PLAN A COMBINENATIONAL FARMERS' UNION WILL  
CONSTRUCT CHAIN OF WARE-  
HOUSES AND PUT BIG  
PROFITS IN FARMERS'  
POCKETS.Springfield, Mo., May 14.—A plan to  
construct a chain of warehouses in the  
grain producing territory to hold wheat  
for high prices, was endorsed here  
today at the mass meeting of the grain  
growers and cattle drovers' branch of  
the National Farmers' union. It is be-  
lieved by delegates that farmers by the  
next season will be prepared to handle  
a large per cent of their crops in this  
way.At the invitation of the American  
Society of Equity, the farmers also  
promised to co-operate with that or-  
ganization.  
Resolutions adopted urge opposition  
to legislation which aims to control  
railroad rates by ignoring state's rights,  
and endorse the efforts of congress-  
men to secure appropriations for agri-  
cultural schools.Representative T. G. Nelson, of  
the Equity society, told of the compre-

hensive plans of that organization.

"The object sought by members of  
the grain growers' department this  
year," he said, "is much the same as  
the purpose for which this convention  
has been called by the Farmers' union.  
By collective marketing, members of  
the society will sell their grain to mil-  
lars and export product will be sold  
direct to the English and Scotch  
wholesale co-operative society of  
Great Britain. In this way we will  
pass crops by the ship quarter and  
be our own middle man. By getting  
for themselves the profit which goes to  
the shipper and the middle man, the  
grain growers, no matter whether the  
price be high or low, get a greater in-  
come for their crops, without a corre-  
sponding increase in the cost of bread  
to the consumers."D. J. Neill, of Fort Worth, Texas,  
president of the Texas state union,  
warned the farmers to prepare for ag-  
gressive action against the wheat op-  
erators of Chesny.

## EGAN TO KEEP POST.

President Taft to Reappoint Him as  
Minister to Denmark.Copenhagen, May 14.—Rumors ap-  
pearing regularly in the Danish news-  
papers that Dr. Maurice F. Egan,  
American minister to Denmark, was  
to be recalled, were silenced by the  
minister's announcement that Presi-  
dent Taft has officially informed him  
that he shall retain his post. King  
Frederick recently expressed the hope  
that Dr. Egan would remain here.JAP SEALER IS  
WARNED TO LEAVEALASKAN CUSTOMS COLLECTOR  
BOARDS VESSEL SUSPECT-  
ED OF POACHING.Seattle, Wash., May 14.—A cable  
dispatch from Cordova says that,  
while en route from Juneau to Cor-  
dova on the steamer Portland, J. R.  
Willis, collector of customs for Alas-  
ka, warned a Japanese sealing  
schooner to leave the restricted fish-  
ing limits.The sealer was sighted at Yakutat  
bay. Collector Willis boarded the  
vessel and found it to be the Maza  
Maru, with a crew of thirty-six men.  
The captain claimed that he had put  
in for water, but sealing implements  
were found on board and he was  
given six hours to put to sea, under  
penalty of seizure.Collector Willis thinks the sealer  
was waiting for the big herd of seals  
now going up the Alaska coast. This  
is the second Japanese schooner found  
within the restricted fishing limits  
this spring.IMPORTED CANARY SEED

IS RECOGNIZEDANNUAL MEETING OF STATE  
FARMERS' INSTITUTE BOARD  
TODAY—SPLENDID REPORT OF  
YEAR'S WORK—HOVERSTAD IS  
AGAIN SUPERINTENDENT.The North Dakota Farmers' In-  
stitute board held its annual meeting in  
Fargo this morning. This board con-  
sists of the president of the board of  
trustees of the North Dakota A. C.,  
Geo. H. Hollister; the commissioner  
of agriculture and labor, W. C. Gil-  
breath; the dean of agriculture of  
the North Dakota A. C., J. H. Shep-  
pard, and the president of the A. C.,  
J. H. Worst.The new organization as perfected  
this morning is as follows.  
President—J. H. Sheppard.  
Secretary—Geo. H. Hollister.  
Superintendent—T. A. Hoverstad.

## Great Year's Work.

The annual report of Superin-  
tendent Hoverstad showed that the past  
year has been remarkably successful,  
not alone in the efficiency of the  
work done, and in the large number  
of excellent workers who have as-  
sisted, but more particularly in the  
marked enthusiasm of the farmers of  
the state. The attendance and in-  
terest surpassed that of any previous  
year.The report shows that the institute  
workers addressed 42,000 people at  
these meetings and that there was an  
average attendance of 200 at each  
meeting.

## Will Enlarge the Work.

Besides hearing the annual report  
and the election of officers, the work  
for the coming year was discussed  
and it was decided to greatly en-  
large the field of operations in the future.It is the opinion of the members  
of the institute board that the possi-  
bilities for enlarging agricultural  
operations in this state by more in-  
tensive farming are stupendous and  
they will use every effort to assist in  
developing the newer portions of the  
state and to increase the yield of all  
kinds of products in the older por-  
tions.To this end they will help to pro-  
mote all laudable lines of business  
which have for their end better or  
more extensive agricultural opera-  
tions.

## Saturday Only.

The beautiful new taffeta silks, in all  
new spring colors, worth 75c, will be  
sold at 39c for Saturday only, at A. L.  
Moody's.

