His machine remained in the air for two hours twenty-seven minutes and fifteen seconds. Sommer start d at 3:14 o'clock this morning in the bright moonlight. In the beginning he traveled slowly near the ground at elevations running from six to thirty yards, After the machine had become limbered up ,the aviator increased his speed and the coming of daylight showed him traveling and maneuvering easily. When it became evident that he had beaten the duration record held by Wilbur Wright, the assembled crowd cheered wildly and as Sommer came to the ground at 5:41:15 he was given a ovation.

#### One of the New School.

M. Sommer is one of the new school of French aviators, several of whom have recently made records that would have attracted world-wide attention a year ago. On July 27, he made a flight of one hour and twenty-three minutes and thirty seconds. Aug. 2 he flew nine miles in twelve minutes, which is at the rate of forty-five miles an hour, and on Aug. 4 he made a flight of a few seconds over an hour, He is using the bi-plane of Voisin Montgomery, Ala., Aug. 7 .- The type.
