Corner First Avenue and Broadway, Fargo, N. D.

Do You Like It?

Some men prefer the double breasted sack suit; the illustration here shows why many of them prefer the Hart Schaffner & Marx make.

Add to the good looks the quality, the style, the tailoring—that's why we sell them. You are sure of all-wool and no cotton with these goods.

No Street Car Line to Be Built to the State Fair Grounds

The prospects for street cars running to the fair grounds have gone "a glimmering."

The supervisors of Fargo township have positively refused to entertain any proposition satisfactory to the officers of the street railway company and negotiations between the street railway company and the supervisors have been discontinued.

Yesterday afternoon John S. Watson, representing the street railway company submitted a proposition to the supervisors of Fargo township. It was in the shape of a resolution amending the franchise resolution adopted by the supervisors last Saturday night, and in effect released the street railway company from operating the line to the fair grounds, except during races and fairs, until such time as the street railway company obtained a license to construct a loop of some kind on the east side of Broadway in Fargo.

The proposition submitted by the street railway company further included a guarantee that the line would be built and in operation by the time the fair was opened in July.

Another proposition, which was submitted to the board, was for a franchise to operate a line out Seventh street to the fair grounds from the present agricultural college line without any conditions as to service. This was also turned down by the board.

The resolution was returned to Mr. Watson by the supervisors this morning with the statement that the board of supervisors did not feel justified in accepting it.

The refusal of the supervisors to entertain the proposition, which is generally considered reasonable, comes as a distinct surprise. It has been the unanimous opinion of those who have kept track of the progress of events in the street railway project that officers of Fargo township would recede from their unreasonable demand that cars be operated on the stub line every day in the year as soon as it became apparent that the Fargo city council would not grant the street railway company a franchise to build the north side loop.

The building of the stub line to the fair grounds would give Fargo township in the neighborhood of \$10,000 of assessable property and this feature alone, it was thought, would make the officers of the township very anxious to have the line built. The line of reasoning adopted by the supervisors, James Holes, James Hickley and James Reddy, the three Jims, is a matter of considerable speculation on the streets today. The fact that Mr. Reddy has at different times been in the business of operating bus lines is recalled in connection with his part in the action of the board of trustees in refusing to grant a satisfactory franchise to the street railway company.

COMMERCIAL CLUB TRIP

All Arrangements Have Been Completed and the Itinerary Has Been Approved by the G. N.

Arrangements for the commercial club trip are practically complete. The schedule has been approved by the Great Northern and the necessary number has been secured to make the trip a sure thing, and a success.

There will be accommodations for a few more to join the party and any who may contemplate going should decide at once and furnish the secretary with their "ad." those that have already signed up should also get their "ad." to the secretary without delay, as it is necessary that they be in the hands of the printer immediately.

There are a few details to be discussed and the committee will hold a meeting at 3 p. m., Friday, any that

may be interested are invited to be present at that meeting.

The advertising to be secured for the individual members of the party is conceded to be valuable, while the city as a whole is much benefited in a general way, by reason of the enterprise exhibited in getting out into the territory in this manner.

Every one should come to the front and boost the proposition as much as possible.

Phone 585 for Delmest & Murphy's quick delivery of wines and liquors.

Half Price Shoe Sale
Friday and Saturday. Read A. L. Moody's ad.

SWITCHES

Of Fine Human Hair, also Wigs, Pompadours, Finger Rolls.

We manufacture goods to order here, also make up switches out of your own hair at moderate cost.

MRS. J. KOPPELMAN
810 Front Street.
Phone 1188. Fargo, N. D.

Next Monday
The Summer School will open at the Dakota Business College. Public school pupils who desire to "make up" grades, etc., as well as those who desire to prepare for business, will find this session a particularly good one. Attendance will be small and personal help abundant.

A. C. CLASS EXERCISES THE MURDER THEORY

Freshmen Will Present Mr. Bob Tommorrow Evening—Sophomore Exercises Saturday Evening.

Members of the freshman, sophomore and senior classes at the agricultural college are busily engaged at present preparing for their various class day exercises and the orchestral and choral association for a concert. The succession of the class programmes has been revived at the college and instead of all being delivered in succession for one week straight as formerly, they will this year be delivered in the remaining weeks of the term. This arrangement has been made to dispose of as much conflict with other events as possible.

