Rejoice!!

The most phlegmatic temperament cannot fail of being elated at the glorious tidings continually rolling in, showing so conclusively that "The Constitutional Union" party now tower high above all other parties in the land.

John J. Crittenden has issued one of his stirring appeals to the people of Indiana for a fusion of all conservative men against Lincoln. He has gone to New York to arouse the Union sentiment among the millions in that empire State from which we shall undoubtedly hear cheering news in November.

PENNSYLVANIA.

Notwithstanding their late defeat, the Union party here are full of hope, and battling manfully. A tremendous demonstration lately took place in Philadelphia, at which it is said 50,000 people were present, speeches from Ex Gov. Morehead and others. The great feature of the evening was a grand torchlight procession numbering 10,000 voters, delegations were present from the neighboring States, and the minute men were out in strong force with their neat uniform of the Union cap and cape, houses along the route were very generally illuminated.

DELAWARE.

Poor Breckinridge has not a ghost of a chance here. At a late election in Willmington out of 1673 votes cast Breckinridge received but 506 not even one third. The whole city of Willmington was illuminated on the night of the 21st ult., on the occasion of the torchlight procession of the Constitutional Union party, said to be the largest and most imposing display ever witnessed in the State, the line was more than two miles in length.

NEW JERSEY.

A prominent Union man in this State writes that a thorough acquaintance with the condition of the different parties, enables him to say confidently, "The Union electoral ticket" will carry the State by 10,000 majority. Three cheers for New Jersey.

GEORGIA.

A thorough canvass of this State has been made with as much exactness as the case will permit, the result of which proves by figures the Bell and Everett party largely outnumber either of the other parties.

At the late municipal election in Savannaugh the democratic candidate for Mayor as well as six of their Adlermen were defeated by the opposition. Our friends there are very sanguine.

MISSISSIPPI.

A gentleman just returned from this State informs us the Union men there, are confident of carrying it in November and are betting largely on doing so.

In the recent local elections, wherever party lines were drawn the Bell men were successful. The county of Tishamingo usually Democratic by some 1300 majority went for the Constitutional Union party.

FLORIDA.

By election returns from Escambia county in this State, the Union men gained 250 votes. The United States navy yard is in this county, through which the influence of the Administration was brought to bear in favor of Breckinridge, no hope for John C. Breckinridge here!

☞ Why has not the letter of the Richmond nominating Convention been given to the public? We have had Mr. Breckinridge's acceptance, but the letter notifying him of his nomination has been kept as a sealed book. This letter no doubt, would fully disclose the dismion designs of the Breckinridge party. Its publication would save Gov. Moore the trouble of answering the Graham questions.

☞ Attention is called to the new advertisement of our friends Messrs. Gray & Rosenthal, to be found in the proper column. These gentlemen have now on hand a splendid stock of goods, selected with great care and by one who knows the wants of this market. The place to find them, is at the Odd Fellow's Hall.

Wm. L. Yancey, the head and front of the Breckinridge party, declared in his late speech in Richmond Va., (so says the Richmond Whig,) that *foreigners were all Abolitionists!*

We would put the question to our naturalized citizens, Will you support the Breckinridge and Lane ticket, when the leaders of that party declare that you are ALL ABOLITIONISTS! No! We cannot believe you will, for we believe that you have too much love for the institutions of your adopted country, to vote for a set of traitors, who would rend this glorious Union in twain.

We ask you in the name of patriotism and in the name of that adopted country you love so well, to pause before casting your vote on the 6th of November.

☞ The grand Union Barbecue will take place to-day. The Hon. Randell Hunt of New Orleans, one of the first orators in the country will be present and address the people. The exercises of the day will close with a grand torchlight procession. We hope to witness the largest assemblage ever gathered together in the town of Alexandria.

☞ The weather for the week has been a mixture of fog rain and all other sorts. Almost all our citizens are suffering from bad colds in consequence thereof.

☞ A large amount of news and other items has been crowded out of this issue, to give place to interesting matter connected with the election. We hope that our friends will excuse us and when the election is over, we will try to fill up our paper with matter of more interest to all concerned.

Principles.

The Breckinridge democracy particularly allege that the Constitutional Union party have no platform of principles.

The call for the Baltimore Convention which assembled on the 9th of May, was distinctly based upon the common recognition and acceptance of the subjoined cardinal objects of political action.

"To remove the subject of slavery from the arena of party politics, and leave it to the independent control of the States in which it exists, and to the unbiassed action of the judiciary;

"To remove all obstacles from the due and faithful execution of the provisions for the rendition of fugitive slaves;

"To cultivate and expand the resources of the country by such protection to every useful pursuit and interest as is compatible with the general welfare and equitable to all;

"To maintain peace, as far as possible, and honorable relations with all nations;

"To guard and enforce the supremacy of the laws by an impartial and strict administration of the powers granted by the Constitution;

"To respect the rights and reverence the Union of the States as the vital source of present peace and prosperity, and the surest guarantee of future power and happiness;

"To teach reconciliation, fraternity, and forbearance as the great national charities by which the Union is ever to be preserved as a fountain of perennial blessings."

