DISTRICT NO. 4.		
Grace Croddock, Anniston, Ala.	3,149	
Augusta Bryant, Anniston, Ala.	3,207	
Lela Bradford, Springdale, Ala.	3,379	
Gayle Watts, Tuscaloosa, Ala.	2,992	
Marie Echols, Gadsden, Ala.	2,999	
DISTRICT NO. 5.		
Willie May Perkins, Marion, Ala.	3,595	
Lena Barber, Marion, Ala.	3,670	
Jean Lebert, Bessemer, Ala.	3,832	
Louise Lochler, Townley, Ala.	2,609	

Over 100 Lives Are Snuffed Out in Terrific Hurricane Which Sweeps Texas Coast

(Continued from Page One)

Galveston, due to the adamant resistance of the sea wall, has sustained comparatively small loss in destruction of property and but six deaths have been thus far reported.

The great granite structure erected after the calamity of 1900 grimly met and conquered the raging seas of the gulf and held them back defiantly whence they came. Our citizenship is buoyant cheerful because of the demonstrated impregnability of their protective works in this, the supreme test of the effectiveness of their citizenship.

Galveston's citizenship send greetings to the world and assures friends everywhere of a sincere pledge to strive diligently to attain that superior success which last night's victory promised for the community. Signatures: "Lewis Fisher, mayor.

"Morris Stern, president Commercial association.

"H. Kempner, president Cotton exchange.

"S. Schovitch, vice president Maritime association.

"I. M. Barb, president labor council.

"W. P. Hammersmith, vice president Merchants' association.

"G. W. Griggs, editor Galveston News."

Galveston Damaged \$3,000,000

Capt. D. E. Dujay of the government tug Gertrude, which reached Houston from Galveston today, estimated the property damage at Galveston at approximately \$3,000,000. The tug left Galveston at 8 o'clock this morning.

Galveston harbor, when the storm struck that city, Captain Dujay said, and practically all of the smaller craft was wrecked or damaged and many of the larger vessels beached. He reported an interned Austrian cruiser which rescued 90 persons from Red Fish reef.

The buildings destroyed are the plant of the Armour Packing company, a large cotton warehouse and a pier. Captain Dujay said, and when the Gertrude left Galveston another fire had started in a printing establishment at Meacham and Twenty-fourth streets.

Martial law was proclaimed at Galveston Monday night, four companies of United States infantry patrolling the city. It was reported that 20 negroes, caught looting stores, had been shot, but this report could not be confirmed.

In the streets of Galveston, said, was higher being six to eight feet in the business section. Most of the big hotels, storehouses and elevators on sea wall front, sustained serious damage, but stocks of merchandise everywhere were water-soaked.

While no general appeal for aid had been issued, Mayor Fisher has issued a statement that Galveston needs flour, fresh meat, other foodstuffs and fresh water.

The only communication with Galveston tonight is by boat, and it is believed several days will have elapsed before wire communication is restored.

Houston is recovering from the damage. All along the ship channel, between that city and Galveston, wreckage is seen. Plans are being made to send food and water from Houston to Galveston.

500 Houses Crushed

Galveston, August 18.—(By courier to Houston and railway wire to Dallas.) Storm swept and battered, with a loss of only 14 lives, Galveston, fortified by its enormous sea wall, today emerged victorious from one of the most severe storms known in the history of the Gulf of Mexico. However, about 500 houses have been crushed and the island is covered with debris. Four of the dead are United States soldiers and 10 civilians.

The 14 persons lost their lives in an attempt to reach the Tremont hotel during the height of the storm. Several thousand persons were quartered in that hotel.

One thousand feet of the sea wall has been washed out, one breach of 25 feet being directly in front of the Galveston hotel. It was through this break that most of the residence section of the city was flooded.

Three times a raging Monday night and the fire loss has been great.

Three bathhouses and 400 residences on the bay front were crushed and the wreckage is floating in the bay. The water made a clean sweep along the boulevard.

The storm reached its height at 3 o'clock Tuesday morning, when its velocity was 92 miles an hour.

The greatest need here today is water. Martial law has been declared. The mayor today issued a statement that outside aid will not be needed.

Deaths and Funerals

John S. Clancy

Information reached Birmingham yesterday of the death of John S. Clancy at the North Louisiana sanitarium at Shreveport, La. Sunday morning. Interment was made at Greenwood cemetery there Monday afternoon. Mr. Clancy was 56 years old and was editor and proprietor of the Leesville Toller of Leesville, La. He was one of the best known of the old time printers of the south, and had served as foreman on the Chattanooga Times, The Birmingham Age-Herald and New Orleans States. A child was born to Mr. and Mrs. Clancy on the night of Mr. Clancy's death.

