

HOW TO MAKE A REAL
WRINKLE REMOVER

In these days of cleverly advertised "beautifiers" and "rejuvenators" it is hard for a woman to believe she can make a simple home remedy for the removal of wrinkles which will do her much more good than the average made preparation. There's nothing in the world so effective for erasing or preventing wrinkles, age marks, bagginess of cheeks and chin as a simple and harmless solution made by dissolving an ounce of pure powdered sassailla in a half-pint of witch hazel. These ingredients of course can be had at any drug store. Use the mixture daily for a while as a refreshing wash lotion. The quick and satisfactory results will surprise you. Even the first application produces very marked improvement. The wrinkles are less in evidence and the face has a firm "solid" comfortable feeling. Soon you will look considerably less than your age.—(Adv.)

HAS A CURE
FOR PELLAGRA

Parrie Nicholas, Laurel, Miss., writes: "Seems to me if I had not obtained your remedy when I did I would not have lived much longer. I am glad you discovered this wonderful remedy that will cure Pellagra. When I began taking Baughn's Pellagra Remedy my weight was 60 odd pounds; now it is 90 odd. I would like to have this published and sent to sufferers of Pellagra."

This is published at her request. If you suffer from Pellagra or know of any one who suffers from Pellagra, it is your duty to consult the resourceful Baughn, who has fought and conquered the dreaded malarial right in the Pellagra belt of Alabama. The symptoms—lands red like sun-burn, skin peeling off, sore mouth, the lips, throat and tongue a flaming red with much mucus and choking; indigestion and nausea; either diarrhoea or constipation. There is hope. If you have Pellagra you can be cured by Baughn's Pellagra Remedy. Get big free book on Pellagra. THE VOICE OF AMERICA

TO ENGLAND AND TO FRANCE.
You have our word: our pledge is given.
Do you but hold the line, with that high courage
Which is the soul's flame in a darkened world.
And swiftly there shall be forthcoming
The garnered strength of all our nation's life.
For you our seeded acres shall be reaped.
Our forests yield their timber for new ships.
Our mines contribute, and our factories swarm.
But first and foremost, you shall have our men.
The flower of our nation shall entwine
In war's red garland, with the flower of yours.
And tears be stifled for the task at hand.
Unflinching hope have we, and firmest faith.
That you will hold the line.

TO GERMANY.

Hear thou our word.
We speak no names, nor threaten, nor accuse.
Ours is the passion that makes sternly calm.
We who hate war for all its cruel unreason
Are battling for what war must now defend.
And so no more of themes most sacred to us,
Least they be cheapened, falling on deaf ears.

But—
If waves of thine artillery, thy billows
Of men overwhelm the British, French,
It will avail thee not.
(Yes, for a while, but never in the end.)
If Paris fall, and all the world lament
The sacrilege of steel in beauty's shrine,
It will avail thee not.

If to thy tread the English coast resound
And shrapnel shriek among the tombs of poets
Amid Westminster's aisles
It will avail thee not.
(Yes, for a while, but never in the end.)

For we will lend new strength to these, our friends.
Our sword, late drawn, shall not be sheathed again.
While there is held in domineering grasp,
Fresh vision brings swift peace
Which all shall share.

A generous world, fraternal. Saving this,
We stand athwart thy path till youth turns gray,
And graybeards leap unto the trumpet's call.

Ponder then, O Germany, our word,
A nation's pledge of spirit,
Voicing the will of five-score million souls.

SOLOMON WAS A BIT
GAY WITH CUSTOMERS

Justice Caulkins Assesses Fine and Bushtown Merchant Is Warned to Be More Careful.

M. Solomon, a merchant, who conducts a store at the corner of Peachtree and Cleveland streets, in Bushtown, came very near being bound over to the criminal court yesterday afternoon on the charge of improper conduct with some of the colored customers of his store. However, Deputy Sheriff Charley Weigel, who made the arrest, told Squire Caulkins, before whom the case was tried, that he had no intention nor desire to prosecute Solomon vigorously, but wanted the kind of conduct he was carrying on stopped.

Mr. Weigel said that he made the arrest at the request of the sheriff, who had received a number of complaints from colored citizens in Bushtown about Solomon. He said he went to the scene and learned the facts in one of the cases as told by Effie Richardson, colored. The woman insisted on swearing out a warrant for Solomon and Mr. Weigel made the arrest. However, after hearing the facts and the statement of Mr. Weigel, Squire Caulkins gave Solomon a small fine and costs, with the understanding that he go slow in the future. It is understood that an investigation of the case will be taken up by the next grand jury.

The Richardson woman claimed that she went into Solomon's store to buy some tobacco and then went to her mother's. On her way back, she stated, she was met by Solomon, who, she said, threw his arm around her waist. She knocked him off and he then claimed he didn't mean anything.

