Moe's Great Shopping Carnival

A unique and original reproduction of the ever-popular Street Fair, with our own pike and bargain booths, the ridiculous features of which will be our low prices; the whole store appropriately trimmed giving it a touch of High Carnival, affording a store picture worth coming miles to see.

Nothing like it ever seen in these parts---a veritable bargain pageant. From every point of view this sale will eclipse our every past effort for the time of year, for think of it, our New Spring Merchandise is now here and for the most part will go on sale at prices you will not expect to get till the close of the Season. Come and see how pretty the store looks, and incidentally to make money. Ready Saturday, March 20th, 10 a. m. sharp.