GOLDEN WEDDING ANNIVERSARY OF COUPLE OBSERVED

Mr. and Mrs. James Hillhouse Entertain at Home in North Birmingham

EFFECTIVE SPEECH BY MR. HILLHOUSE

Pays Beautiful Tribute to His Wife. Advises All Bachelors Present to Get Married—Number of Hand-some Gifts Are Received

Surrounded by their children, their children's children, their relatives and friends, Mr. and Mrs. James Hillhouse celebrated the fiftieth anniversary of their wedding last night at their home in North Birmingham. It was a most delightful and happy affair and every one present with each other in paying tributes of affection and respect to the grand old couple who for half a century have successfully met life's countless problems and lived a long, happy and useful life.

Mr. and Mrs. Hillhouse were the recipients of many beautiful and appropriate presents, tokens of affection from their children and tributes of esteem from their friends. Among them was a handsome golden locket, the gift of two of the bachelor friends of the hosts, in which is to be placed the miniatures of the photos of Mr. and Mrs. Hillhouse taken 50 years ago immediately following their wedding.

Miss T. M. Thomason rendered a number of violin selections, including some of Scott's famed songs, that were pleasing. Good cheer, good friends and good wishes all contributed to the pleasure of the occasion. The feature of the evening was the address of Mr. Hillhouse who, in his own simple, but heartfelt style, told the story of his 50 years of married life. He referred to the early struggles of his married life and the later successes, and recounted his life work in his chosen calling.

Pays Tribute to Wife

Mr. Hillhouse paid a beautiful tribute to his wife, who, he stated, had been his guiding star, his counselor and helpmate in his vicissitudes, as well as in his more prosperous days, and attributed much of his success in life to her every ready help and sympathy and encouragement. He also paid a high tribute to his children, stating that they had grown up to be a comfort to him and his wife in their declining years and had always been constant in their love and affection to him and his wife. He advised all the single men to marry, stating that while it increased a man's responsibilities, it also spurred him on to greater endeavor. At the close of his heartfelt talk, and every person present knew it was heartfelt, for it moved them at times to emotion, Mr. Hillhouse urged every one to have a good time and enter into the spirit of the occasion. And concluded by singing that most appropriate Scotch song, "A lanty we hoos, wi' riggin' o' thatch."

John McQueen, in response to a request, made a graceful talk, paying a fine tribute to the sterling worth of the couple, whose golden anniversary was being celebrated.

Among those present was Hugh Hillhouse, brother of the host, who was present at the wedding ceremony of those whose anniversary was being celebrated.

UNITED STATES ARMY CAMP DESTROYED AT TEXAS CITY

Washington, August 18.—Destruction of the United States army camp at Texas City by the great gulf storm, with a loss of 10 soldiers and a number of unidentified civilians, was reported to the war department today by Major General Bell, commanding the 8000 men of the second division stationed there.

At the time the report was sent by radio to Houston, General Bell said the troops had been so scattered in their flight to high ground before the rising waters of the flood that it was impossible to say whether more lives had been lost. All of the homes of the families of officers and enlisted men had been wiped away, but temporary shelter was being provided in the town proper for the women and children.

Late tonight General Bell telegraphed from Houston announcing his arrival there after an exciting trip overland. He said conditions at Texas City were gradually being restored to normal, but still was unable to announce definitely the number of lost. He was preparing to return to Texas City tonight and resume charge of the task of putting the command in order and aiding the civil authorities with their problems.

The general suggested that a transport, now at New York, be sent to the Gulf with supplies, to be used by the army, if not needed by civilian victims of the storm. No action has been taken so far by the department.

Colonel Waltz, commanding the Nineteenth Infantry at Galveston, reported to the war department tonight that on account of reports of considerable looting in the city the provost guard had been increased to protect government property and national banks. He said the storm was practically over and that the sea was receding.

EXEMPTION FIGHT WILL BE STAGED IN SENATE TODAY

Montgomery, August 18.—(Special.)—At a late hour tonight both sides are claiming victory in the exemption fight which will come up in the senate tomorrow morning.

The house, as is remembered, passed the revenue bill without disturbing the exemption features of the measure, though the contest waxed hard and strong for two days. The exemptionists won by a narrow margin.

In the senate, however, the contest will probably be closer. There are strong contenders on each side, and it is likely that the debate will be the most interesting of the present session in that branch of the legislature.

