THE VALUE OF CHARCOAL.

Few People Know How Useful It Is In Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfect-ant and purifier in nature, but few realize when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of

Charcoal sweetens the breath after smoking, drinking or after eating onlons smoking, drinking or after eating officials and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the

poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money, is in Stuart's Charcoal Lozenges: they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of learning testing lozenges, the ison of catarrh. arge, pleasant tastilg lozenges, the charcoal being mixed with honey. The daily use of these lozenges will

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels and to clear the complexion, and purify the breath, mouth and throat; I also believe the liver is greatly benefitted by

the breath, mouth and throat; I also be-lieve the liver is greatly benefitted by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Loz-

DICK WRAY HELD NO BOND ALLOWED

JUDGE DAN A. GREENE, IN A LENGTHY DECISION, STATES THERE IS PROBABLE CAUSE TO BELIEVE PRISONER GUILTY.

After devoting the entire day to hearing testimony and argument for the prosecution and the defense, in the habeas corpus proceedings brought on behalf of Dick Wray, charged with the murder of George Freeman, Judge Dan A. Greene, to the board at 2 o'clock in the after- in the first division of the criminal court, yesterday afternoon remanded Wray to Each of the bids was studied in detail the county jail to await the action of by the members of the board and finally, the grand jury, without the benefit of

The courtroom was crowded through out the day with persons eager to hear the testimony. It was believed that the state would go further than it had yet Warrier River Bridge-Charlotte Bridge | done to show what evidence was in its Birmingham, commissioner under the act Bridge company, \$16,500; American Bridge sons than have yet attended any of the several hearings of the matter.

There was little new testimony adduced, however. Several new witnesses were placed on the stand to tell what they knew, particularly relative to the friendly relations which are said to have existed between Wray and Freeman and the own ership of the pistol. None of them gave any testimony that had any important bearing on the matter, however.

Solicitor Heflin represented the state at the hearing, while Attorney B. M. Allen was present on behalf of the prisoner, with Attorney John T. Shugart and Curt Shugart. Wray's mother, sister and brother, with Mrs. Wray, were in the courtroom.

At the conclusion of the argument, Judge Greene announced that there was the action did not drag so perceptibly no reason to act in this case different from in others. The law was plain on the questions involved, demanding only that a reasonable belief in the guilt of the prisoner should be shown.

"The committing magistrate, when given the two theories of the occurrence, must also more evenly rendered, so far as remand the prisoner to jail, and allow a jury to decide as to the credibility of the several witnesses," said Judge Greene.

"The testimony offered here shows that a homicide has been committed. The theories of the defendant as to the manner in which the shot was fired may easily be true, but the state has also shown a theory explaining the killing of the deceased. The preponderance of the testimony point to the fact that the prisoner at the bar fired the fatal shot, and he is remanded to the county jail without the benefit of bail, to await the action of the grand jury."

CRACKSMEN CARRY OFF \$115 IN CASH

C. M. PARRISH'S SAFE AT BARTON-VILLE BLOWN OPEN FRIDAY NIGHT-DEPUTY SHERIFFS ARE AFTER THE BURGLARS.

The safe in the store of C. M. Parrish at Bartonville, near Boyles, was blown open and robbed Friday night, and burglars. The sheriff's office was notified early yesterday morning and several men were at once put to work on the case "It looks as if the work was done by professional safe blowers," said Chief

Deputy Stradford last night. "It was a neat job, and there was every mark of the regular safecracker to be found around the room. We have reason to be lieve that two white men did the work, and that they went toward Gadsden on the accommodation train this morning after the robbery. We are right after them, and are doing everything possible

to capture them."
This is the second safe in that vicinity to be robbed in the last three weeks, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

Ity to be robbed in the last three weeks, although the robbers in the first instance obtained nothing for their trouble, It is believed the men who robbed Parrish's safe were in Birmingham and went up to Bartonville Friday afternoop
