

BY TELEGRAPH.

ARRIVAL OF THE STEAMER ATLANTIC LATER FROM EUROPE.

New York, Aug. 4. The steamer Atlantic, Capt. West, arrived from Liverpool yesterday morning, at 7 o'clock, with dates to the 23d July, being four days later from Europe. She brings 132 passengers.

ENGLAND. In the House of Commons, the case of Mr. Solomons, the Jewish member, claiming a seat from Greenwich, had been decided against his being allowed to take his seat, by a vote of 118 to 71.

The Papal Aggression Bill had been carried through on the 2d, in the House of Lords, by a majority of 227.

John O'Connell had resigned for Limerick, to make room for the Earl of Arundel.

George Frederick Young, a distinguished protectionist, had been returned for Scarborough, in opposition to Earl Mulgrave, a free trader.

De Lingard, the distinguished historian died on the 18th ult., at Hornby.

G. Wright, Jr., failed at Liverpool, on the 22d, for 60,000 pounds sterling, and T. & W. Stock, for 35,000. Both these failures were caused by the decline in Cotton.

At the Exhibition, on Monday, the shilling receipts were £3,340.

In the French Assembly, the question of the revision of the Constitution had been DECIDED ADVERSELY, by a vote of 449 in favor, to 228 against it, not being two-thirds required by the Constitution. The subject overpowers all others in Paris. The Ministry are accused of corrupt movements in relation to petitions for revision.

An amendment was moved, but was defeated by a majority of 13. It was reported that the whole ministry had resigned on Tuesday, but the report is not credited in London.

Other than this, the news from the Continent is unimportant.

Arrival of the Steamship Europa. THREE DAYS LATER FROM EUROPE. New York, Aug. 4.

The Steamer Europa arrived at Halifax at 8 o'clock this morning, with dates from Liverpool to the 29th ult., being 3 days later than the Atlantic. She brings eighty passengers.

While off Halifax the Europa ran into the fishing schooner Florence, and sunk her immediately. The crew 14 in number were saved, with the exception of one drowned.

The steamer City of Manchester, of the Philadelphia packet line, sailed from Liverpool on the 26th ult., for Philadelphia with 175 passengers.

COMMERCIAL INTELLIGENCE. Liverpool, July 26.

Breadstuffs exhibited slight improvement since the sailing of the Atlantic. Baltimore flour is selling at 20s 6d @ 21s 3d.

Bacon—Prices have advanced 1s per cwt. Groceries—Coffee, tea, and sugar are dull, and prices are tending downward.

Cansels have advanced 1/2 since the sailing of the Atlantic.

Trade in the manufacturing districts is better.

France is tranquil. The ministry had tendered their resignations, but the President refused to accept them.

Late from California. Great Fire in San Francisco—Five Hundred Buildings Destroyed—Loss Three Millions of Dollars—Loss of Life.

New York, August 6. The Empire City, which left Chagres on the 25th of July, arrived this morning. She brings 300 passengers and \$400,000 in gold dust on freight, and \$300,000 in the hands of passengers.

The city of San Francisco was visited by another destructive fire on the 22d of June. The offices of the Alta Californian was blown up, with a view to arrest the progress of the fire, but without avail. Everything was burned from Pacific to Washington street, and East, excepting two or three buildings near the corner of Jackson street.

From Washington street the fire crossed over the rear of the Eldorado House, and the new Theatre, which was the last destroyed. The flames spread thence to Merchant street, and thence crossed to Clay street, on the North side, below the California Exchange, and thence extended to the brick building on the North side occupied by Rallant & Wilde, corner of Montgomery street. During the progress of the fire, immense quantities of goods were removed to the Plaza, where they ultimately took fire and were destroyed.

Along Broadway everything was consumed as far as Kearney street. On Pacific street the fire consumed everything in its course as far as Ohio street, including the City Hall and City Hospital on Jackson street. Everything was consumed on Montgomery street, and a few houses below. On Stockton street the fire extended as far as Washington, and there crossed diagonally into Washington street in the rear of the Baptist Church, which was saved. It then extended down Washington street along Dupont, taking the Jackson House in its course, and the California Restaurant, adjoining. Patients, in the City Hospital to the number of ninety were removed to a lot in the rear of the Hospital, and all were saved.

The Presbyterian Church, on Stockton street, was burned; also Mr. Bach, of the firm of Bach, Burnett & Co. The number of buildings destroyed is not less than 500, and the loss is estimated at three millions of dollars.

