So Run Down She Took Cold Often

Mrs. Fields Praises Tanlac; Thinks It Fine Tonic For Run Down System

DID HER MUCH GOOD
I certainly owe a debt of gratitude to Tanlac," says Mrs. Susan Fields, of 48 Furnace street, Steelton, Pa., "for it has helped me wonderfully and brought me back to health and happiness so quickly that it is hardly believable. I guess my son must have had his eye on me, for one day not so long ago he brought me home a bottle of Tanlac and persuaded me to start taking it. I did it just to please him, but, my goodness, it helped me so much that I just kept right on with it and now I can truthfully say that it has freed me from all my afflictions. My headaches are all gone, I feel bright and happy, and I have a splendid appetite. My whole system has been built up by this splendid tonic. I certainly think that every one who is run down should take it." Tanlac is now being introduced here at Gorgas' Drug Store.

TO BUY DEER FOR PRESERVES

State Game Commission to Increase Number of Animals During Winter

Arrangements are being made by the State Game Commission for the purchase of a number of deer to be distributed among the state's score or more of game preserves this fall. An increase in the deer on the state preserves and in the forests of the state has been reported and it is now the plan to have the animals placed in some of the new preserves and in counties which have not had deer and have arranged for closed seasons for such hunting. The deer will likely be purchased in other states and will be liberated when the season is good. These experiments have been tried with success in many parts of the state. One of the new preserves which will get some deer will probably be that near Lykens, which was surrounded by wire and placards this year. Quail will also be put on this and other central tracts. To Entrain 892.—Entrainment of 892 colored men to begin general military training at Camp Lee starts

in Pennsylvania to-day. These men have been drawn from practically the whole of the movement. The men will be finished to-morrow night. Every board in the state is getting men ready for the movement of 10,000 white men to Camp Lee next week, according to reports coming here. The men to be registered on Saturday will be classified as soon as possible Saturday. Some of them will go to Camp Meade, Greenleaf or Dix next month. Jobs Begging.—Capitol Hill jobs of a possible Saturday. Some of them are being taken in the force of men in charge of care of the capitol and other departments have places without men. This is due mainly to the salaries and wages paid on government construction work and in industries hereabouts. Feeds Are Wanted.—The State Department of Agriculture has asked the thousands of poultry raisers in Pennsylvania and the men who deal in supplies for domestic fowls to report to the offices of the department chicken feeds which contain adulteration. Many instances of weed seeds, ground hulls and the like have been found and in some cases the feeds were so adulterated as to be expensive frauds. Samples of feeds are being taken in a score of counties. The Country Jitney.—The Public Service Commission has listed for consideration next month a number of applications for jitney certificates from rural districts, the increase in number of which has been marked recently, and which are believed to be replacing stage lines. Sections of country which have no railroads or trolley lines are covered by the routes of these auto bus lines, some of which run two and three automobiles and do a thriving business on Saturdays especially. They are nearly all running to stations near market towns. Object to Tracks.—The borough of Hyndman to-day entered a complaint before the Public Service Commission that since the order of the Railroad Administration establishing the Pennsylvania Railroad station as the sole station at that place the dangers attending the crossing of the Baltimore and Ohio tracks to reach the Pennsylvania station are increased. The state is asked to secure some relief. Can Build Lines.—The Public Service Commission to-day issued an order giving the Lehigh Valley Transit Company right to lay a number of tracks in the city of Bethlehem as a war emergency measure, at the request of the government. Capitol Visitors.—Visitors to the Capitol to-day included: Referee T. C. Seidle, Reading; Congressman William J. Hulings, Oil City, and George Patterson, Blair county attorney. To Attend Convention.—Dairy and Food Commissioner James Foust will leave the end of the week for Chicago to attend the convention of the national dairy, food and drug officials of whose association he is president. To Establish Certain Stops.—The Public Service Commission to-day issued nine orders on the Pittsburgh Railway Company, to establish certain stops. This is part of the general plan to improve service in the Pittsburgh district by skirting the city. Hundreds of stops enumerated in the order, which is the third of the kind to be issued. Inquiry Into the Cause of Infantile Paralysis.—The State health inspectors have been detailed to go to the Cumberland Valley to make an inquiry into the reports of infantile paralysis in Franklin county. This is the first outbreak of any size in months.

WARNING!
Don't Be Swindled Out of Your Liberty Bond
If anyone tries to trade you out of your LIBERTY Bond
Don't Trade
If tempted to consider a trade, take the trader to the NEAREST BANK and ask the BANKER to check the value of the thing offered.
If you absolutely must have the money, your bond can always be sold for cash in the open market and the daily papers will tell you what it is worth.
Keep your bond until the end of the war. Go without something you need rather than sell it. Your bond is your substitute on the fighting front. To part with it takes YOU out of the fight.
Instead of selling the Bond you own buy another one to keep the first one company.
LIBERTY BONDS are the best security on earth today.
They are the PROMISE of the United States Government to pay you interest twice a year and to pay the face value of the bonds when due. Their safety is the reason they carry a low rate of interest. Detach each coupon on the date it bears, take it to a bank and deposit it to your account, or draw the cash value.
Register your bonds, and keep them where they cannot be lost, stolen or destroyed. Go to a bank for information—many banks offer facilities for safe-keeping of bonds. To lose an unregistered bond is the same as to lose that amount of money.
