NORTH DAKOTA KERNELS

"George Duis, publisher," appears at the head of the Grand Forks Press. Where does McCann come from? The Grand Forks mayor will be initiated into the newspaper fraternity at Valley City July 20.

Rats are killing the chickens at Sheldon.

Dr. L. B. Greene, formerly the star quarterback on the A. C. football team, is now located at Monango—and if he physics his patients like he used to work the A. C. team they'll all get well.

There is one thing that can be said of the socialist candidates who have permitted themselves to be nominated in this state—they are not in politics for the offices.

The robbery of a number of northwestern postoffices and depots within a week or two has given rise to the belief that an organized band of yeggmen is at work.

The Gollmar and Campbell circuses are busy abusing each other, and occasionally each of them gets a little unfavorable comment from a paper in the town where it has appeared.

Ten thousand acres of new sod tributary to Eldridge have been broken this season. That section of the state was overlooked for a good many years by immigrants but it is making up for lost time.

The county equalization boards are at work, and the property lists will be passed on soon to the state board. And it is the state board which, more than anything else, the machine seeks to control.

McCumber is getting ready for a substantial boom.

There is some talk of the democrats nominating Willis A. Joy of Grand Forks for governor.

At Bathgate, night parties are hunting for wolves, which have been destroying lambs.

The farmers of Granville are preparing to erect a co-operative elevator.

The Granville creamery has introduced the custom of returning the buttermilk to its patrons to be fed to the stock, and the results are said to be decidedly satisfactory.

There are fifty criminal cases on the district court docket for Ward county.

A miscreant entered Bob Walton's pasture near Antlers and cut off the mane and tail of one of his fine brood mares. The American thinks that the culprit should be stripped naked and staked in the middle of a mosquito swamp with his hands tied.

The LaMoure pioneers and Sunday school picnicked together.

The Pink Paper wants Bathgate to have modern lights.

The Larimore creamery is in a flourishing condition, being better than the promoters expected.

The Mayville races will be July 11 and 12. The programme is a good one and over \$400 has been offered in premiums. The Forum has received, and begs to acknowledge with thanks, a complimentary ticket issued in favor of the editor of The Grand Forks Times.

Some Foster county farmers are trying to interest enough wheat growers to build a terminal elevator.

Work has been started on the Farmers' elevator at Lidgerwood.

Julia, the little daughter of John Matuska, of Lidgerwood, had her left leg broken in two places above the ankle last Monday. She was taking the cow to pasture and was leading it, while her sister was driving. The cow was not inclined to go along properly and she called to her sister to drive her faster. On being driven, the animal broke into a run and dragged the little girl along, and while she was being dragged she stepped into a hole where her foot caught in such a manner as to break her leg.

Chairman Hager, of the executive committee of the North Dakota Press association, has arrangements perfected for the excursion to the Yellowstone park, and it is expected that this excursion will be the most pleasant of any ever attended by the fraternity of this state.

The Lidgerwood Broadaxe says that the town had a very dry Fourth, the sale of liquor being suspended, with the exception of a few poor and unsatisfactory substitutes for beer. The Broadaxe sees prospects for a tremendous crop, and wonders how the money is all to be spent if the drought continues.

Mrs. E. R. Strome and daughter, of Minto, are spending their summer vacation in Alaska; thereby beginning the work of making a summer resort out of that land of gold and cold.

Edward McFadden of Rolla, 88 years old, has the best garden in Roulette county, and does all the work of planting and cultivating it himself.

The safe in Kilzer Bros. store at Richardson was blown open and \$200 in cash secured.

Work on the construction of the sewer and water works system for Dickinson has commenced.

According to the Dickinson Post, P. H. Daly of that city has on exhibition at his office the tooth of some species of pre-historic monster which the section men partially uncovered at a point west of the city. The tooth is about eight inches in length, and probably two inches and a half in thickness.

A couple of smooth grafters who tried to work an old settlers' meeting near Lee, thought a house had fallen on them, when they refused to make themselves scarce after being told to do so.

FORKS DAY AT THE FAIR

The Times Urges the Forkers to Turn Out in Large Numbers at Fargo July 25.

Grand Forks Times: The people of this city will make a special proof of their fidelity to a sister city when the delegation goes from Grand Forks to Fargo on July 25 to attend the state fair.

Last year the people of that city came by hundreds to show their interest in the fair when it was held in this city and they did everything in their power to assist in making the exposition a success. One day has been set apart this year and is especially devoted to the interests of this city. The only thing which we are asked to furnish is the crowds.

