The rooms were crowded with the beauty and elite of Nashville, and everything went off to the entire satisfaction of every one present. It was thought for a time that the enterprise might prove a failure, but last night proved conclusively that it was snything else. The exhibition will be contiqued through the week.

THEATIE -List night when we left the Mechanies' Exhibition, we thought everybody was there, but on going to the Theatre, we came to the conclusion that if we had gone there first, we should have thought everybody was there. It was decidedly the best night of the season, being the benefit of Miss WYLTE. We thought the tilent she possomes could not long remain unrewarded, and judgfrom the house last night we were not far from right. We did not stop long, but thought that both Miss WYETTS and Mr. MORTIMER were outdoing themselves, which is praise enough. We are glad to see that Miss Wyerrs is re-engaged and appears to-night as Juliet,

These celebrated Speciacles are made of Brazilian Sand,
and known under the name of Brazilian Pebbles, and constructed in accordance with the philosophy of nature, in the peculiar form of a concave-convex mirror, admirably adapted to the ergan of sight, and can be used by the old and the young to pursue the most minute employment, either by day or candle light, with perfect case, and never cause that gradiness of the head or unpleasant sensation to the eyes, that many experience from using the common kind, but tend to strengthen and improve the sight, as will be seen by the following testimonials from those using them.

Office hours from 8 a. m te 5 p. m. TESTIMONIALS.

Mr J. H. Semmons—Sir: The use I have made of the pair of Glasses obtained from you, satisfies me of the utility and raise of the form and material by which they are distinguished. Without magnifying the object beyond the size apparent to the natural vision, they render it distinct and every without hatgoe to the eve.

So far as my limited experience without So far as my limited experience extends, I am very much

pleased with them.

Very respect ully, your ob't serv't.

From Hon. George D. Prentice, Editor Louisville Journal. * * * Undoubtedly they are the best Spectacles in the world. The continuous use of them for any number of hours does not fatigue the eyes in the least, and the vis in of age is rendered by them in all respects like that of

A. K. TAYLOR, M. D.,

Prof. Anat. Memphis Med. College.

I have examined and used myself Mr. J. H. Semmons' Brazilian l'ebble Spectacles, and fully concur in the opinion expressed above by Prof. A. K. Taylor, as to their su-periarity both in form and material, over the erdinary glas-ses, and recommend them to all persons requiring the use of spectacles.

But Observed.

From the Hon. David Dale Owen, U. S. Geologiat.

Naw Hansony, March 25, 1854.

Mr. J. H. Semmons.—Sir: Having examined your spectacies constructed of concave convex. Brazilian Pebbles, I take pleasure in testifying to their advantages over the or-dinary glass spectacles. Their superior hardness prevents them being defected by scratches; the peculiar manner is winch they are ground and polished, together with their transparence, obviates the strain usually experienced in wearing guesses, and their coolness especially recommends wearing gnoses, and taken the tritable eyes.

SPECIAL NOTICES.

Think it Unequalled .- The following letter is for to one of the oldest and most respectable wholesale drug houses in the city of Boston, men who speak from their own knowledge, in regard to the virtue of B. A. Fanne stock's Vermifuge: Mesers, B. A. Fahnestock & Co.

GENTLEMEN:-Having for many years sold your justly GENTLEMEN:—Having for many years sold your justly celebrated Vermifuge, we take pleasure in adding our testimony regarding its merits as an effectual remedy for worms. As a safe remedy for this disease in infants, children and adults, we think it unequalled. It has acquired for itself a pepularity and safe far beyond any similar preparation with which we are acquirited.

BEED, CUTLER & CO. Sold wholesale and retail by all the principal druggists and country merchants throughout the United States.

[Advertisement.] Constantly Increasing -The number of person physicians, merchants, and others who add their testimo ny to the good effects produced by Subler's Anodyne Cherry Expectorant and Diarrher Cordial, is constantly onthe increase. The num:s which can be adduced are those of persons well known and undoubted standing in the com minufty tor probity and veracity. Such teing the case, no one can for a mement 'refuse to use or administer these really excellent medicines. A great number of the best physicians in the United States have testified that they are "more reliable toan any other proprietary medicines with which we | they | are acquainted, in the diseases for which they are prescribed," If you have a Cough, or any disease of the throat or lungs, make a trial of the Expectorant, and mark the result. The Cordial may be taken with good effect in all diseases of the bowels. See descriptive pamphiets, to be had gratis of the agent. Price of such, only 50 cents, or six bottles for \$2 50.

