

CANCER VICTIMS SHOW IMPROVEMENT

New Serum From Rabbit Seems to Be Effective Treatment

Boston, May 10.—A marked improvement has been noted in the condition of 50 cancer victims at the Massachusetts Homeopathic hospital, who have been inoculated with the rabbit serum recently discovered by Dr. Howard W. Newell of Boston university. That is the substance of an announcement made tonight by a committee of five physicians connected with the Evans memorial department of clinical research at the hospital.

Within 48 to 96 hours after the first inoculation, says the report, all the patients were made so comfortable that opiates have been dispensed with. While some of the patients have shown a gain in weight, Dr. Newell said that sufficient time has not elapsed to draw conclusions. He does not advise any one to take his treatment where surgery is possible and, with his fellow physicians, recommends "that at least a year should pass before definite statements may well be made."

Dr. Newell admitted today for the first time that he had apparently "cured" many rabbits of cancer grown from his virus obtained from human

ligament growths. Previously he had announced his success in immunizing rabbits. He disclaims, however, that he has a cure for "the world's second greatest scourge."

"In all except one of the cases under treatment or observation as yet," said Dr. Newell, "it is impossible to say any direct action has been made upon the size of the growth so far as reducing that size is concerned. On the other hand, there is no increase in the size. In the one exception the growth has lessened but this must not be taken as an indication that the reduction is the result of the treatment. Not enough time has elapsed to draw such a conclusion."

"As soon as I am able to demonstrate that I can stop the growth then I shall know that my material is having a direct effect upon the condition and with the improved health that would follow can combat and keep the growth at least in a dormant state."

Answering questions from physicians, the committee announced that a few cases would be received for treatment, but for the present no "hopeless cases with extensive involvement of important organs" would be considered.

SKELTON OPENS HAT STORE

F. T. Skelton, who for many years has been associated with the local jewelry trade, has opened a hat store next door to J. R. Brown's cigar store, Second and Twentieth streets. Mr. Skelton states that this new venture is certain to prove a success as he has been fortunate enough to secure a superb line of hats, which he can sell at \$2. This will be the uniform price at which all Skelton hats will be sold, and, judging from the display of headgear now on his shelves, it seems "would be foolish to pay more."

make it too sticky, so insist you want "Wyeth's" then there will be no disappointment.

You just dampen a sponge or soft brush with "Wyeth's Sage and Sulphur" and draw it through your hair, taking one small strand at a time. Do this at night and by morning all gray hair disappears and after another application or two becomes beautifully darkened and more glossy and luxuriant than ever. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace is a sign of old age and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and you'll look years younger. Inquiry shows all pharmacists in town here sell lots of it. Agent, Collier Drug Co.

There are 23 years of successful business experience back of our GUARANTEED DENTAL WORK

Dr. E. G. Griffin's Alabama Dental Rooms

109 1-2 N. 20th St. Over Collier's
Phone 6661—Hours 8-6. Sundays 9-1

Our plates are made by experts of wide experience, and their fit and wearing qualities are GUARANTEED. Delivered same day.

Sharing with six other well patronized offices in the purchase of the best materials in large quantities for cash, the ALABAMA DENTAL ROOMS are equipped to furnish you highest class work at most reasonable prices.

Crown and bridge work can be done properly only by experts. We give careful attention to each individual case and insure you the best results.

Our reputation, built through 23 years, rests upon the substantial foundation of satisfied patients.

Examination and Consultation—FREE!

ARRANGING PRELIMINARIES LAND CONGRESS PROGRAMME

The farm movement committee of the Birmingham Chamber of Commerce is now having its final say in the work of arranging in making the next meeting of the Alabama land congress a memorable one. The chairman, Joseph O. Thompson, is taking a deep interest in the meeting and is working in close touch with the management of the land congress in arranging the preliminary programme and delegates to compose the gathering.

During the past week letters have been sent to the probate judge of every county in the state authorizing them to appoint 25 delegates from among the principal land owners and farmers of their respective counties, and these names will be taken up individually and the importance of the meeting urged on each to secure attendance. Every newspaper in Alabama has also been sent a copy of the resolutions recently passed by the farm movement committee, asking them to keep the objects of the land congress prominently before their readers.

