In linear, Asthma, Brenchitis, Spitting of Bicod and all other Lung Complaints tending to Consumption.

This preparation is getting into use all over our country. The numerous letters we receive from our various agents, informing us of cures effected in their immediate neighborhoods, warrant us in saying it is one of the best, if not the very best Cough Medicine now before the public.—It almost invariably relieves and not unfrequently cures the very worst cases. When all other Cough preparations have failed, this has relieved the patient, as Druggists, dealers in Medicines, and Physicians can testify. Ask the Agent in your nearest town, what has been his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you it is the best medicine extant. Below we give a few extracts from letters we have recoived lately rogarding the virtues of this medicine.

Dr. S. S. Oslin, of Knoxville, Gm., say:—I have been nowing your Liverwort and Tar very extensively in my practice for three years past, and, it is with pleasure 1 state my belief in its superiority over all other article with which I am acquainted, for which it is recommended.

Messrs. Fitzgerald & Brenners, writing from Wayneaville, C., says:—The Liverwort and Tar is becoming daily more popular in this country, and we think justly so. All who have tried it speak in commendable terms of it, and say it is very beneficial in alleviating the complaints to a superiority over a life to the public.—

The inverse field in the Lung Complaints to the condition.

The numerous letters we receive from our various agents, informing us of cures effected in their immediate terms of the best, if not the very worst cases. When all other Cough preparations in superiority over all other receive from our various agents. Information and the very worst cases.

Post of the superiority over all other receive from our various agents. The live wort and the very worst cases. When all other cough our various agents and the who have tried it speak in commendable terms of it, and say it is very beneficial in alleviating the complaints for which it is recommended.

Our Agent in Pickens District, S. C., Mr. S. R. McFall, assures us that he uses tiwith great benefit in his own family and recommends it to his neighbors." He gives an instance of a negro woman in his violnity, who had been suffering with disease of the Lungs for years, attended with sovers cough, who was relieved by the Liverwort and Tar.

Such are the good reports we hear of this Medicine from all parts of the South. For a report of the surprising cures it has performed in the Western and Northern and Eastern States, we would invite the suffering patient to read the pamphiet which accompanies each bottle. To all we say, have hope; he have tried it speak in commendable terms of it, and as

FARMERS AND STOCK RAISERS, FARMERS AND STOCK RAISERS,
I offer you a Corn and Cob Mill unsurpassed in the
Union, and which cannot be superceded by past or future
inventions. It is the very Mill which every Farmer and
Stock Raiser should have; it will crush from 8 to 10 bushels Corn and Cob per hour, with one horse; is easily fitted
up and managed; weighs 840 lbs, and as all contact of the
grinding surfaces is prevented, will last any farmer an ordinary litetime. I speak thus of its durability because the
same principle has been fairly tested in the old Bark Mill,
Who is it that wants

Who is it that wants

A MILL ON TRIAL for one month, and if it don't give complete satisfaction, to return it? If there he any man thus disposed, let him now speak. Satisfaction is warranted in every case, or the money will be refunded. This Crusher can be attached to horse, water or steam power, which renders it the most convenient Mill south of Mason's and Dixon's line. All other Crushers now in the authorization terms and convenient Mill south of Mason's and Dixon's line.

other Crushers now in the south require too much power, or will soon wear out. According to THE LAWS OF NATURE THE LAWS OF NATURE

a Corn and Cob Mill which admits of a lateral or wabbling
motion, will, necessarily, soon wear out; all other Crushers
are amenable to this grand objection, and the Proprietors
dare not dispute it. In the construction of "Young Ammeica," I have gained power, and I dely contradiction, I have
lessened friction, and I challenge one word to the contrary, I have prevented a wabbling lateral motion, and all are
compelled to acknowledge it; therefore, I assert that it is
far superior to any other Mill. I am now selling this Ten
nessee invention at the small sum of nesses invention at the small sum of FIFTY DOLLARS.

