WINS PRESIDENT'S MEDAL AT STATE

Fayette County Student Works in College Fraternity House to Pay Expenses

Special to the Telegraph
State College, Pa., March 6.—James A. Sallada, of Kelleysville, Forest county, Pa., has been awarded the president's medal for excellence in scholarship at the Pennsylvania State College during the first semester of the present college year. He had the highest average grade at the midyear examinations, surpassing the best marks made by any other of the three thousand students at Penn State. Sallada came to college last September with only three years' preparation in the high school of his home town. He was compelled to withdraw from the public schools to support his widowed mother, and after working three years he saved money enough to enable him to start his college course. Since coming to the State College he has joined the ranks of self-supporting students, hundreds of whom are enrolled there. Sallada attends the furnace in a private residence to earn his room rent, and waits on a table in a fraternity house for his meals.

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish, or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When the little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful to-day saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."