A row had occurred among the miners near Carson's diggings, in which two American and three or four Mexicans were killed.

Our city is growing up very fast. Two hundred buildings were erected during the past week.

A horrible murder has been perpetrated at Sonora. Some persons who took offence at some article in the Sonora Herald went to the room of one of the editors, dragged him out of bed and shot him through the head. They also killed two other persons connected with the office, and killed and wounded three or four others who went to their assistance.

CALIFORNIA MARKETS. Previous to the fire there was an improved demand for all kinds of goods, but the fire has completely unsettled the market. There is a fair demand for breadstuffs, for the interior supply is large. The shipments to California are very large and far beyond the wants of the people.

Intoxication—For a lively young gentleman to be left alone in company with a blooming young maiden of 18, for several hours, and not attempt to kiss her.

Below will be found all the election returns we have been able to collect up to the time of our going to press. It will be seen that the Democrats have been doing their duty. We shall, if possible, give the full returns next week.

Indiana Election. Indianapolis, August 6.

The following Congressmen are elected: Ninth District, Fitch, Democrat, by about 200 majority; Davis, Democrat, Seventh District, 126 majority; Hendricks, Democrat, Fifth District, over 2000 of a majority; Dunham, Democrat, Second District, 900 majority; Parker, Whig, Fourth District, 700 majority; Mace, Democrat, Eighth District, by a small majority. The First, Sixth and Tenth Districts are not heard from. The Legislature is decidedly Democratic. The details cannot be given with certainty.

Kentucky Election. Louisville, August 7.

In sixteen counties Powell has a net gain of 2,300 votes over that cast for Crittenden in 1843, who then had a majority of 8,300 in these counties. Thompson, Whig, for Lieut. Governor, was ahead of Dickson and Wickliff. The vote for the Democratic candidate for this office falls far behind that of Powell's.

The following Congressmen are elected: Boyd, Democrat, in the 1st district; Gray, Independent Whig, in the 2d; Ewing, Whig, in the 3d; Ward, Whig, in the 4th; Hoyt, Democrat, [probably], in the 5th; White, Whig, [probably], in the 6th; Marshall, Whig, in the 7th; Breckenridge, Democrat, in the 8th; Mason, Democrat, in the 9th; and Stanton, Democrat, in the 10th.

Alabama Elections. Philadelphia, Aug. 7.

We have despatches from Alabama announcing the election of six out of seven Union candidates for Congress. Benj. G. Shields, Union candidate is elected by a large majority.

In the 5th Congressional district in this State, Houston the Union candidate has a majority over Hubbard, the Secessionist, of 692. There are some small counties yet to hear from, but the returns yet to come in will not alter the results. The Union ticket is elected in every county heard from.

Late and Important from Cuba. New York, Aug. 7.

The U. S. mail ship Georgia arrived this morning at 3 o'clock from Chagres on the 27th ult., with 350 passengers, 150 for New Orleans and 200 for New York. She also brings 50 from New Orleans and 30 from Havana, making in all 430 passengers.

The Georgia sailed from Havana on the evening of the 21st inst. The steamer Falcon, for Chagres, and the steamer for New Orleans, sailed the same day. Great excitement in Havana at the time the Georgia sailed, owing to the news of meetings being held by the citizens of New Orleans in favor of liberty and independence.

The Government received some important news the night the Georgia arrived, which resulted in sailing of all the fleet of war vessels in Port, with the exception of the steamer Pizarro. This was effected in the most quiet manner possible. On the night of the 1st inst., it was rumored that armed forces were gathering on the Florida reefs, and that a part of the fleet had been despatched to that quarter. Expresses were arriving every hour from the interior, but the officials kept everything so quiet that it was impossible to learn the particulars of events.

The Government paper had been printed two days, and is said to have contained some exciting news from the interior, but its issue was prohibited until after the departure of the American steamers. Several executions had taken place, and but for the refusal of some regiments to fire on the condemned there would have been many more. Pardon has been promised to all insurgents who would lay down their arms, with the exception of the leaders, who are to be executed or transported to Spain.

Burning of a Steamer. New York, Aug. 7.

The steamer Trojan was burned this morning at her dock on North river, and two hands, Patrick Dugan, and Jas. McNulty, were burned to death. The body of a third, supposed also to be one of the hands has been found.

