ARRIVAL OF THE STEAMER AMERICA.

One Week Later From Europe.

NEW YORK, June 10.

LIVERPOOL MARKET.

Wheat is more in request on account of the late rains. Flour is less active and unchanged. Corn has slightly declined, but is in demand.

Provisions.—Beef is in light demand.—Pork is sparingly dealt in, owing to the high rates demanded. Bacon is more active; Hams dull; Shoulders much sought after; large sales at full rates. The cheese market is cleared. Tallow has advanced 6d. Tallow has advanced 6d. Sugar has declined.

Tea.—Two hundred packages with all faults sold on the 30th at a decline of one penny.

Rice is in fair demand. Carolina 18s@19s 3d.

Ashes.—Pots 27s 6d; pearls 29s.

Rosin.—Saleable at 3s 1d. Turpentine is scarce at 7s 6d. Tar no sale.

Metals are dull; iron in retail sales only. Tobacco is quiet. Freight stationary, some flatness; passengers tolerably plenty; rates lower; money active; consols 97¼@97⅝ for money.

Trade is still dull in the manufacturing districts. The political debate on a daily motion relative to Ceylon, terminated in a majority for ministers 80; that being the last motion of importance in the books, the Russell ministry is therefore safe for the remainder of the session. The debate on the Roman title bill is progressing. On the evening of the 27th the Protectionists held a meeting at Tamworth, the residence of the late Sir Robert Peel. The people rose and dispersed the meeting. Several were injured and the windows were broken. The military were called out to quell the riot. The crops are promising. Emigration is as brisk as in the spring. The Continental and Peninsular news is unimportant.

Great Fire in Uniontown!

UNIONTOWN, PA., June 10th.

A fire broke out this morning in the extensive stabling of the Good Intent Stage Company, and Hotel of Alfred M'Clelland, which were destroyed. The fire originated in the hayloft, and is believed to have been the work of a gang of prostitutes who have invested the neighborhood for months. Three of them were seen escaping from the stables at the first alarm. This was the most destructive fire with which we have ever been visited. The loss is estimated at $10,000. Thirty horses were burnt, which belonged to the Good Intent Stage Company, and six or eight others were so badly injured, before they were extricated, that they will be of no use. The Stage Company also lost three coaches and two wagons, with a large amount of harness, &c. From thence it soon reached the carriage manufactory of Dr. Campbell, and occupied by Mr. G. Addis, the buildings, smithshop and sheds were consumed with a great amount of unfinished work, lumber, tools, &c. Nothing except a few buggies was saved from the establishment.

NEW YORK MARKET—June 16.

Flour.—The market continues steady; we note sales of Flour at $4.00 for common; fancy Ohio $4,75; extra $5,00; Genessee, prime, $4,75 ℔ bbl.

Small sales of N. O. Molasses at 30c.

Sales of Whiskey, from river, at 18c; from wagon at 18½.

ALLEGHENY CATTLE MARKET

ALLEGHENY CITY, June 16.

Cattle.—The number offered was barely sufficient to meet the wants of the city butchers; 150 head, a fair article, was disposed of in lots to suit purchasers, at 3 to 4¼c ℔ gross, equal to 6c nett.

Sheep.—Holders are firm, with an active demand; sales of 100 head sheep at $1,50 to $2,00 ℔ head. Sale of 40 head of Lambs at $1,00 ℔ head.

Hogs.—The offerings were only 40 head, all of which were disposed of at 4@4¼c ℔ ℔ gross.

STEUBENVILLE MARKET.

STEUBENVILLE, June 16.

Flour.—$2,88@$3,00 ℔ bbl in wagon.

DR. HOOFLAND'S GERMAN BITTERS.—This celebrated medicine is one of the very best in the country, and its good qualities only need to be known, to give it precedence over all others now in use. We have seen its good effects lately, after the total failure of many others. This is saying more than we can for any other medicine within our knowledge, and we feel it a duty to recommend the Bitters to the notice of our friends. The genuine is prepared by Dr. C. M. Jackson, Philadelphia.

WISTAR'S BALSAM OF WILD CHERRY.—We have of notfrequently called attention to this article in the columns of our paper, and we have done so with the full confidence that it was a good one and deserving the patronage of the public. We have had a chance to witness its effect upon some of our friends, which in addition to the high encomiums passed upon it by our brethren of the Press, not in paid puffs, but in honest candid statements, from having derived a benefit themselves, makes us desirous of advising all those who have occasion to resort to a remedy for pulmonary affections, to avail themseves of it. We have too much confidence in the proprietors to believe they would thrust this or any other medicine upon the community, unless they had full faith in its efficacy—in confirmation of which the proprietors offer a mass of testimony from the most unquestionable sources. Neither would they wish to be understood as saying that this will always cure Consumption after it is seated, although it seldom fails to relieve the worst cases—but at this season of the year almost everybody is liable to a cold, which if neglected, will lead to fatal results—by taking this medicine we do not many lives may be saved. Refer to the advertisement in another column.

