Has a safety deposit vault. Boxes for rent at \$2 per year.

**Wausau Pilot.**  
TUESDAY, FEB. 16, 1909.  
Published weekly at the Pilot Office at Wausau as second class matter.

ISAAC STEPHENSON filed his primary expense account which shows that he wanted the position had enough to pay out over \$107,000.

ANDREW CARNEGIE makes the startling announcement that he doesn't think the congressmen can grasp the tariff question. Perhaps a few of the great magnates may offer their assistance, if such is the case.

SENATOR W. C. OWEN, of Maiden Rock, Wis., has a bill in readiness, which will offer to the legislature today for the guaranteeing of state bank deposits. It meets with the approval, it is said, of many of the legislators, to whom it has been submitted.

Among the greatest tributes paid to Abraham Lincoln on the occasion of his 100th anniversary were those of William Jennings Bryan, at Springfield and Bourk Cochran, in Milwaukee. Thousands of people heard the speeches of those illustrious men.

ASSEMBLYMAN MERVIN HALL from Black River Falls, has presented a bill to the legislature which, if passed, will compel each corporation to "pay to the state an annual license fee for water power used in the development of such power at the rate of 25 cents per horsepower for the average amount of horsepower developed or generated." Such a bill as that will only have the effect of making the consumer pay a higher rate for everything furnished by the water power so taxed. This is not what our people want and it is a mistake to still further tax them.

A BILL has been introduced into the legislature, which, if passed, will be of great importance to the various agricultural schools of the state. It provides that the regents of the university are authorized to carry on demonstrations and such experiments and investigations as they may deem advisable through-out the state for the improvement of agricultural knowledge and practice and to conduct traveling schools of agriculture to be held in conjunction with the county agricultural schools and of such other localities as they may deem advisable, such work to be carried out under the direction of the college of agriculture and that the sum of \$30,000 be set aside annually to carry out the purposes of the act.

Cataract Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Cataract is a blood condition disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Cataract Cure is not a quick medicine. It is prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for circular free.

F. J. CHENEY & CO., Props., Toledo, O.  
Take Hall's Family Pills for constipation.  
Idle Questions.  
This may be an age when time is money, but first reflect on the number of useless questions which we ask each other every day, and to which we neither receive nor expect answers.—Madisonian.

Largest Exclusive Shoe Store in the Northwest

**Would Lincoln have been Lincoln?**  
What would modern educational experts have made of Lincoln if, as a baby, he had been put in their care? They would probably have started him on sterilized milk, clothed him in disinfectant garments, sent him to kindergarten where he would have learned to weave straw-hats and sing about the Blue Bird on the Branch. Then the dentist would have straightened his teeth, the oculist would have fitted him with glasses, and in the primary grade he would have been taught by pictures and diagrams the difference between a cow and a pig, and through nature study he would have learned that the catbird did not lay kittens. By the time he was eight he would have become a "young gentleman," at ten he would know more than the old folks at home, at twelve or fourteen he would take up manual training, and within two years make a rolling-pin and tie it with a blue ribbon. In the high school at sixteen, where in four years he would learn that Mars was the reputed son of Jupiter, and to recite a stanza from The Lady of the Lake. Then to college, where he would have joined the Glee Club and a Greek Letter Fraternity, smoked cigarettes and graduated, and then become a clerk in a banker's office, and never, never do any one any harm! Well,—perhaps, we don't know and can't tell what might have been, but we can't feel feeling thankful that Lincoln's training and education were left to Nancy Hanks—and God—Universal Reader.

**Heroic Bronze Statue of Lincoln Given to University of Wisconsin.**

The gift to the University of Wisconsin of Weinman's heroic bronze statue of Lincoln, the only replica of the one being erected jointly by the United States and the state of Kentucky at Lincoln's birth place, Hodgenville, Ky., and to be unveiled by President Taft on Memorial day, was announced by President Charles R. Van Hise at the Lincoln centenary exercises at the university this morning. The statue is given to the university by Thomas E. Brittingham, Madison.

The statue, which is to be placed in the center of the court of honor on the upper campus, is to be unveiled at commencement in June, one month after the unveiling of the original in Hodgenville, Ky., on Memorial day, when it is expected that President Taft will deliver the address.

The statue, which represents Lincoln seated in a massive chair, is seven feet high, which is equivalent to a standing figure nine feet nine inches in height. It is to be mounted upon a granite plinth six feet six inches in height, the total height of the statue and plinth to be thirteen feet six inches. The sculptor is Adolph Alexander Weinman, who was chosen by the Lincoln monument commission after considerable deliberation because of the national significance of the monument to be erected at Lincoln's birth place.

