Valuable Prizes Are Hung Up for the National Rifle Matches

Washington, D. C., April 15.—The programme for the national rifle matches at Camp Perry, O., commencing Aug. 28, has been arranged. Monday, Aug. 26, and Tuesday, Aug. 27, have been set aside for preliminary team practice. The national team match will begin on Wednesday, Aug. 28. The first prize in this match will be the national trophy and \$300 cash; second prize, the Hilton trophy and \$200 cash; the Soldier of Marathon and \$150 cash. There will also be prizes of \$100, \$75 and \$50, to the fourth, fifth and sixth teams, and a medal to each member of the winning teams.

In the national individual match there will be a number of gold, silver and bronze medals, carrying with them cash prizes ranging from \$5 to \$60. In the national pistol match there will also be a number of medals and cash prizes.

An important decision in this connection is the one that no person who is either a principal or alternate on any team entered in the competition for the national trophy shall be eligible to serve either as principal on any other team at the next yearly competition for the national trophy. This provision does not apply to members of the teams from the United States Military or Naval academies should they be entered as members of these teams, graduating might be found in the army or navy team next year. The matches of the National Rifle association will be shot the week preceding the national matches, and upon the Camp Perry range. The Ohio Rifle association matches will be shot at the same time and place.

Immediately following the national matches, the matches of the New Jersey Rifle association will be shot at Sea Girt, N. J. Although the matches of the National Rifle association and the national matches will be shot in Ohio, the Sea Girt shoot is an attractive affair as it will be the seventeenth annual competition. During these seventeen years a number of matches have been established, including those for regiments and company teams and individuals. Prizes will consist of time-honored trophies and cash. New matches are announced for a prize to be given by Senator Briggs for regimental teams, and a prize to be given by Col. Anthony R. Kuser, and a slow fire match for regimental teams, the trophy to be given by ex-Governor and ex-Attorney General John W. Griggs. It is expected that many of the riflemen in attendance on the national matches in Ohio, will go to Sea Girt for these matches. Gen. Bird W. Spencer, formerly president of the National Rifle association, will have charge of these matches.

Mr. Brutus J. Clay, American minister to Switzerland, forwarded, through the department of state, a note received from the committee of the Ter Federal, inviting the American marksmen to be represented by a delegation at the international rifle and pistol matches to be held at Zurich in July, 1907. It will be impossible for representatives of the American army to be present on the occasion, but it is likely some individual riflemen will attend, and there is a possibility a team will be sent by private individuals.

Iowa proposes to sell its present national guard camp ground, consisting of 160 acres north of the army post at Des Moines. This ground can be sold for about \$125 per acre or more, and north of the city a desirable rifle range and camp can be secured at \$50

per acre. It is proposed to add to the funds thus secured a part of the state's share of the government appropriation for rifle practice, which will enable the state to secure a much larger camp ground, and to fit up an excellent range.

General Grant, commanding the department of the east, has directed that the annual rifle practice of the troops stationed about Washington shall take place on the range of the naval academy, at Annapolis, Md., which has been placed at the disposal of the department for this purpose by the navy department. There is a great deal of interest in small arm practice among the middies and they have a first-class range.

The National Rifle association has presented a gold medal to the Topeka, Kas., Rifle club, which will be awarded to the best shot in the club. A 500-yard range is being laid out near Topeka, and the club is reported as doing excellent work.

Mr. S. L. Bowen of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures. H. H. Casselman, Lion drug store.

ARBOR DAY PROCLAMATION.

State of North Dakota, Executive Mansion, Bismarck—Forest trees are of mighty importance in the economy of nature. They shelter man and beast from winter's icy blast and from summer's scorching sun. They supply man with fuel for his fireside and lumber for his home. They have a beneficial influence upon the rainfall, the air, and the soil; and in the spring-time their emerald-tinted tops are vocal with the songs of sweet birds, while from underneath their foliage rings out the still sweeter music of childhood's happy laughter.

For all these, and for the purpose of encouraging the planting and cultivation of forest trees, and in accordance with a long established custom, I do hereby designate

FRIDAY, MAY THIRD,

AS ARBOR DAY

for this state, as a day set apart for the planting of trees, shrubs, flowers and vines, for the beautifying of homes, public schools, and public grounds. The only exercises held in the public schools on this day should be those relating to forestry and kindred subjects, thus awakening in children the inherent love for three and a bird and flower and impressing them with their great importance and beauty. Let each and all unite in a simultaneous effort to beautify the home, the school, the field and farm, by planting trees, shrubs, vines, and flowers, that will yield an annual harvest of bud, blossoms, leaf and flower, for this and generations yet to come, as the years go by.

Given under my hand and the Great Seal of the State of North Dakota, at the capital at Bismarck, this 5th day of April, A. D. 1907.

By the Governor:

JOHN BURKE,

Governor.

(GREAT SEAL)

ALFRED BLAISDELL,

Secretary of State.