[Advertisement] The Germans have produced some very excellent remedies for various diseases. Among which may be specified "Dr. Hoofland's Celebrated Bitters," for tale by C. M Jackson- and used with remarkable success in Liver Complaints, Jaundice, Dyspepsia, Nervous Debility, and a general derangement of the Stomach. The Sunday Dispatch says of this medicine : "We feel convinced, that in the use of the German Bitters the patient does not become debilitated, but constantly gains strength and vigor to the frame -a fact worthy of consideration The Bitters are pleasant in taste and in smell, and can be administered under any circumstances, to the most delicate stomach. Indeed they can be used by all persons with the most perfect safety. Is would be well for those who are much affected in the nervous system, to commence with one teaspoonful or less, and gradually increase. We speak from experience, and are, of course, a proper jud; e. The press, far and wide, have united in recommending the German Bitters, and to the afflicted we most cordially advise their use." See advertisement.

THE MOST WONDERFUL Discovery of the Age. This remarkable preparation contains no alcoholic samu-does not color the hair, but acts upon the secretions, and secretive organs, so as to supply the former with the necessary coloring matter, and upon the latter, so as to complete ly resters their impaired or lost functions. All this the roprietor has a right to say, for it has done all this for him. At the age of thirty-even be was as grey as the man of seventy, and his hair nearly all fallen off; but he

nos has an abundant crop, and no person would ever imagine that he ever had a grey hair; and his hair is as soft and plubble as though it had been recently cited. This is not an isolated case, it has done the same for many others, as the following certificates abundantly prove.

Sr. Paru, Jan 1, 1855.

Prof. O. J. Wood—Dear Sir: Unsoluted I send you this certificate. After being nearly bald for a long time, and having tried all the bar restoratives extant, and having no faith in any, I was induced, on bearing of yours, to give it a trial. I placed myself in the hands of a barber and had my head rubbed with a good stiff break, and the Restorative then applied and well rubbed in till the scalp was ait a glow. This I repeated every morning, and in three weeks the young bair appeared, and grew rapidly from Augustiast up to the present time, and is now black, thick and strong—soft and pleasant to the touch, whereas before it was harsh and wiry, what little there was of it, and that little was disappearing very rapidly. I still use your Kestorative about twice a week, and shall soon have a good and perfect crop of hair. Now I have read of these things - and who has not? - but have never hitherto seen any case in which any period's hair was ready benefited by aid of the hair tonics, &c., of the day; and it really gives me pleasure to record the result of my experience. I have recommended your preparation to others, and it already has a large and generel sale throughout the Tetri The people here saw its effects and have confidence All who have used it here will coincide with me in what I have written. The supply you sent us as the whole-ale agents of the Territory is already exhausted, and daily inquiries are made for it. You deserve credit for your discovery. I for one return you my thanks for the benefit i has done me, i.r.I certainly had despured long, long ago of ever effecting any such result. I congrutulate you that

your ferture (and a large one) is already made.
Yours, hastily,
Carlie, Ill., June 27, 1855.

I have used Prof. O. J. Wood's Hair Kestomure, and have admired its wonderful effect. My hair was becoming as I thought prematurely gray, but by the use of his Res-torative it has resumed its original color, and I have no doubt permanently so. >IDNEY BREESE, Ex-Senator United States BROOKFIRLD, Jan. 12, 1855.

Prof. Wood-Dear Sir: Having made trial of your Hait Restorative, it gives me pleasure to say that its effects has been excellent to removing inflammation, candruff and a constant tendency to iteling, with which I have been troubled from childhood, and has also restoted my hair, which was becoming gray, to its original color. I have used no other article, with anything like the same phassure and profit. Yourstruly, J. K. BRAGG. 114 Market Street, St Louis, Mo., March 8, 1855.

Dear Sir; I am doing an extensive travel in the West and South Western States, as a General agent for Adams' American Liniment, and would be glad it you would lavor Same business, and will be glad to hear from you soon.

My address is Paris, Tennessen.

Very respectfully,
