The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Miss Rose Hennessey, well known as a poetess and elocutionist, of Lexington, Ky., tells how she was cured of uterine inflammation and ovaritis by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—For years I enjoyed the best of health and thought that I would always do so. I attended parties and receptions thinly clad, and would be suddenly chilled, but I did not think of the results. I caught a bad cold eighteen months ago while menstruating, and this caused inflammation of the womb and congested ovaries. I suffered excruciating pains and kept getting worse. My attention was called to your Vegetable Compound and the wonderful cures it had performed, and I made up my mind to try it for two months and see what it would do for me. Within one month I felt much better, and at the close of the second I was entirely well.

"I have advised a number of my lady friends to use it, and all express themselves as well satisfied with the results as I was." Miss ROSE HENNESSEY, 410 S. Broadway, Lexington, Ky. \$5.00 for full trial of above letter proving genuineness cannot be produced.

ADDS TO THE COTTON AREA.

Paraguay is About to Engage in the Culture on a Large Scale.
The recent advance in the price of cotton in this country and in England has stimulated the culture of the plant in other countries. The possibility that the cotton manufacturers of the world are facing the prospect of a dearth of raw material seems to have excited the people of Paraguay. Cotton grows wild in that country, and the cultivated product, though different from ours, has a long and fine staple.

As in Peru, the plant is a small tree rather than a little bush, and it lives and produces for several years. European manufacturers have reported good results from its use. The Paraguayans, however, have never given much attention to its cultivation.

The newspapers of Asuncion have suddenly awakened to the opportunities presented, and have risen to the occasion. They are offering many suggestions to the government and assert that cotton will yet place Paraguay on the high road to prosperity.

They ask the government to employ the services of men of science, like Dr. Berton, to prepare pamphlets for distribution in the cotton trade of Great Britain, France and Germany, descriptive of the nature and qualities of Paraguayan cotton and the facilities for producing large supplies of it. They ask that Dr. Berton, Mr. Anisits and other experts be engaged to make a survey of the lands adapted to cotton cultivation in the republic; also that the government print and distribute among the farmers of the lowlands the best information as to the methods of cotton-raising.

"We may in a short time export \$100,000,000 worth of cotton in a year," announces the enthusiastic Paraguay, a German weekly published at Asuncion.

RATS MADE BED OF MONEY.

When the Nest Was Found the Missing Bills Were All Intact.

A short time ago Mrs. Mike Muller, who keeps a grocery store at the corner of Eighth and Elm streets, hid away where she could easily find it \$76 in bills for use at a time when necessity or desire required it. She thought of thieves, but not of the rodent description, and was therefore quite particular in selecting a hiding place. A few days later she thought she would take a look at her hidden treasure, with the view of assuring herself that the money was where she had hidden it, but on going to the place her surprise can easily be imagined when, on placing her hand where the money ought to have been, she discovered that it was gone.

Matters remained in that condition up to a few days ago, when, hearing a rat traveling around the house, the idea struck her that rats were the real purloiners of her money. Going to work with a vim, she was not long in ripping up two or three planks from the floor of one of the rooms of the house, and, instituting a close search, was greatly elated to find that rodents had actually stolen the money, packed it away and made a cosy bed of it, for there it was before her eyes. Every bill was found intact, not a dollar missing.

RESTORED TO HEALTH.

Many weak, suffering women do not know that their kidneys are sick. Backache tells of sick kidneys, and so do urinary disorders. Sick kidneys make bad blood, and bad blood makes bad digestion, heart palpitation, dizzy headaches, nervousness, sleeplessness, sciatica, rheumatic pains and constant depression.

Can't be restored to health until the kidneys are cured. Read how one woman was restored by using Doan's Kidney Pills:

Mrs. H. A. Van Sickle, 311 6th Ave., S. W., Roanoke, Va., says: "Kidney trouble was hereditary in our family, and I had been so continually afflicted with the disease that I began to despair of even temporary relief. Sometimes I suffered so severely that I was confined to my bed. The aching in my back was intense, and the kidney disorder caused an excess of uric acid in my blood which impaired my digestion. I was compelled to deny myself of many of the little delicacies of diet. The doctors diagnosed my case as congestion of the kidneys. I had about given up hope when I began using Doan's Kidney Pills, but I took only a few doses when their curative powers were proven to my satisfaction. I have never been without them in the house since."

Doan's Kidney Pills are sold by all dealers; price, 50 cents, or mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y. Write for free trial.