The directors of our own fair are doing everything in their power to secure the attendance of such a crowd as will prove that Grand Forks is the most progressive city in the state.

It is not only for the good of Fargo that the crowd should attend. The day has been advertised as the especial property of this city and if only a few of the people attend it will give the state the impression that we are decidedly non-progressive as a city.

A large attendance will show that we are not only willing to reciprocate the courtesy extended to us last year but that we are desirous of letting the people of the northwest know the advantages of the city. People are largely influenced by appearances, and if those who attend the state fair from other parts of the state see large crowds from this city they will conclude that we are enterprising and progressive, and the report will be worth much to the city.

Do Not Neglect Your Bowels.

Many serious diseases arise from neglect of the bowels. Chamberlain's Stomach and Liver Tablets are a pleasant and agreeable laxative. They invigorate the liver and regulate the bowels. For sale by all dealers.

Verona.

Verona, N. D., July 9.—To The Forum: The husbandman of this vicinity are fearful lest we have more precipitation.

Mr. Kahle and Mr. Snell, the farm implement dealers, are vending a number of mowers and rakes at this time.

John Eggiman has and is troubled with the same difficulty that annoyed him last fall. The operation he was subjected to at that time was successful but he has not followed the directions of his physician explicitly enough and as a result he is compelled to take a vacation for a few weeks that the troubled member might find relief. Henry Wachholz has been employed by the firm of Eggiman & Muralt to work in the absence of John.

Carpenters have been putting in a sidewalk the entire length of Second avenue. This improvement has been a long time on its way and the lack of it has annoyed our people considerably.

Councilmen Wilson, Tiedeman, Kahle and Marshal Smith assembled in the office of the Lory-Wilson Land Co. at the usual hour and decided to build a suitable hall and make some changes on the police force. Mr. Smith, who has given entire satisfaction as a preserver, handed in his resignation. John Muralt is his successor.

The Fourth day of July was celebrated here. We were expecting a larger number of people present than we had but we had a good time in spite of the paucity of numbers.

Thies & Tiedeman are getting their wood removed from the Monarch elevator to their lots just south of the park. They have a new engine and will soon have the old saw humming.

Mr. Hudson has erected a new ice cream parlor just north of his store. It is a nice little structure and he says that the business coming into the place has exceeded his expectations.

A number of our people were quite worked up over the report that an attempt was made to break into the bank. It seems that the assistant cashier could not be aroused from his slumbers and Mr. Porte took it for granted that he had been tampered with and at once proceeded to spread the news to his fellow townsmen who immediately proceeded to get out their shooting irons and fire them at an angle above the institution in the hope that such would put them to flight.

One of the Royal Neighbors tells us that Mrs. Quinn of this place will assist the manager of the Royal Neighbors in organizing lodges at different parts of the state.

WEAK, WEARY WOMEN.

LEARN THE CAUSE OF DAYLIES AND END THEM.

When the back aches and throbs, When housework is torture, When night brings no rest nor sleep, When urinary disorders set in, Women's lot is a weary one.

There is a way to escape these woes. Doan's kidney pills cure such ills. Have cured women here in Fargo. This is one Fargo woman's testimony. Mrs. M. A. Smith of 1336 First avenue south, Fargo, N. D., says: "I know the value of Doan's Kidney Pills through the experience of my sister, Mrs. E. Holman, of Grafton, N. D. She had doctored and treated for kidney complaint for years without any radical benefit. When Doan's Kidney Pills were recommended to her by a friend she began using them and found prompt relief that increased continually until she was completely and permanently cured. From what I know of Doan's Kidney Pills they always bring satisfactory relief and can always be relied upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

AT THE PLAY HOUSE.

July 11-12—Vaudeville.
July 17—Henrietta Crossman.

The Orpheum Vaudeville Co promise a big musical programme at the Fargo opera-house today and tomorrow for three performances daily.

The big number is the Bell trio of clever vocalists who give some beautiful light operatic selections and also are all three splendid comedians.

Kerian Curtis' new illustrated song this time is entitled, "Only a Message from Home Sweet Home."

The Medallion trio present a one act musical comedy that will prove to be a decided novelty. It is called "That Girl."

The moving pictures are the best yet and include "The trials of an Automobillist," "Gaities of Divorce," "August, the Educated Monkey," and others amounting to nearly 3,000 feet. Get the habit to the coolest place of amusement in the two cities.