And any one wanting a "good thing," is earnestly re-quested to examine the true merits and principles of this Mill, and order from the Proprietor or Agents. A liberal discount made to dealers.

Palmer's Patent Leg.

This American invention stands unrivalled both in this country and in Burope. It is worn by 1,200 persons, and with most assonishing by 1,200 persons, and with most assonishing success. In competition with 30 other substitutes of the best French, English, and German manufacture, it received the award of the GERAT MEDAL at the WORLD'S EXHIBITION IN London, as the best artificial limb known. In this country it has been thirty times exhibited, in competition with all others, at the annual Fairs in the principal cities, and has, in every instance, received the award of the highest or first premium. And as a crowning honor, by the unanimous approval of an international council, the "First Premium"—only Silver Medal given for Limbs—was awarded the in-ventor, at the late New York Crystal Palace. The leg is finely ventilated allowing a current of air to pass around the atump, keeping it in a cool and healthy

THE ONLY INFALLIBLE REMEDY!

Hurley's Sarsavarilla. OF all the remedies that have been discovered during the present age for the "thousand ills that fiesh is heir to," none equal this wonderful preparation. Only three years have singued since the discoverer (who spent a decada lo studying, experimentalizing and perfecting it) first introduced it to the public, and it is already recognized by the most eatherst physicians in all parts of the country to be the most curprising and effective remedy for certain diseases of which they have knowledge.

All other compounds or syrups of the root have hither to falled to command the sanction of the faculty, because, on boing tested, they have been found to contain norious ingredients, which neutralize the good effects of the sarsaparlila, and oftentimes injure the beaith of the patient. It is not so with Hurley's preparation.

This is the pure and genuine extract of the root; and will, on trial, be found to effect a certain and perfect cure of the following complaints and diseases:

Affection of the Bone,

Debility,

ity,

Rysipolas,
Pomaie Irregularities,
Scrofula, or King's Evil,
Fistula,
And all Discesses of the Skin.
Besides curing the above, it is also known to be a great
and powerful tonic, purifying the blood and invigorating the
system.
In short, it is without exception, in the cases mentioned
and its general effect on the system, the most efficacious, as
it is most desirable, remedy of the age. It is aircady extensively used throughout the country, and is fast obtaining an
European reputation. The instances of cures it has effected
are daily coming to the proprietor's knowledge, and he has
nonesitation in recommending it to one and all who desire to
procure relief from suffering. One bottle being tried, its effects will be too apparent to admit of further doubt.
Recolicet Hurley's Sarsaparilla is the only genuine article
in the market.

COMPOUND FLUID EXTRACT BUCHU
For diseases of the Bladder and Kidneys, Secret Diseases,
Strictures, Weaknesses, and all diseases of the Sexual
Organs, whether in Male or Femule, from whatever cause
they may have originated, and no matter of how long F you have contracted the terrible disease which, when once seated in the system, will surely go down from

If you have contracted the terrible disease which, when one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of Quacks, who start up every day in a city like this, and fill the papers with glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Bucha has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisoneus virus of this dreadful disease; and, unlike other remedies, does not dry up the disease in the blood.

Constitutional Debility, brought on by self-abuse, a most tarrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a nohie youth, can be cured by this Infallible Romedy. And see a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a Cure and preventive.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT SARSAPARILLA,

Cure and preventive.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FIJID EXTRACT SARSAPARILLA,

For Purifying the Blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Serofula, Sait Rheum, Seald head, Ulcerations of the Throat and Legg. Pams and Swellings of the Bones, Tetter, Pimples on the Face; and all Scaly Eruptions of the Skins.

This acticle is now proscribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sersaparila yet offered to the public. Several cases of secondary Syphilis, Mercurial and Scrofulous diseases have entirely recovered in the incurable wards of our Public Institutions which had for many years resisted every mode of treatment that could be devised. These cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases, after the glands were destroyed, and the bones already affected.