☞ Dr. Guysott's Improved Extract of Yellow Dock and Sarsaparilla is a sure remedy for Hereditary Taint.

Thousands of individuals are cursed with grevious complaints, which they inherit from their parents. The use of the Yellow Dock and Sarsaparilla will prevent all this, and save a vast amount of misery, and many valuable lives, for it thoroughly expels from the system the latent taint, which is the seed of disease, and so taken off the curse by which the sins or misfortunes of the parents are so often visited upon the innocent offspring.

Parents owe it to their children to guard them against the effects of maladies that may be communicated by descent, and children of parents that have at any time been affected with Consumption, Scrofula or Syphillis, owe it to themselves to take precaution against the disease being revived in them. Guysott's Extract of Yellow Dock and Sarsaparilla is a sure antidote in such cases. See advertisement.

ATTENTION! THE WHOLE.

WE are now in Cadiz, for the purpose of making an immediate settlement of our business; and having but a short time to stay, must require all persons indebted to us to come forward immediately and settle up. Those who do not attend to this call, will find their accounts and notes in the hands of a Justice of the Peace for immediate collection. We will be found at the old stand.

DR. GUYSOTT'S IMPROVED EXTRACT OF YELLOW DOCK AND SARSAPARILLA. The remedy for Purifying the Blood, and Curing Diseases, and the only Remedy that is thoroughly efficient and perfectly harmless.—Dr. Guysott's Extract of Yellow Dock and Sarsaparilla, for the cure of all Diseases generated by impure blood—its great success justly entitles it to the name of the

Great American Specific.

So far as it is known, it is universally appreciated and many eminent physicians use it daily in their practice with the most happy effects, and certify that it is the best extract in existence, and the only one that

STANDS THE TEST OF TIME.

Every year adds to its great popularity, and multiplies its astonishing cures. The victim of

HEREDITARY SCORFULA,

with suparating glands, honey-comed flesh, and carries eating into his boner, finds Guysott's Yellow Dock and Sarsaparilla a balm for his afflictions. His horrible torments are assuaged, and his malady not only relieved, but

PERMANENTLY CURED.

It may be safely asserted from the results of past experience, that "Dr. Guysott's Extract of Yellow Dock and Sarsaparilla" is beyond all comparison, the

Most Wonderful Remedy on Earth!

for the following diseases, and all others proceeding from

VITIATED BLOOD:

Scorfula, or King's Evil; Rheumatism; Obstinate Cutaneous Eruptions; Pimples or Postules on the face; Blotches; Boils; Chronic Sore Head; Enlargement and Pains of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Scialia or Lumbago; and diseases arising from an injudicious use of mercury, acites, or dropsy, exposure or imprudence in life; Liver Complaint, Ague and Fever, Intermitting Fever, Cholera Morbus Dysentary, Diarrhœa, Plethora of Blood in the Head, Pain in the Back, Sides, Breast or Loins, Piles, and all forms of muscular, glandular and skin diseases.

It is a soverign specific for General Debility, and the best renovator for a Broken Constitution. It braces and re-invigorates every organ, promotes activity and regularity in every function, and produces that condition of the whole physical system, which is the best security for LONG LIFE

Let all who wish to purge the blood from the impurities contracted from the free indulgence of the appetite during the winter, and to prepare the system to

RESIST SUMMER EPIDEMICS,

resort now to "Guysott's extract of Yellow Dock and Sarsaparilla," which is proving itself an antidote for many of the most malignant diseases that flesh is heir to, and they will never be disappointed; for in this remedy the public faith has never wavered—never can waver; for it is found on experience, just as their want of faith in other and spurious compounds is also founded on experience. They

FLY FROM MINERAL NOSTRUMS,

to seek hope, life and vigor from this

PURELY VEGETABLE REMEDY.

Therefore, however broken down in health and spirits, however loathsome to himself and others, let no one despair of recovery; let the patient only understand that his hope of physical restoration lies only in "Guysott's Extract of Yellow Dock and Sarsaparilla," and persuade him for

His Life's Sake.

to try it, and we have no hesitation in predicting his speedy restoration to health.

Cure of an aggravated case of Erysipelas.