Senator John Lusk of Marshall, Senator Lewis of Macon, Senator Judge of Jefferson and other prominent members of the senate will vigorously oppose granting exemptions to corporations and industries beginning business in Alabama, while Senators Hartwell of Mobile, Butler of Tallapoosa, Wallace of Shelby, and others will contend for the granting of exemptions.

It is likely that the debate on the exemption features of the revenue bill will consume the greater part of the day. It is impossible to say at this time which side will win, though had the issue been fought out on the floor of the senate a week ago all of the exemption clauses of the bill would have undoubtedly been repealed.

Present indications are that the contest will be even, with hardly more than a few votes margin on either side.

NEWS OF ENSLEY

Many of the influential business men of Ensley are urging M. H. McDowell to enter the race for city commissioner. It is understood that Mr. McDowell will be considering the matter in the event the five-commissioner bill is passed by the legislature and has had the present race under advisement. Mr. McDowell stated yesterday that the matter was in the hands of his friends and that he had no formal announcement to make at this time.

Joe Fowler, negro, who killed his wife, Cora Fowler, Tuesday night, was arrested yesterday at Carbon Hill and is in the county jail on a charge of murder. After the fatal quarrel with his wife followed by her murder, Fowler made his escape. City detectives sent his description to the authorities of adjoining counties and his arrest followed. He will be given a preliminary hearing before Judge H. B. Abernethy of the municipal court.

Fincher to Browns

Little Rock, Ark., August 18.—(Special.) Bill Fincher became the property of the St. Louis Browns in the deal that sent Carl East to them. It became known today when Col. Bob Hodges announced the Browns' name among those of the recruit pitchers who will report to the Browns in the fall.

A. T. O.'s Meet

The Birmingham Alumni association of the A. T. O. fraternity met at the home of President L. P. Lettwith last night. Between 15 and 20 members enjoyed the social session.

PYTHIAN MEETING VERY SUCCESSFUL

Over 150 Delegates Present at Third District Convention—Meet in Blocton

One of the most successful conventions ever held in the Third Pythian district was that yesterday at North Birmingham, under the auspices of the local lodge Knights of Pythias. There were over 150 delegates and visitors present, and much business was transacted. Among the legislation indorsed was the movement to establish the peace tablet at the Pythian temple at Montgomery. At this convention the first donation to the proposed Pythian Widows and Orphans' Home was made, a voluntary contribution being taken up and a goodly sum realized.

Blocton was unanimously chosen as the next place of meeting, and the following officers elected: President, N. L. Wilson, Blocton; first vice president, Allen M. Holt, Birmingham; second vice president, C. D. Comstock, Pratt City; third vice president, Dr. F. M. James, East Lake; fourth vice president, R. W. Brown, North Birmingham; secretary and treasurer, D. E. McLendon, East Lake.

Among the features of the convention was the exemplification of the rank of page by the degree team of Ruhama lodge and that of the rank of knight by the team of the North Birmingham lodge. The work was both impressive and instructive.

Among the speakers officially announced was Dr. DeWitt Fawcett, who spoke of the history of the order, beginning with the story of Damon and Pythias, and bringing it down to the present time. It was a masterful address and full of historic interest. B. K. McMorris spoke on the great work that has been accomplished by the visiting committee and the banner contest, and Grand Chancellor Graham Perdue made an address on the "Fall Campaign" having reference to the peace tablet movement. Other speakers were Thomas Walker, H. M. Beck, C. D. Comstock, Roderick Beddow, and others.

A pleasant feature was the big basket dinner served at the North Birmingham park, which in the variety and choiceness of the viands supplied has never been surpassed in the district. The dinner was served by the local lodge.

Another No-Hit Game

Buffalo, N. Y., August 18.—Fred L. Beebe of the Buffalo Internationals, pitched a no-hit, no-run game here today against Montreal. Beebe once was a member of the Chicago Nationals.

Thrown to Ground When Autos Collide

Mrs. D. H. Long of Lynn was painfully though not seriously injured yesterday morning at 9 o'clock, when the automobile in which she was riding with her husband, collided with a jitney driven by E. E. Webb at Powell avenue and Twentieth street.

According to a report issued at police headquarters, Long was about to turn into Powell avenue on Twentieth street when the jitney driven by Webb collided with the Long machine. The impact of the collision threw Mrs. Long to the ground. She was bruised about the body and face. Both machines were badly damaged. The drivers of the automobiles were put under bond and will be tried this morning in the recorder's court.