## \$250 Verdict for Stutsman.

Bismarck, N. D., May 14.—The jury  
in the Morton county court gave At-  
torney Stutsman a verdict of \$250 in  
a personal injury case brought by him  
against Sullivan and Schallern of  
Mandan. Two years ago Stutsman  
loosed the Mandan Pioneer from the  
men and after a misunderstanding as  
to business matters, the defendants  
threw Stutsman out of the printing  
office and beat him up. Stutsman  
sued for \$5,000 and the case has been  
before the courts for two years.ACCEPT PASSES  
IS THE CHARGEFLORIDA SENATOR AND OTHERS  
INVOLVED IN THE COM-  
MITTEE'S REPORT.Tallahassee, Fla., May 14.—Charges  
that many persons of prominence in  
Florida have accepted passes on the  
railroads, contrary to law, have  
been submitted to the house by a  
committee appointed to investigate  
the pass files of the state railroad  
commission. The report was referred  
to the committee on judiciary.Among those reported as having ac-  
cepted passes are:  
United States Senator Talliaferro,  
Representative Frank Clark, Former  
Representative Robert W. Davis, A. C.  
Crom, State Comptroller W. T. Baus-  
kett, secretary to Senator Talliaferro;  
United States District Judge Alex  
Bowman.PLOT IS FEARED  
BY GOVERNMENTPORTUGAL ARRESTS POLITICAL  
SUSPECTS AND ADOPTS  
OTHER PRECAUTIONS.Lisbon, May 14.—Uneasiness is cre-  
ated by the fact that during the past  
few days the government has made a  
number of political arrests, searched  
the houses of suspects, and adopted  
other precautions.The authorities maintain reticence  
concerning the measures, which are  
attributed to the discovery  
of a plot or the fear of a big republi-  
can demonstration to take advantage  
of the present political anarchy in  
parliament.The local garrison is constantly be-  
ing kept under arms.

## N. D. EGGS IN DEMAND.

Over \$10,000 Paid Out by Single James-  
town Dealer in a Few Weeks.Jamestown, N. D., May 14.—James-  
town is becoming a center for the col-  
lection and shipment of eggs. Last  
Friday a car of over 500 cases was sent  
to Seattle. These eggs are purchased  
principally from country merchants,  
and the points of purchase cover a  
wide extent of the state. Eggs are  
bought from as far west as Beach, also  
from points on the Jamestown and  
Northern, Turtle Lake and valley lines,  
and even the Great Northern territory,  
is invaded in the search for fresh eggs.The eggs are shipped to Jamestown  
by local freights and reshipped from  
this point to Seattle. Cash is paid,  
averaging about 18 cents a dozen. The  
eggs are mostly paid for in produce  
and very close to the selling price is  
paid farmers by the country merchants.  
It costs about 3 cents a dozen to ship  
the eggs to Seattle from this point,  
and from 450 to 700 cases can be ship-  
ped in a car. Within the last few  
weeks one dealer has paid out over  
\$10,000 for North Dakota eggs. There  
is an unlimited market for them in  
Montana, Washington and Oregon.DID FRITZ SCHUMM  
CHOOSE DROWNING?BODY OF CASSETON MAN TAK-  
EN FROM RIVER YESTERDAY  
AFTERNOON — NO GROUNDS  
FOR SUSPICION OF FOUL PLAY  
IN THE CASE.With his body hardly cold, his  
watch still running, with cash and  
valuables intact, the body of Fritz  
Schumm, age about 30 years, was  
taken from the Red river just above  
the city yesterday afternoon at 4:20.  
The fourth body of victims of a  
watery grave during the past few  
weeks was then taken in charge by  
county officials.Before Coroner A. W. Skeley had  
a chance to hold an inquest over the  
remains of the little child taken from  
the Shyenne river, he was called up-  
on to take charge of another body,  
and endeavor to unravel the facts  
concerning the death.The remains of Schumm were dis-  
covered by boys fishing at the Dar-  
ling farm. The sheriff was notified  
and the body taken ashore. He was  
easily identified, there being papers  
on his person to establish that fact.  
He was dressed in good working  
clothes and the indications are that  
he was sober at the time. The watch  
in his pocket was still running. Cash  
in the sum of \$18 with \$35 in certi-  
ficates of deposit on a Casselton bank,  
with other notes and valuables, were  
found on him.While he is not known well at Cas-  
selton, it is believed that he made his  
headquarters there, working about  
the country.Coroner Skeley is communicating  
with relatives and if it is desired an  
inquest will be held.

## SPECIAL NOTICE

To Home Builders and Hotel Folk.

The Big Removal Sale Continues for a Limited Period.

As formerly announced, on account of the delay in getting our new building ready for occupancy, and by special request, personal and by letter, of hundreds of friends and patrons, we have decided to continue the Reduced Prices of the Removal Sale for a Short Time Longer. We have this week brought forward the surplus stocks from our warehouse, also several carloads of the new housefurnishings just in from the factories at Grand Rapids and other manufacturing points, bought for the new store, but now placed on sale for a few days only at less than cost to land in Fargo. We prefer to do this, taking some loss now, than to risk carrying into the new building at a date so late that the "moving and house renovating season" is practically over for spring.

We shall continue the drastically reduced prices and persist in slashing and slaughtering values, creating greater bargains than ever before for a few days only. As soon as word comes from the contractors that our new building is ready to receive stocks, the sale will end and prices will resume their normal trend. Don't delay a day longer. This short respite will prove an appreciable boon to late buyers, home folk and hotel managers. The few examples printed merely serve as hints to thousands of equal or better bargains which swarm through the store.