At 8 o'clock tomorrow night in the college chapel the freshman class will present their programme which is to be in the nature of a class play, entitled Mr. Bob. Several, who are able to speak of the amount of work done in preparing it, predict that it will be well received. The play was presented a week or more ago, by a class in Wendell Phillips high school in Chicago and is said to have been very well taken.

The following members of the freshman class will present the play: Misses Thompson, Hunter, Dolansky and Van Horn and Messrs Miller, Heath and Parker.

The following night at similar time and place, the sophomore class will present its programme. The title is "Our State," indicating that the sophomores will devote their efforts to lauding North Dakota. Several humorous sketches are also to be introduced.

Regarding the senior class programme, which is to be given the evening of June 11, no definite particulars have been given. It has been stated, however, that as no central thought has been followed in preparing the programme, the selection will be of variable nature.

On Saturday evening, June 9, the Orchestral and Choral association will give a concert in the chapel. It is stated that likely only part of the programme will be given by the association and that the remainder will be miscellaneous selections such as solos, quartettes, etc.

No admission is to be charged at any of these affairs and it is hoped that the various programmes will be delivered to a full house.

Two lots on Broadway for sale by O. W. Kerr Co. at a bargain if taken quickly.

RUSH OF LAND SEEKERS.
Large Number Going Through Fargo to Find N. D. Homes.

The rich prairies to the west and north are daily attracting thousands of the land hungry and a steady stream of homeseekers, prospectors, settlers and investors is flowing through Fargo bound for the new land where some are expecting to make their fortunes while others are merely seeking a competence, comfort and contentment.

Several parties of landseekers were in Fargo this morning, stopping here on their way to the west. Five of them were business men from Elgin, Ill., left this morning over the Southwestern bound for the neighborhood of Mandan. The party was composed of F. M. McDonald, C. Sherwood, S. V. Sheffeur, J. Lodenhausen and W. S. Hale.

Another party from Minneapolis was composed of C. E. Elliot, Nels Ely and Henry Palfrey. They were also bound for the west.

The Northern Pacific coast limited which passed through here this morning was loaded with homeseekers and consisted of sixteen cars.

Easy for Your Wife.
Make the burden of wash-day an easier one for your wife. Rid her of its hard back-breaking toil. Save all the extra expenses for fire, starch, soap, etc. Cut out all the mess and bother usually connected with Monday.

How? By giving the family washing to us to do. We will wash, starch and dry it for 6 cents a pound, or we will finish same at a reasonable cost. Dixon Laundry Co. Phone 666.

SOUTHSIDE MASHERS

Girls Can't Go Down the Street Without Being Accosted by Some Fresh Fellow.

Residents on the south side are after the scalps of the mashers who have been making life miserable for servant girls in that vicinity for the past few weeks. Complaints have been made to the police and arrests are promised unless the mashers seek pastures new. "My cook is positively afraid to leave the house at night," said a woman who called at the police station this morning. "She has been accosted several times by mashers and has been greatly annoyed."

Other servant girls have had similar experiences and several have indicated their intention of leaving their situations if they cannot be assured immunity from mashers while returning to

their places of work in the evening after a stroll down town.

There appears to be several fellows who make a practice of haunting the southside district and accosting young women who pass along the streets unaccompanied. One instance in which a young woman used her umbrella with good effect on the masher's head has been reported but the evil does not appear to have been checked any. Policemen in plain clothes will have the proper effect, it is believed.

SEED POTATOES.

Choice Early Ohio seed potatoes for sale at the Hector farm adjoining the city. Phone 1160-1 long 3 short.

DEM LEGISLATIVE TICKET.

The Leaders of the Unterrified Claim There Will Be One.

Cass county democrats may put a complete county ticket in the field. The advisability of so doing is now under consideration and it is expected that a decision will be made within the next twenty-four hours.

"We will surely have a legislative ticket," said a prominent democrat this morning, "and it is probable that we will select candidates for some of the other county offices."

THE "RED CROSS" DRUG STORE

WILSER
FRONT STREET.

Heating Plants Need Care in Summer.....

Steam and hot water boilers need washing and drying out in summer. Old water left in boilers contains properties which injure. Soot and Sulphur causes deterioration.

Pipes and ash pans should be cleaned, doors opened, etc. Outside should be painted with heat proof enamel.

If you do not care to do this yourself, advise us and our experienced boiler man will do it for you.
