

## TONE OF STOCKS CLOSES HEAVY

### Sudden Weakness in New York Central Causes a General Slump

New York, February 9.—Stocks were inclined to make further upward progress early in today's session, but sudden weakness in New York Central, which declined 44 points, soon caused general unsettlement, the list closing with a heavy tone and numerous net losses. Central's precipitate decline was associated with a large issue of \$100,000,000 bonds at 100.

In any development which should tend to the advantage of the sentiment, was a further break in expectation to the lowest quotation. No recognition of 1917. The decline was asked for in this country promised the foreign governments now region under daily Germany's gold would be shown came into consideration. While record for marks, no comment, reported the removal of a higher price than before, but receded on realizing sales.

Canadian Pacific made a better showing than any of the other high priced railway shares, although it relinquished all the two point gain made at the outset. International as a whole moved within fractional limits, receiving little support in the London market where trading proceeded cautiously. Recoupment of the Amsterdam exchange was regarded as another channel for liquidation of German owned securities.

Local money conditions were unchanged, but a slight hardening of the rate for long time accommodations was manifested. Interior banks bought modestly of mercantile paper. Bonds were easier except certain minor issues which showed gains. On the curb there was active trading in the proposed New York Central 6's at between 103 and 104. Total sales of bonds, par value, aggregated \$2,152,000.

United States registered 2's declined 3/4 per cent and the coupon 2's 3/8 per cent on call.