Henrietta Crossman has a record run of 100 nights in New York City as Rosalind in "As You Like It." This is the longest run ever achieved by a woman in Shakespeare. Since that run she has revived "As You Like It" five times in New York, making a total of 150 performances of the comedy in that city.

Oriska.

Oriska, N. D., July 9.—To The Forum: While this correspondent was not able to participate in the celebration here the Fourth it is a pleasure to report it a great success, both in attendance and in the general features of the day. The day itself was one of the best products of nature. The people gathered from the surrounding country until more than a thousand were early on the streets. Oriska herself was early wide awake. She was suitably dressed and adorned for the occasion. Among the chief features we note a procession of floats representing business and industry, remarkable for its size and beauty.

The literary and musical programme was well executed. Lawyer Engliert, of Valley City, delivered a fine oration on the genesis of the day celebrated which was replete with patriotic lessons. It was listened to by a large number. The ball game between the Oriska nine and the Fingal nine was spirited, occupying but little over an hour, Fingal being victor. The score stood six to three. The Minnie Lake team failed to show up, and so a nine was improvised of the Fingal lads who faced the Oriska boys in a game that was a draw.

The Moorhead band failed to appear, and Valley City was called on, and responded nobly. The music was greatly appreciated. Over ninety tickets were sold for the dance in the evening which was largely attended by those who did not go to the floor.

The various races were contested by the home and out of town people, and among the latter was Leland Follett, of Fargo, who was here to spend the Fourth with his father. He won prizes in several races.

Our merchants were kept so busy they had no opportunity to take in the many good things going on all around them. The Oriskans justly have pride in the celebration, it was so far beyond their expectations, but have a sense of humiliation over the drinking and drunkenness too much in evidence during the day. The first encounter by two locals, the result of too much booze indulgence, shamed the good people of Oriska, but so long as the law allows the personal, private use of liquors there will be shameful exhibitions, and besides the village is poorly policed.

Washburn.

Washburn, N. D., July 6.—To The Forum: Mrs. Hans Hattan died at her home yesterday of heart disease. The deceased was one of the oldest settlers and a most respected member of the community. She leaves a surviving husband and a number of sons and daughters. Funeral services will be held at the home tomorrow at 1:30 p. m.

Hon. Peter Granberg of Garrison is attending to business in our city.

Deputy Sheriffs Selz and Patterson accompanied Peter Grantz to the hospital for the insane yesterday.

July Fourth was a quiet day in Washburn as most of her citizens went to Napoleon and Underwood, while a goodly number were at Center. All report an enjoyable time.

Oscar Sjols was drowned in the river at the boat landing here yesterday. The unfortunate man had become overheated from carrying a jag and jumped into the river to cool off.

The Washburn ball team have finally won a game of ball. They had to go clear to Napoleon to find a victim and jumped onto that little inoffensive team to the tune of 4 to 2.

Hon. Peter Schmidt is hurrying the work on his new dwelling house.

When completed, Peter will have one of the finest residences in the city.

The carpenters are rushing the work on Banker Funk's new dwelling, which will be completed in about ten days. The banker has selected a beautiful site for a dwelling right on the hill overlooking the river and adjacent to the Catholic church on one side, while Brother Kohrer occupies the site on the other side.

Crops are looking fine in McLean county and with a few more weeks of favorable weather, a bumper crop will be harvested.

Attorney Hyland left for the hospital at Rochester, Minn., where he will undergo an operation for appendicitis.

Dr. Sawyer returned from a week's trip to St. Paul, Minneapolis and other Minnesota points.

Masons will commence work on the Haugeberg brick block the first of the week.

Clerk of Court Schmidt is spending a few days at Mannheim on a business trip.

Hon. Albert Frietag of Marbass was in our city yesterday on business.

Men Wanted

Eighty-Five Excursionists.

The Forum Receives Wire From Mr. Kerr on Way to Alberta.

The following laconic telegram was received by The Forum this morning, which indicates the rushing business being done by the O. W. Kerr Co. in the famous Southern Sunny Alberta.

Mr. Kerr going personally on this trip: North Portal, Sask., July 11.—Forum, Fargo, N. D.: It pays to advertise. We had eighty-five men for Sunny Southern Alberta when we crossed boundary.

O. W. Kerr.

Sentinel Butte.

Sentinel Butte, N. D., July 9.—To The Forum: We have enjoyed a week of still, warm weather; corn is growing fast under the 90° sun.

L. F. Crawford drove out to see his cattle Saturday. Shipping will commence by August.

Rev. Powell, state superintendent of the Congregational church, occupied the pulpit Sunday morning. We listened to a splendid sermon.
