HEARST, who can be counted as one of the most disreputable politicians this country has produced, has announced his intention to run for mayor of New York city. In 1907 Hearst was manipulated by the republican party.

Murphy, the man about the middle of the field. After all nations. Naval officers from many countries saw the Dayton inventor glide to his goal and back almost directly over the decks of their ships at anchor in the Hudson. Admiral Sir Edward Seymour of the British fleet said: "After seeing Mr. Wright's wonderful exhibition I am sure the aeroplane is here to stay. The thing that impressed me most was the steadiness of his machine. He made a beautiful turn over the cruiser Drake and sailed all the way with consummate ease."

#### The Difference.

The following was published in the large dailies of our country Oct. 9th,

"DENVER, Oct. 8.-Ruth Bryan Leavitt, the daughter of William J. Bryan, said she had no intention of seeking the Democratic nomination for Congress from the First district of Colorado. She has been a resident of Denver for the last two years and active in politics among the women voters of Colorado. She was divorced from William Homer Leavitt, an artist, at Lincoln, Neb., last March, on the ground of nonsupport. At the time of her marriage, in the summer of 1903, she was a school girl, 17 vears old. Mrs. Leavitt is a fluent and forceful speaker, with much of dogs, no guns. Our situation was her father's magnetism. She has just almost hopeless, but fortune came our refused a profitable lecture engagement and will soon go abroad."

The Wausau Record-Herald, having every opportunity to publish a truthful statement, preferred to show its partisan spirit and take from an editorial of an equally partisan sheet, rather than tell the truth. The following is what the daily (?) of Wausau said relative to the matter:

'Denver, Colo., Oct. 9 .- Determined that the house of Bryan shall land somewhere politically, Ruth Bryan Leavitt, daughter of the commoner, has formally announced her candidacy for the nomination for congress from the First district of Colorado.

As soon as Mr. Lundgren gained his composure he hurried to Dancy and the people of Junction City were notified, and a party was organized here which followed in pursuit on a hand car. After going about three miles the men were overtaken, but they ran into the woods, paying no attention to the salute fired in their honor. As it was already dusk nothing further could be done, but Monday morning when the Weary Willies came from under cover and sauntered into Junction City, Fred Culver, deputy sheriff for Portage county, placed them under arrest. The injured men went to Junction City to identify them Monday and they will be taken to Wausau. With the class of people that appears to be wandering through the country at the present time, it stands one in hand to be on the lookout. These parties did not appear to belong to the criminal class but rather to the densely ignorant class -not realizing what they were doing or the danger they were in, and citizens in general are safe with such characters looking through the bars.
