

AMERICA WILL LISTEN ONLY TO VOICE OF HUMANITY FOR WORLD PEACE, PRESIDENT MAKES PLAIN

Wilson Refers to Combination in Defeating War MUST TAKE IN ALL NATIONS Common Devotion to the Right Only Way

Manchester, Eng., Dec. 30.—America is not interested in European politics, but she is interested in a partnership of right between America and Europe, declared President Wilson in receiving the freedom of the city of Manchester at the Free Trade Hall here to-day.

Wants World Combination "If the future had nothing for us but a new attempt to keep the world at the right poise by a balance of power," the President said, "the United States would take no interest in it, because she will join no combination of power which is not a combination of us all."

There was a feeling of cordial fraternity and friendship between America and Great Britain, declared the President, which was based on the principle of friendship and patriotism that led men to give more than was demanded. The partnership of interests which had attempted the government of the world had broken down, he said, as interest did not bind men together but separated them, common devotion to the right was the only thing, he insisted, that could bind men together.

Voices of Humanity Calls In the settlement which is just ahead something more difficult than was ever attempted before had to be accomplished—a genuine concert of mind and purpose, the President said, but a keen international conscientiousness would make it easy. There is a great voice of humanity abroad in the world, "which he who cannot hear is deaf," he added.

"We are not obeying the mandate of parties or politics," the President continued, "we are obeying the mandate of humanity. If the world is to remain a body of friends, he said, there must be an easy and constant method of conference so that troubles which be taken when they were little and not allowed to grow until they were big.

MUMMERS AGREE NOT TO PARADE NEW YEAR'S DAY

Annual Pageant Abandoned For Want of Prizes For the Marchers BIG CROWDS EXPECTED Streets to Have Holiday Appearance on Eve of Holiday

Without its mummers' pageant, Harrisburg will feel as if New Year's Day 1919 is not a holiday. Walter L. Montgomery, chairman of the financial committee for the mummers, said to-day for the second time in many years there will be no general mummery parade to welcome the year next Wednesday. The Chamber of Commerce decided this year not to appropriate any money for the purpose and the clubs will not march unless prizes are offered. Of course, the city will have other celebrations, flag-raising, open house at Y. M. C. A., exercises in the churches, the distribution of good cheer by charitable organizations and the paying of New Year visits, but the celebration which has made this city known far and wide as a carnival city will be sadly missed.

Big Crowds Expected But the "shooters" are not to be kept entirely out of sight, says Mr. Montgomery. It will take more than lack of appropriation, however, to prevent the New Year from being greeted by the crowds on the streets. The celebration which has made this city known far and wide as a carnival city will be sadly missed.