The probate judges are requested to forward the names of the appointed county delegates to their respective newspapers for publication. Every commercial body

in the state will be urged to send from 10 to 20 delegates, according to the membership of each, while each bank in Alabama will be invited to send one representative.

The delegates will number about 2500, and the bars will be left down to all who may be interested in the plans and purposes of the congress.

There is one other feature that will meet the views of those who are clamorous for "immigrants" to be brought into Alabama, and that is the presidents of every railroad system operating in Alabama will be urged to attend and participate in the meeting, together with the heads of their respective and an industrial departments, who will be instructed to present data as to what they are doing and have done toward turning that tide of immigration that has been going from the northwest into Canada into Alabama and the south.

The Alabama congressional delegation will be invited to attend and aid in making the meeting a success. They will be brought into closer touch with that new spirit of development that the land congress was organized to promote.

Montgomery and Mobile have signified their intention of co-operating and every city and town in Alabama will be placed in the line of development, what this meeting will mean for the state.

MANY THEFTS REPORTED

The burglars and the petty thieves were unusually active last night. The following thefts were reported:

The Sutton Candy company, 1708 Third avenue, one small automobile tire, in Cravetz, 2123 Fifth avenue, two people dogs. He offered as a reward for the recovery of his valuable dogs one small puppy.

The home of W. R. Reedy, 1007 North Twenty-fourth street, was burglarized and a lot of wearing apparel, also a gold watch and several pieces of jewelry were taken.

MINING TOWN IS ALMOST WIPED OUT

Explosion of Dynamite in Uniontown, Pa., Causes Great Disaster

Uniontown, Pa., May 10.—The explosion of 500 sticks of dynamite in the magazine of the Sunshine Coal and Coke company's mine No. 1, three miles from Masontown, Pa., at 1 o'clock today practically wiped out the little mining settlement, killed three men and injured 40 persons, 20 of them seriously. The cause of the explosion is not known.

Of the dead only one has been identified. His name is given as Harry Bossa. His head was blown off. The other two men were in the magazine when it exploded and were blown to pieces.

The general store, the residence of Francis Rocks, an official of the company and 25 small dwellings were made uninhabitable, and tonight the residents were forced to move to another mining settlement.

It is said that the body of Bossa was thrown 200 yards. Mrs. Ella Barnhart, who is blind, was blown across a room and was found beneath a pile of debris.

There were freight cars near the magazine, one of which was loaded with dynamite. According to reports received in Uniontown this afternoon the cars were blown through the general store. Later it was ascertained that the roof was blown off one car and the others were hurled from their trucks.

Physicians were sent to the settlement from Masontown and gave medical attention to those who were not brought to the hospital in this city.

Underwood Discusses Probable Effect of Tariff Revision Bill

(Continued from Page One)

ban one of 12 cents a ton is eliminated and the independent furnaces along the eastern seaboard will save 25 cents a ton in the production of pig iron. This reduction cannot seriously affect the Birmingham district and at the same time it is just to the eastern producer, as his furnaces are located at the point of highest competition.

Regarding Free Coal

STEEL CORPORATION MAKES ITS REPORT

New York, May 10.—The unfilled tonnage April 30 totals 4,978,762 tons, a decrease of 490,140 tons over March of the United States Steel corporation.

This marks the fourth consecutive monthly decrease this year and was more by 300,000 than had been generally estimated.

Negroes Arrested on Gambling Charge

Fourteen negroes were arrested last night by Detectives Darnell and Warren and lodged in the city jail on a charge of gaming. The negroes were caught in two raids, one at Twenty-second street and Alley E and another at Twenty-third street and Avenue D.

Automobile Hits Street Car

An automobile driven by J. E. Hood, a wholesale grocer, ran into a South Endway car yesterday afternoon about 12:20 o'clock at Eleventh street and Third avenue. No one was hurt by the accident, but the machine of Mr. Hood was badly damaged.