The principles of the Breckinridge Democracy is reduced to the paramount patronage of a single ostensible object—the protection of slave property, "where necessary," in the common Territories, with a very prudent implication, that no circumstances are likely ever to arise when such protection will be deemed "necessary" by the peculiar champions of the theory in question.

The "principles" of the Douglas Democracy are all bound up in the one favorite dogma of "non-intervention."

The "principles" of the Republican party are contained in the eighth resolution of their platform, which is as follows:

"That the normal condition of all the territory of the United States is that of freedom; that as our republican fathers, when they had abolished slavery in all our national territory, ordained that 'no person should be deprived of life, liberty, or property without due process of law,' it becomes our duty, by legislation, whenever such legislation is necessary, to maintain this provision of the Constitution against all attempts to violate it; and we deny the authority of Congress, of a Territorial Legislature, or of any individuals to give legal existence to slavery in any Territory of the United States."

☞ Our genial friend George C. Smith, of Cheneyville, has now on hand a new and well selected stock of goods, which he offers for sale at a very reasonable price. Also a very convenient House and Lot. Those wishing to purchase will address Mr. Smith at Cheneyville.

TELEGRAPHIC NEWS.

SALEM, MASS., Oct. 22—A fire broke out in this city which destroyed the Franklin buildings, containing several large stores.

BOSTON, Oct. 22—By an arrival at this port, we learn that the ship Black Hawk, from Calcutta for Boston, before reported as missing, was lost in the Bay of Bengal. All hands perished.

WASHINGTON, Oct. 22.—From forty to fifty bids have been received for the ten million Government loan. With the exception of Messrs. Riggs & Co., of Washington, there are no bidders South of Philadelphia.

The whole aggregate bids amounts to less than eleven millions, at premiums ranging from 5 to 99-100 of 1 per centum.

The largest amount bid was by Riggs & Co., of Washington, for two million eight hundred thousand.

PHILADELPHIA, Oct. 22.—The official State majority for Curtin, the Black Republican candidate for Governor, is 32,092.

NEW YORK, Oct. 22.—Mr. Dwight, United States Commissioner, has returned from Havana, having in his possession the testimony of V. J. Fowler, ex-Postmaster of this city, relating to Law and Conover, his sureties.

PORTLAND, ME., Oct. 22.—The Prince of Wales and his suite sailed for their home on last Saturday afternoon.

Election of United States Senators.

SALEM, OREGON, Oct. 2.—Both branches of the Legislative Assembly have elected J. W. Nesmith (Douglas Democrat) U. S. Senator for the long term and E. D. Baker (Black Republican) for the short term of five years.

The Black Republicans are of the opinion that they will carry the State if Baker stumps it.

A Shocking Tragedy.

Advices from Columbia river say that the Snake Indians massacred an entire emigrant train, composed of forty-six persons, fifty miles west of the Salmon Falls.

Position of Mr. Breckinridge.

In 1856, Mr. Breckinridge did not consider it an infringement upon the dignity of his position, to take the stump and make speeches in behalf of himself and the democratic ticket. One of the speeches he made during the canvass was made to the citizens of Indiana at the Tippecanoe battle ground out of which we take the following extracts:

"I AM CONNECTED WITH NO PARTY THAT HAS FOR ITS OBJECT THE EXTENSION OF SLAVERY! NOR WITH ANY TO PREVENT THE PEOPLE OF A STATE OR TERRITORY FROM DECIDING THE QUESTION OF ITS EXISTANCE WITH THEM FOR THEMSELVES."

Mr. Breckinridge then continued:

"I HAPPENED TO BE IN CONGRESS WHEN THE NEBRASKA BILL PASSED, AND GAVE IT MY VOTE, BECAUSE, IT DID WHAT IT DID—VIZ: IT ACKNOWLEDGED THE RIGHT OF THE PEOPLE OF THE TERRITORY TO SETTLE THE QUESTION FOR THEMSELVES, AND NOT BECAUSE I SUPPOSED, WHAT I DO NOT NOW BELIEVE, THAT IT LEGISLATED SLAVERY INTO THE TERRITORY. THE DEMOCRATIC PARTY IS NOT A PRO-SLAVERY PARTY."

BAD OMEN.—Just as we are going to press, the Breckinridge flag is again seen floating in the dark.

Yanceyism.

It is said that R. A. Hunter one of the Seceders from the Charleston Convention made the following remark in the town of Alexandria:

"LET THE UNION GO TO H—LL.

"If I had the power, I would dissolve this government in two minutes."—*J. T. Morgan.*

"Let us break up this rotten, stinking, nd oppressive government."—*Gen. Gayle.*

"Resistance! Resistance!! to death against the government is what we want now."

David Hubbard.

"Break up and dissolve this rotten Yankee government."—*J. D. F. Williams.*

"Let the union rip."—*R. D. Gayle.*

"My voice is for war."—*G. D. Jones.*
