Moving a total of 23,516 carts within a seventy-two-hour period is the record of freight movement over the Middle Division since midnight, Saturdoay, and continuing until midnight Tuesday, a total of ever 7,600 being moved daily.

Clerks Expecting to Hear of Raise Soon

Scores of Pennsy clerks in various

Scores of Pennsy clerks in various offices of the company in this city and other points are patiently awaiting the announcement concerning the expected adjustment in their carnings, which was supposedly to have been made September 15.

Rumors and reports are heard daily by the employes, but as yet nothing of a definite nature has been received. Officials have been making visits to Philadelphia headquarters, it is stated, in connection with the matter, during the last month. Clerks are hopping to be rated from \$113 to \$150 for twenty-six days' work, on an eight-hour basis, and time and half time for working on Sunday, holidays and overtime. They expect the raise to be dated from January I, this year, it is stated; but conditions of the anticipated increase have not been hinted at and increase have not been hinted at and all thus far is merely conjecture.