**Getting Ready to be Investigated.**

"Uncle Ike" failed to secure enough votes at any of the ballots taken in legislature the past week to elect him; on the contrary, he seems to be weakening. His bluffs have had the effect of repelling rather than drawing to him the votes of the legislators. On Friday he received a total vote of 58. The committees which will conduct the investigation are composed as follows: Assembly—Ray, Wickman and Hambrecht. Senate—Marsh, Morse and Hustling.

Issac Stephenson, S. A. Cook and W. H. Halton were all in Madison this morning, to be present at the session of the special committee. The first subpoenas which will be issued by the committee will be for the men actively engaged in the campaign work for the republican senatorial candidates and will be Messrs. E. A. Edmonds, J. H. Van Cleave, Rodney Sackett, C. H. Hambright, Sheriff W. R. Knell and others actively interested in the Stephenson campaign. W. C. Cowling of Oshkosh and Peter Koehler of Milwaukee, who looked after the Cook campaign; W. W. Powell and W. J. McElroy of Milwaukee and C. K. Lush of Madison, who had charge of the Hutton campaign, and W. L. Essman, campaign manager for Francis E. McGovern.

**JUDGE MILLER ANNOUNCES HIS CANDIDACY.**

To the Voters of Marathon County.  
GENTLEMEN:—With the hearty and unqualified endorsement of nearly every member of the bar of Marathon county, who are best able to judge of the merits in which I have discharged my duties in the past and with the full approval and solicitation of my neighbors and friends respectively of political affiliation, I hereby respectfully announce myself as a candidate for reelection to the office of judge of the county. As for my platform I can only say, that I promise a faithful, painstaking and impartial discharge of all my official duties, a pledge for the proper and efficient discharge thereof, I refer the voters of the county to my past record as county judge.

I have given, on all occasions, all possible time and attention to the care of the estate of deceased persons and their widows and children and will continue to do so if re-elected. The business of this office and its responsibilities and demands have more than doubled since with the general growth of the county. During my first year's service as county judge the total value of estates submitted for probate was \$1,100,000, while during the year 1908 the value of estates submitted for probate, as per inventories, reaches the astonishing sum of \$2,500,000.

**HIGH SCHOOL NOTES.**

Wausau 14—Stevens Point 20.  
Wausau lost the last game of the basketball season to Stevens Point in a game played in that city Friday night. The game was played in the high school gymnasium, which is on the third floor of the high school. The gymnasium about as long as the Wausau high school gym but only twenty feet wide. The narrowness of the room made it hard for the Wausau team to get into team work. On account of the width of the gym it was possible for one man to guard two forwards. The Point team made use of this and had good results. The other four members of the team spent all their time in team work or shooting at the basket. It was evident to all those who witnessed the game that on a better floor Wausau would have had no trouble in defeating the Stevens Point five.

The score at the end of the first half was 16 and the score for the second half was 11-8. Wausau being three points behind at the end of each half. Woodward scored the largest number of points for Stevens Point, as he made twelve points. Johnson and Sipes each scored five points for Wausau. The following points for Wausau were made by Lampert.

The line up of the two teams was:  
Stevens Point: Woodward, Lampert, Griffen, O'Driscoll, McConnell, Mumm.  
Field Baskets—Woodward 3, Griffen 2, Sipes 1, Lampert 2, Johnson 2.  
Free throws—Johnson 3, Woodward 2, Griffen 3, Sipes 1, Griffen 1.  
Referee—Schneider.

Subs—Wausau: Stone and Foster. After the high school game Mr. Schneider played with the Wausau Y. M. C. A. team against the Stevens Point Normal team.

The following instruments were received for the physics laboratory: a vernier calliper, a tube gauge, a diagonal scale and several prismatic lenses. The apparatus has been attached to the hoods in the chemical laboratory to help take off the gases formed by the experiments.

Now that the basketball season is over, the boys will start training for the indoor meet or pentathlon, which will be held March fifth. An attempt will be made to schedule an indoor meet with Grand Rapids for some time this spring. The pentathlon is a class meet and is only a training for spring track work. The events of the pentathlon will be the same this year as last, except the running race will be longer and running broad jump will be had instead of the standing broad jump.

Bon Alexander was taken sick last week with scarlet fever and Harold Krenger is sick with diphtheria.