Solomon told the court that where he met the woman was an unusually dark place and the reason she thought he ran into her before he saw her. Several other witnesses testified that they had heard of several similar incidents having occurred between Solomon and colored women. One witness said he was with a girl when Solomon grabbed hold of her. Deputy Sheriff Wallace Sims, colored, who had nothing to do with the case other than that he lives in that neighborhood, stated that he had heard frequent complaints about the conduct of Solomon, and as he did not want to arrest him, he merely warned him to stop such conduct before he became involved in serious trouble. There was much feeling shown against Solomon by the witnesses.

Today's Beauty Hint

It is not necessary to shampoo your hair so frequently if it is entirely and properly cleaned each time by the use of a really good shampoo. The easiest to use and quickest drying shampoo that we can recommend to our readers is one that brings out all the natural beauty of the hair and may be enjoyed at very little expense by dissolving a teaspoonful of Canthrox, which can be obtained from any druggist, in a cup of hot water. This makes a full cup of shampoo liquid, enough so it is easy to apply it to all the hair instead of just to the top of the head. This, when rubbed into the scalp and onto every strand of hair, chemically dissolves all impurities. It is very soothing and cooling in its action, as well as beneficial to both scalp and hair. After rinsing out the lather so created, you will find the scalp is fresh, clean and free from dandruff, while the hair dries quickly and evenly, developing a bright luster and a soft fluffiness that makes it seem very heavy.—(Adv.)

Better Than Calomel For Liver

Calomel sickens! If bilious, constipated and head-
achy read my guarantee.

Listen to me! Take no more sickening, salivating calomel when bilious or constipated. Don't lose a day's work! Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile, crumbles into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour just take a spoonful of harmless Dodson's Liver Tone.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful tonight, and if it doesn't straighten you right up and make you

ANNOUNCEMENT

OUR Government has requested that we put at the disposal of the War Department our entire output of the "makings"—"BULL" DURHAM tobacco.

And we have complied—fully, gladly. For whatever the Government wants, whatever it needs, it must have from us and from you fully and with a generous heart.

We have been sending immense quantities of "Bull" to our men at the front, and at the same time trying to supply consumers at home. But now we are asked to give all our output—36,000,000 sacks, 2,000,000 lbs., 100 carloads of "BULL" DURHAM every month.

This call means more than just huge figures to me and I know it will mean more than figures to the hundreds of thousands of men everywhere in the country who "roll their own" and who look upon that little muslin sack of good old "Bull" as a personal, everyday necessity.

It means that the Government has found that our fighting men need the "makings".

But, if "Bull" is a necessity to you, here, in the peaceful pursuit of your daily life, how much greater its necessity to those splendid Americans who have gone to fight for you—to win this war for you.

I know that you will think of them as I do—only of them. I know there will not be a single complaint. I know that you will give up your share of "Bull", however long you have enjoyed it, however close it is to you, as you will give up anything you have if it is made clear to you that our forces over there need it.

That the Government has requested the whole output of "Bull", the night and day output of all of our factories, must make this absolute need clear to you.

And I know that you will not forget the little muslin sack—gone for the present on its mission of hope and inspiration to our boys in the trenches.

"Bull" will come back, with ribbons of honor. Have no fear.

Home Protection

Should the enemy attack our shores, he will find our fortifications ready for the invasion—and a warm welcome awaiting him. Whether victory results from the cannon's mouth depends on the men behind the guns. It only takes a knockdown blow to finish a man with shaky nerves, with headache or backache, bilious—with kidneys or liver impaired.

Hague has said, that "gout is rheumatism, and rheumatism is gout." If uric acid is formed in excess within the body it is passed on to the kidneys, which act as a filter to pass off this poison. If the excess is not excreted by the kidneys, it is distributed through the tissues. The choice sites for such storage are in the joints, muscles, sheaths, where the circulation is weakest, and where also the alkalinity of the blood is lowest. Consequently we must do everything to throw off this uric acid poison, and simple methods are best. Flush the kidneys

by drinking 6 to 8 glasses of water between meals. A pint of hot water a half hour before meals. Take Auric (double strength) three times a day for awhile. -Invigorate and assist the kidneys to flush out the uric acid poisons. During cold or rainy weather the circulation is apt to be sluggish and the blood stream retarded. If uric acid is present it is apt to clog the capillaries. This accounts for many acute conditions, such as headache, neuralgia, gastric disturbances, and dull mind. As the condition progresses, we often have lameness, disease of the heart and arteries, break-down of the kidneys, rheumatism and gouty symptoms. Eat less meat, drink more water, and take Auric (double strength) after meals and at bed time for several weeks at a time, and you will be free from uric acid and the diseases that follow.

Auric is a recent scientific discovery by Dr. Pierce, Chief of Staff at the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Send 10c to him for a trial package of Auric, 60c for large