WOMAN'S DELICATE ORGANIZATION; It has no equal in the Materia Medica, and at that critical period of life when the first stage of her decline commences, its cordial and invigorating properties will enable her to

PASS THE CRISIS SAFELY.

The Great Remedy for Consumption of the Lungs, Affection of the Liver, Asthma, Bronchitis, Pains or Weakness of the Breast or Lungs, and other affections of the Pulmonary Organs.

WISTAR'S BALSAM OF WILD CHERRY is a fine herbal Medicine:—composed chiefly of Wild Cherry Bark and the genuine Iceland Moss, (the latter imported expressly for this purpose,) the rare medical virtues of which are also combined by a new chemical process, with the Extract of Tar—thus rendering the whole compound the most certain and efficacious remedy ever discovered for

Consumption of the Lungs!

☞ *Interesting Correspondence.*—Dr. W. V. Banks, of Xenia, Ohio, a highly respectable Druggist in that delightful village, informed us that the sale of Wistar's Balsam of Wild Cherry is unparalleled. The demand for it is so great, that he can hardly keep himself supplied with it. He has had in his store medicines for lung affections. Some of these were esteemed good and some gave temporary relief. But since he has had Wistar's Balsam of Wild Cherry, a number of the most serious cases were completely cured by its use. "I never sold a medicine," says the Doctor, "in which I had that entire confidence that I have in this."

☞ IT CURES!—Whenever Wistar's Balsam is introduced, it at once attains that high reputation which it so richly deserves. What can present its sale, when on every hand can be witnessed its wonderful cures! The worst cases of Asthma, recent and dangerous Coughs, (and also those that are of long standing,) Bronchitis or Consumption (in its early stages) are always cured by this remarkable Medicine.

HEREDITARY CONSUMPTION!

Cured by Wistar's Balsam of Wild Cherry.—The following cure of Jeremiah Isgrigg, of Consumption, (five of his brothers and sisters having died of Consumption,) is truly wonderful. Ought not this to urge the afflicted to make use of this health-giving remedy, when it is effecting cures like the following:

PLEASANT RIDGE, Hamilton Co., O., September 27, 1850.

J. D. PARK—Dear Sir: I take the liberty of advising you of the benefit that I have derived from the use of "Dr. Wistar's Balsam of Wild Cherry." I was prostated by that terrible scourge Consumption, in May last. The attack was truly horrifying to me, for five of our family (my brothers and sisters) had died of Consumption. I was afflicted with nearly all of the worst features. I had a distressing cough, and expectorated a great deal of blood, hectic fever, severe pains in the side and chest, cold chills, alternating with flushes of heat and copious night sweats.

I was under the care of a skillful physician, from the time I was taken sick, until about six weeks since, being then about helpless, and my friends considering my case hopeless, or at least beyond the reach of the physician's skill, advised the use of "Wistar's Balsam of Wild Cherry." Without my knowledge, my father procured it, and commenced administering it to me, and from the first day that I commenced taking it, my health improved, and in two weeks from the time I commenced using it, I was able to be out and oversee my business, and labor, which I still continue to do. I have taken four bottles of the Medicine, and now consider myself perfectly well. I make this statement to induce others that are afflicted as I have been, to make trial of "Dr Wistar's Balsam of Wild Cherry," which remedy has, under the blessing of Providence, restored my health. JEREMIAH ISGRIGG.

A Case of Bleeding at the Lungs.

Night Sweats, Harrassing Cough, Cold Feet and Extreme Debility cured by Wistar's Balsam of Wild Cherry.

CROWN POINT, Lake County, Ind., June 15th 1849.

JOHN D. PARK—Dear Sir.—As I have a deep commiseration for the afflicted, permit me to give you a brief history of my afflictions, and the benefits derived from the use of "Dr. Wistar's Balsam of Wild Cherry."

In July, 1849, I was attacked with a fever of a typhoid character, which left me in a very debilitated state, when in the following winter I was taken with a severe cold, which reduced me to such an extent as to give me the appearance of a confirmed consumptive. I labored under a severe cough—expectorated a great deal, and was troubled with cold feet and night sweats. I also frequently raised blood from my lungs. I continued in this state, gradually sinking under the disease, until January, 1847, when I was again attacked with fever. My friends despaired of my life, and my physicians thought I could survive but a short time. My extremities, especially my feet, were constantly cold, and almost lost their feeling. I continued using your Medicine about six months, and now enjoy excellent health. I would cheerfully recommend it to all persons having diseased lungs. Respectfully yours,

JOSEPH JACKSON.