Elmer Young, who returned home from Carroll college on Saturday, is taking post graduate work in physics at the high school.

A new Underwood typewriter has been secured for the commercial department of the high school. It makes a total of sixteen typewriters that can be used by the commercial students.

**AN ENJOYABLE PARTY.**

Mayor and Mrs. J. F. Lamont and Mr. and Mrs. H. I. Crawford, at the home of the former on Friday evening, gave a combination Lincoln anniversary and Valentine party. The home was handsomely decorated in national colors and the merriment of the occasion was increased by the presence of the president. There were nine tables of players and at each a different game was played. After 11 o'clock, refreshments were served, and each guest was heartily welcomed. The party was a heart shaped menu card, on the cover of which was an appropriate verse and an emblem that was very indicative of the Valentine season. Refreshments were served in various shapes in keeping with the occasion. It was midnight when the party broke up and all sought their homes, having spent a very enjoyable evening.

**STEVENS POINT DONE UP.**

The Wausau Y. M. C. A. basketball team played the Stevens Point normal school team on Friday night with the result of 40 to 25 in favor of Wausau. The Stevens Point Journal gave an account of the game as follows:

The game started shortly after nine o'clock being delayed so that those who wished to see the games at both schools would not be disappointed. Wausau started the scoring, and by the looks of the score card they kept it up. Enough scores were made by the first half to put them on Easy Street. The first half ended with the score 22 to 14 in favor of Wausau. At the end of the second half it was 40 to 25.

The game was remarkable for the clean playing in which neither team during the play did the participants attempt to shift from the A. A. U. rules to the Marquis of Queensbury rules. This in contrast with the game played in Madison, where the players had an advantage of size that enabled them to use a peculiar overhand and head throw to good effect.

At basket shooting Ringle, Semsmith and Wadleigh divided honors, in the first half, in the order named. In the second half Semsmith had a monopoly of the "star" business in this line, others coming any where near his mark.

The players who composed the Wausau team have a pedigree. Semsmith is a former Lawrence university player, having played in this city with that team. Ringle played on University of Wisconsin team. Sneller is a Ripon college player.

**A NEW STORE.**

Bernhart Frank of Chicago, Arranging to Open in the Rhode Block.

Bernhart Frank, of Chicago, will open a ladies' wearing apparel store in the Rhode block, in the room formerly occupied as the Christian Science reading rooms, on the 6th day of March. His stock will consist of ladies' frocks, cloaks, shirts, etc. Mr. Frank has just returned from the New York market where he has been purchasing his goods, and he will open with the most up-to-date line that can be secured. Mr. Frank has had long experience in this line, having been in the business for the past twelve years, and he hopes to build up a trade that will give Wausau a first class establishment of this kind.

**MORE MANUFACTORIES.**

It is reported on what appears to be good authority that Wausau's industrial institutions are soon to be increased by two more factories. We learn that a gentleman owning an interest in an eastern concern which manufactures pyrographic art goods, recently visited Wausau in search of a suitable site for his establishment. At first he was somewhat impressed with that city as a location, and he understood he had decided to locate here. Before leaving for the East he placed orders with a number of manufacturers for a large quantity of birch and other lumber. He intended that he would return later and select a site and make arrangements for moving his factory here. The other institution referred to above is an iron manufacturing institution. Representatives were looking over the field last week and there is a strong probability that such an institution will be located in Wausau in the spring.

**MEN'S LEAGUE.**

The regular monthly meeting of the Men's League of the First Presbyterian church was held last evening. It was also the annual meeting for the election of officers and the following were elected:

President—Dr. H. L. Rosenberry.  
Vice-Pres.—M. W. Sweet.  
Secretary—C. E. Cowee.

Two new members of the executive committee: Alexander Wilson and J. D. Taylor.  
The club of the First Methodist Episcopal church sent in a challenge to play either basketball, base ball or marbles and it was voted to accept all of them and it was further voted that J. A. Underwood (who is said to have been an expert) represent the club in the game of marbles and it was hinted that the Marbles had been made by the M. E. Men's club to put up its expert, Lamar Semsmith, against him. The game will be played at the Y. M. C. A. on Wednesday evening, Feb. 24.

Rev. James Duer, pastor-elect of the Presbyterian church, was present and made a brief talk which all present enjoyed and appreciated. He also favored the league with two solos, which demonstrated that he was a splendid vocalist as well as an able preacher.

