THINK OF IT.

Stop and think a moment about that cough that bothers you so much. You must have been run-down when you got it. For if you had been perfectly strong your system would have thrown it off in two or three days.

Take our advice about this—what you really need is to build up your strength and enrich your blood; then the cough will disappear. We know it. Carl Schults of Coney Island, N. Y., says: "It took only two bottles of your delicious cod liver and iron preparation, Vinol, to put me on my feet again when I was all run down with a severe cough and cold which had lasted two months. I am recommending it to all my friends." Vinol is the greatest strength creator and body builder we have ever seen, and besides its value in healing up weak, sore lungs, it gives new strength and vitality to all weak, pale, run-down people. We guarantee Vinol to do this and give back your money if you are not satisfied. Fout & Porterfield, druggists, 61 Broadway, Fargo, N. D.

The Delights In Baking With CALUMET BAKING POWDER

To fully appreciate the real pleasure of baking, buy a can of Calumet and as a test bake a batch of biscuits.

See how light and wonderfully raised they come from the oven.

Then break one of them open and note how thoroughly, evenly and fluffily the dough has risen.

And the final test—the one that counts—taste and taste.

This test will prove to you that Calumet is the most dependable Baking Powder for every purpose.

It will prove its economy over the high-price trust brands and its great superiority over the cheap and big can kinds.

For Calumet is highest in quality—and moderate in cost.

NATOMA AND LOUISE

Grand Forks Musical Club to Hold Grand Event Next Saturday—Will Present Two Operas.

One of the musical treats of the season at Grand Forks and one which will interest many who intend to be in the twin cities for the grand opera season will be the presentation of two of the most popular operas next Saturday under the auspices of the Musical club of that city by Mrs. W. O. Fryberger of Minneapolis. The Times has the following comment:

Mrs. W. O. Fryberger of Minneapolis will arrive here next Saturday morning to give two lecture recitals before the Ladies' Thursday Musical club and during her stay will be entertained at the home of the president of the club, Mrs. F. S. Sargent of Reeves avenue. Mrs. Fryberger will return to Minneapolis on the late train that evening and the only entertainment in her honor during her brief visit will be a luncheon at noon at which Mrs. J. Nelson Kelly will be hostess and the members of the executive board of the club as guests.

Mrs. Fryberger will lecture on Chopin's opera, Louise in the afternoon at 2:30 o'clock at the residence of Mrs. F. S. Sargent, 185 Reeves avenue, and this will be an open evening. The detailed programme for the afternoon lecture has not yet been worked out but Miss Jennie Anderson, soprano, and Lawrence Anderson, baritone, will be the soloists. There is a great deal of solo work with this opera which works in beautifully with the lecture and with these two excellent voices the entertainment will be one of thorough enjoyment. Miss Cordelia Hulburt will play the piano part for Louise.

Victor Herbert's Natoma will be the pleasure in the evening and the lecture will be given at the First Methodist church at 8:15 o'clock. As this opera is to be one of the most popular numbers in the St. Paul opera season in January it ought to attract a large gathering of the musical public. The programme for the evening recital follows:

FARGO WOMEN ARE INVITED

WILL BE WELCOMED AT THE WOMEN'S DAY PROGRAMME THURSDAY AFTERNOON IN CONNECTION WITH TRI-STATE GRAIN GROWERS' MEETING.

At the afternoon session a special invitation is extended to the women of Fargo as well as out-of-town visitors, and the many good things announced on the programme will be of equal interest to both.

N. D. PEOPLE GATHERED

Former Residents of Three Northwest States Gathered at Los Angeles Recently.

San Diego Sun: One of the biggest meetings of state societies ever held in this city was that at which old residents of the two Dakotas and Minnesota gathered in Mission Cliff pavilion Monday. There were about 800 people present, most of them natives or old residents of the three states, who have decided that their delight in southern California climate has outweighed their love for the "old home."

So large has the three-state society become, that it was decided at Monday's meeting to separate the organization, forming a separate society for each state. This will facilitate the work of establishing headquarters for the state societies in the 1915 exposition here.

The tri-state organization will continue for six months until plans for the separate organizations have been completed. The officers elected to serve for that time were:

President, M. O. Hall, North Dakota; vice presidents, M. L. Murphy, South Dakota; J. D. Benson, North Dakota; and J. P. Christenson, Minnesota; secretary, C. A. Buckland, Minnesota; treasurer, B. F. Woodman.

The members of the society are among the most ardent boosters of San Diego county and, through their letters "back home" telling of the wonderful climate and other advantages, have induced many friends and relatives to come here to live. Indeed they claim that there is a larger percentage of residents of the three states, according to the population coming to San Diego to live, than from any other three states in the union.

A NEW WAY TO PREPARE WHEAT.

T. C. Rice has the following communication in the Chicago Tribune: Besides the many well known methods of preparing wheat for the table there is still another, and this the consumer undertakes for himself in this fashion: Clean the wheat by pouring it in the wind in order to blow out the dirt. Then wash with water, getting out all the light stuff. Cook until the grains burst open. This takes quite a while, yet the wheat can be brought to a boil and then left to cool, then boiled again and so on until it is thoroughly done. We enjoy the wheat prepared in this way and cook enough

The Theatres

Fargo Opera-house.

Jan. 15.—With Edged Tools.

Jan. 18.—Montgomery & Stone.

With Edged Tools, adapted from Henry Seton Merriman's famous novel, which comes to the Fargo opera-house this evening, with the entire original all-star English company, is almost as famous as the book itself. It ran for 1,200 performances in England, and then was transferred to Montreal, Toronto and Chicago, where it was equally successful. It is estimated that 1,000,000 have paid the equivalent of 1,000,000 shillings to see the play adapted from the book which has proven to have been read by over 2,000,000.

David Montgomery of Montgomery and Stone, is a native of St. Joseph, Mo.—St. Joe, as he calls it. This means that you have to show him. When the team of Montgomery and Stone went to London with Edna May in The Girl From Up There, Montgomery and Stone became almost as well known in the English capital as in this country.