Margaret Garrett has been arrested in Brooklyn for the murder of Edwin Drumm at Newark on Monday last.

New Orleans, August 5.

The steamer Cherokee, from Havannah, brings private letters, which state that an attempted insurrection has been effectually put down. Many of the insurgents had been taken and shot.

The ship Jos. Badger, hence for Liverpool, laden with 2600 bales of cotton, was burned last night at the South-west Pass.

New York, August 6.

It is rumored that 300 men sailed from Staten Island in the Clipper Brig, for Cuba; others contradict the report, but it is certain that 500 are fully fitted, and are only waiting advice by the Georgia.

The steamers Connecticut and Commodore, bound for New York, came in collision in the Sound last night in the fog. We have no particulars of the accident.

The steamer Atlantic sailed to-day with 65 passengers, including Benedict and Belletti, of the Jenny Lind Troupe.

JUDSON ACADEMY, At Jefferson, Harrison County, O. THE FALL AND WINTER SESSION of the Institution will commence on Monday, August 18, 1851.

It consists of two terms of 11 weeks each. It is open to both Sexes. Any one of a good moral character, who desires to improve his or her mind and heart, will be admitted without limitation of age or attainments. It is only expected of each pupil, upon joining the School, to enter upon the studies which he or she is prepared to pursue. And those who do not desire pursuing a regular course may select such branches as are judged most advantageous. Students will not be kept separated by the sex distinction, but will be arranged in classes as may best promote their individual good.

And yet it is the intention of the Board of Directors to afford a systematic course of instruction, in the Mathematics, in the Physical, Intellectual, and Moral Sciences, and in English and Classical Literature generally.

To this end, competent and faithful Teachers will be sought, selected, and employed, and need to a few branches of study and directed to make the pupils as thorough as possible. The Board are happy to announce to the public.

Rev. Emanuel H. Scarff, A. M., will continue as the Principal of the Institution, whose labors as such during the past year gave such universal satisfaction. And also that, MISS CHARISSA E. SEYMOUR, Graduate of Auburn, N. Y. Female Seminary, will serve as Principal Teacher in the Female Department.

TO FARMERS.

IMPORTANT

MOORE'S SEED PLANTER, OR GRAIN DRILL.

Patented July 2nd, 1850.

THIS most valuable implement of husbandry, which has been thoroughly tested, is being used for planting Wheat, Rye, Corn, Oats, Barley, Beans, &c., etc., and is so constructed as to drop any quantity of seed per acre, and at any depth required. It operates equally well on all kinds of land, and is not injured by coming in contact with rocks, roots, &c., etc., and it is believed, is unequalled by any other implement of the kind in use, as may be seen by the Testimonials of some of the best Farmers in the State. It would be almost needless to relate the advantages of Drilling over broadcast sowing, which nearly every Farmer must be alive to the subject, as the many experiments have proved so often, that at least 30 per cent. more grain can be grown from the Drill, with one-third less seed than after broadcast sowing. The highest Premiums have been awarded by the Agricultural Fairs at New Castle, Delaware, October 24th; Philadelphia, October 7th, and Baltimore, October 23rd, 1850.

The superiority of this Machine may be judged by the FOLLOWING TESTIMONIALS: Extract of a Letter from Mr. G. M. Chase, near New Castle, Del.: "Your Drill stands unrivalled, as is admitted by all Farmers in the neighborhood, that have seen it in operation."

New London, October 7th, 1850. "I certify that I have used Lewis Moore's late improved Grain Drill, in putting in 185 acres of wheat for different persons, in quantities varying from 3 pecks to 24 bushels to the acre, and it has in all cases given entire satisfaction."

LEWIS MOORE, Bucks County, Pa., Jan. 6th, 1851. "The undersigned have used the Grain Drill, manufactured by Lewis Moore, of Lancaster Co., Pa., and express their entire satisfaction with its performance, and recommend it to Farmers as worthy of their patronage."

WM. STOEVELY, MATTHEW HOUSE, HENRY L. CARSON, Haverfield, two miles west of Cadiz, learn the great advantages of the Drill, and the truthfulness of the above statements.

Orders will be received for these machines, which are now manufacturing in Cadiz, Ohio, and will be furnished, at any stipulated time or place. And to purchasers they are warranted to give satisfaction. Address (jy30-4f) ISAAC & DYMAR, Cadiz, Ohio.