**OPERA "ERMINIE."**

Reserve your seats now at the box office for the opera "Erminie," next week Monday and Tuesday. Twenty principles in the cast, Wausau's best talent, including Mrs. Clara Hunt Howard, prima donna contralto, in a unique role, a splendid chorus, Cone's orchestra, special lights, special scenery and ninety-two beautiful costumes from Chicago.

The price of tickets is very low considering the expense and magnificence of the production, \$1.00, 75c and 50c.

**Masks FOR Masquerades Wire Masks Cloth Paper Domino A well assorted stock Mumm's Book Store 508 Third St.**

**Cod Liver Compound**  
Cod Liver Oil is prescribed for many people who can not take it because it nauseates them.  
When you pay \$1.00 for a large bottle of Nyls Cod Liver Compound you invest in a remedy that you can take. It is pleasant to the taste and can be taken by anyone, at any season.  
There is nothing better for those who do not properly assimilate their food than Nyls Cod Liver Compound. It increases appetite, aids digestion and builds bodily tissues, giving health and strength to ward off disease.  
The more you trade here the better you'll like this store.  
**Pardee Drug Co.**  
"You know the place"

**PERSONAL MENTION.**

—G. D. Jones went to Madison last evening.

—J. W. Cochran, of Grand Rapids, is in the city today on business.

—Ex-Senator D. E. Riordan, of Ashland, was in the city on Wednesday.

—Ben Lang of the town of McMillan, was in the city Saturday on business.

—C. S. Curtis and son, John, attended the auto show in Chicago last week.

—H. C. Fletcher, of Mosinee, spent Sunday in Wausau visiting friends and relatives.

—Mrs. Samuel Livingston arrived home Wednesday from her trip to California.

—Edgar S. Bailey, of Marshfield, is visiting at the home of his mother in this city today.

—Lamar Semsmith and son, George, attended the automobile show in Chicago last week.

—Walter Alexander was among those who attended the automobile show in Chicago last week.

—E. A. Edmonds, chairman of the republican state central committee was in the city on Saturday.

—Dr. Joseph F. Smith went to Chicago on Thursday to attend a meeting of the Chicago churches society.

—Mrs. B. Heineemann returned home from Appleton today where she had been visiting since last Saturday.

—Mrs. W. E. Brown, of Rhinelander, was a guest of Mr. and Mrs. W. H. Mylrea several days of the past week.

—Miss Kate Bentley went to Mosinee Friday, to attend a few days at the home of Mr. and Mrs. Karl Kronenwetter.

—Al. Christanson, of Merrill, was in the city Wednesday, on his way to Marinette, called there by the illness of his mother.

—Mr. and Mrs. Chas. McCrossen, of Glendive, Montana, arrived in Wausau last Friday and are guests of Mr. and Mrs. H. G. McCrossen.

—Mrs. A. L. Kreutzer, who has been confined to her home by illness since her return home from the East, is now able to be about again.

—Mr. and Mrs. N. Kieffer and family who were guests of Mr. and Mrs. C. C. Frydeslund for a few days, returned to their home in Elgin today.

—Henry Ross, who was a well known lumberman in Wausau some fourteen years ago, but who is now in Chicago, was in the city the past week.

—Miss Coates, who had been visiting at the home of her cousin, J. W. Coates several days ago, returned to her home in New York City on Wednesday.

—Miss Bell Stoffer accompanied her mother, Mrs. J. S. Stoffer, to Gethen, Wis., on Saturday, to help care for the father's mother who is very ill with pneumonia.

**COUNTY CORRESPONDENCE.**

DANCY.  
The recent snow, though not great in quantity, has helped all kinds of business very materially and most especially those who have any log or wood hauling to do.

Clinton Smith, of Wausau, transacted business for the St. Paul road in Dancy the past week.

John Hintik, Jr., one of this section's most successful fish, who was the past week from his parents from Little Chute, Wis.

Mrs. Hobbs very pleasantly entertained the ladies' aid of the Lutheran church at her home in Eau Claire last Thursday.

Simon Wheaton, who has been a resident of this locality for over fifty years, left a few evenings ago for Grand Rapids, Minn., where he intends to remain some time visiting relatives.

Charles Poppenhimer, our very capable and popular school clerk, received notice a few days ago that he would be granted the loan asked from the state to assist in erecting a much needed new school house in this village. Preliminary work has been satisfactorily arranged, the next step is to go ahead with building, which will no doubt be in order in spring, as soon as the weather is permissible.

Peter Johnson, of Waupun, who recently purchased the Marion farm in Eau Claire, has moved on same and is now nicely settled. Mr. Johnson is well pleased with the place and also the future outlook for the surrounding country.

