160 stand of arms that were coming down the river for Brook's forces. When about 20 miles above the city, Brook's troops arrived there before the Hallie got into position, and as the boat came along they fired on her. Most of Lieut. Welsh's men were on the hurricane roof at this time, and got down below as soon as possible. As they did so, Frank Timms, a prominent young man of this city, was killed.

3 O'CLOCK P. M. The body of young Frank Timms who was killed on the steamer Hallie this morning is now lying in state at the chapel of the Presbyterian church.

In the short engagement was Mr. Frank Timms, a wealthy and highly esteemed son of a widowed mother, he being shot through the head by a ball from a Springfield rifle, in the hands of one of the Brook's forces. His body was taken off the boat soon after its arrival and laid out in the Presbyterian church, and will be buried to-morrow by the Knights of Pythias, of which order he was an honored member. He was very popular and the only aid of a widowed mother.

MAT SLOSSER was tladly cut on Monday afternoon, by Ephraim Frazee, the knife entering the left lung and making a dangerous wound. The altercation grew out of the refusal of Slosser to sell whisky to Frazee.

The alarm of fire on Tuesday morning was occasioned by the burning of a hole in the roof of the McArthur House.—Fortunately it was discovered and extinguished before any damage was done.

The ore teams are commencing their Spring and Summer campaign. The view now being worked on Mrs. Da kle's place is from three to six feet thick of the finest limestone ore.

MR. KIRKPATRICK has resigned his position as Superintendent of the G. M. & C. R. R., it is understood for the purpose of working up a road on the old Farmers' and Miners' route.

JOHN MEADE who lived near Vinton Station was killed on the railroad at Dundas, Sunday night. It is reported that the accident happened through the drunkenness of the deceased.

The public school examinations commence next Friday, and will continue during Saturday and the week following. Parents and the public generally are invited to attend.

MISS ALICE MERRITT, formerly of our town, is here on a short visit to her uncle, Mr. George W. Sisson.

WM. H. TOLLEY, of Jackson, Ohio, was found drowned in the Ohio River, at Cincinnati, on Tuesday.

Court is in session. We will give full report of proceedings next week.

The Captain of the steamer Clarksville has been held in \$7,000 bail at Memphis to answer for cruel treatment of a young Hebrew passenger.

In the editorial columns of the "Herald of Gospel Liberty" we notice the following well deserved compliment paid a Cincinnati music house, and a well known instrument which may be of interest to some of our readers. We therefore, give it below:

"There is one fact alone concerning this premium which would establish its genuineness and superior merit. That fact is this, that in offering our musical premiums we are determined to purchase only of the largest, first-class, and best known music house in this entire portion of the West. We refer to the establishment of D. H. Baldwin & Co., 158 W. 4th St., Cincinnati, with which we have been personally acquainted for many years. No instrument is sent from this store but what is warranted in all points of a first-class instrument both in mechanism, durability and quality of tone.

The Valley Gem Piano is an instrument that has been fully tested, and is held in the highest estimation by the most competent judges. We have been acquainted with the instrument for a number of years, having heard it in parlors, in stores, in concert halls at county and State fairs, and at the great Exposition at Cincinnati. Making it a point to offer no premiums but such as will give satisfaction to those who procure them, we are proud to put into our list the "Valley Gem" Piano. This instrument is procured of the above named house, and we warrant it as being all that is recommended, all that our friends will desire to find it, and such as will be a credit to our paper wherever it may be purchased, and in whatever neighborhood its beautiful notes may be heard."