The Misses Ella Marchel and Evelyn L. Kneller, of this place, attended a Valentine party given by Mrs. Arthur Voyer at her pleasant home at Junction City a few evenings ago.

Chas. Forstestad, of Milwaukee, was here the past week looking after the moving of one of the dredge boats in the Dancy drainage. He was carrying things shaped preparatory to resuming work on all of the dredge boats at a very early date.

F. X. Linder of Wausau called on the trade in this village last Saturday.

Mr. and Mrs. Lemke went up to Wausau Saturday to visit with friends over Sunday.

John Schrems of Waupun is visiting with his sister, Mrs. August Kiedorf.

Miss Agnes Klosterman of Wausau, came down to Ringle Saturday evening to visit with Miss Laura Ringle over Sunday.

Several of the young people of Ringle attended the dance at John Zydzko's place Saturday evening.

Miss Minnie Miller went over to visit Miss Nellie Harrington at John Manser's camp over Sunday.

Ed Scheek went up to Wausau Monday to attend the funeral of Chas. Peterson.

Peter Nelson went up to Wausau Monday on business.

**LIBRARY WHIST AT MOSINEE.**  
The hall in the Dessert Public Library at Mosinee was the scene of a very lively party on Saturday afternoon, Feb. 13th, given by the Two Hour club for the benefit of the library. The room had been prettily decorated for the occasion with flags, plants and bunting by the young ladies members of the club. There was a goodly attendance of members and elegant refreshments were served. The president of the club, Mrs. Alexander Busha, was called away by the unexpected death of a brother, so the announcements were ably carried out during her absence by the vice-president, Mrs. Karl Kronenwetter. The out of town guests, who were present, were Miss Kate Bentley who was a guest of Mrs. Kronenwetter and Mrs. J. P. Briggs who was a guest of Mrs. J. P. Briggs.

A Common Cold  
We claim that if catching cold could be avoided some of the most dangerous and fatal diseases would never be heard of. A cold often forms a culture bed for germs of infectious diseases. Consumption, pneumonia, diphtheria, and scarlet fever, four of the most dangerous and fatal diseases, are of this class. The culture bed formed by the cold favors the development of the germs of these diseases, that when they are wise find lodgment. There is little danger however of any of these diseases being contracted when a good expectorant cough medicine like Chamberlain's Cough Remedy is used. It cleans out these culture beds that favor the development of the germs of these diseases. That is why this remedy has proved so universally successful in preventing pneumonia. It not only cures your cold quickly, but minimizes the risk of contracting dangerous diseases. For sale by W. W. Albers.

**We Need Money You Need a Piano**  
**LET'S GET TOGETHER**  
For a short time we shall sell any piano or other instrument in stock at or below factory cost. We take this means of raising money to avoid complications with our creditors and it makes an opportunity for a saving to customers who have the means at their command that can never be excelled.  
The instruments are our regular lines that have proven satisfactory for 18 years and more—and must be personally examined to appreciate the wonderful bargains.  
Pianos, Organs, Violins and all other instruments are included in this slaughtering of prices.

**ASSESSED AGAINST COUNCIL.**

Costs in Brands Case Charged to Certain Members.  
The costs in the supreme court in the mandamus case against the city, for not revoking the saloon license of Fred Brand, amounts to \$87.50. In addition to this there will be costs assessed in the lower court, amounting to several hundred simoleans. The latter costs will be assessed within a few days and will be charged against the councilmen who voted in the negative when the proposition came up to revoke the license. This will be a most unfortunate result, without making a fight, and it may be possible that other litigation will follow before the matter is finally settled.

**VALEDICTORIAN AND SALUTATORIAN.**

The honor students of the senior class of the Wausau high school, season of '09, were chosen this morning. Mary Nichols, with a general average of 90.5, was elected salutatorian. Ruth Glasgow, with an average of ninety-one will be valedictorian.

**THE SECRET OF LONG LIFE.**

A French scientist has discovered one secret of long life. His method deals with the blood. But long ago millions of Americans had "proved" Electric Bitters prolongs life and makes it worth living. It purifies, enriches and vitalizes the blood, rebuilds wasted nerve cells, imparts life and tone to the entire system. Its a godsend to weak, sick and debilitated people. "Kidney trouble has blighted my life for months," writes W. W. Sherman, of Cushing, Me., "but Electric Bitters cured me entirely." Only 50c. at W. W. Albers.
