TO REWARD REDS IF THEY COP FLAG

Cincinnati, May 15.—Cincinnati business men will reward the reds should they win the National league pennant. At a meeting last night of a boosters' organization, Ed B. Wilbern, well-known globe trotter and millionaire hotel owner, announced that he would give each one of O'Day's men a \$1,900 automobile if they brought home the pennant. They will not have to win the world's series. Every member announced eligible for the big

FAMOUS EEA-YAH IS STILLED, JENNINGS IS A BROKEN MAN

New York, May 15.—That famous "Eah-yah!" shriek, that eccentric dance with one hoof hoisted high into the air with both arms stretched, that echoing whistle and many other maneuvers made famous by Hughey Jennings will be heard and seen no more inside the ball orchard. In other words, the tactics used by the tiger effort-vaseet pilot for five years have departed.

That auto accident of last winter has wrecked the health of Jennings, and instead of performing like a raving

maniac on the coaching lines, as he did for five years, the brainy little tiger leader is forced to change his habits around first and third base. Jennings is through with the noisy stuff. Not because he has tired of screaming, whistling and dancing; but his strength will not stand the strain. In fact, the auto smashup has brought about a complete change in Hughey's character.

When Jennings was injured last winter it is thought that the crash would result fatally, and at one time he was between life and death. But he won the battle. He fought and won. And now he is fighting again, his own temperament, refusing to weaken at the crucial moment, is keeping him alive today and keeping his tigers from crumbling with himself.

It was Hughey Jennings who made the tigers a triple pennant winning club. His system was copied by others, but where he succeeded they failed. His jovial nature, this same eah-yah, whistle and dance, infested his players with the same fighting spirit. Unfortunately, though, Jennings is not the same Jennings. He will leave the game some day, but when he does his name will remain in baseball. In the four games with the browns, Jennings served as coach in every inning, either at first or at third, but he wasn't the Jennings of old. He was on the lines to give the signals, to watch the runners and to keep the players from dropping into a state of drowsiness.

Doctors Say Keep Quiet. If Jennings will head the advice of his physicians he would keep off the lines and manage the team from the bench only. But he won't. He can't keep still, and so long as he dons his tugs he will keep his players fussing and moving speedily, or until it is a question of life or death, to remain or to retire from the game.

At present Hughey is on the verge of a physical collapse. The auto wreck left its marks, and they were such that perfect healing was impossible. On his right side is an injury that needs an operation, and the continued use of the knife on his flesh is ebbing away the natural strength, and it prevents Hughey from getting about as he could before the buzz-cart bumped against a bridge in Pennsylvania.

A president of a large tailoring establishment also told the organization that he would give a \$40 suit to each member, while a millionaire grocer announced that he would reward each player with a \$250 order on any grocery in town.

NORTH DAKOTA HAS THE BASEBALL FEVER.

The Grand Forks pickets opened the season Sunday and were defeated by the league team of that city by a score of 7 to 0. The pickets are one of the oldest organizations in the state and an aggregation a city can easily be proud of. They will be in the field this season with a strong line-up and ready to face any club in the state in Saturday or Sunday exhibitions.

The fast Cooperstown aggregation journeyed to Valley City Sunday and slipped one over on the Valley crew in a close and exciting game by a score of 5 to 4. The Valley bunch under the leadership of Emmett McGarry have been together only a few days and were not in the best of condition.

The Johnson Cycle team of this city opened the season with a victory over the Sabin club. The game was close and was decided by one score in favor of Manager Wheeler's team. The score was 10 to 9. Wheeler will take his team to the Forks Sunday, to battle the pickets.

The Moorhead athletics will take on Valley City next Sunday at Valley City. Manager Murray has a strong club this year and will make the best of an hustle to get away with the long end of the score.

Devil Lake and Minot are coming right along and will be ready to do battle in a few days. Owing to the wintry conditions of late the teams in the northern section of the state have been somewhat handicapped.

Casselman will be in the field with a local club this season and they bid fair to make a good record.

Beach opened the season at Dickinson Sunday and pulled away with a one-sided victory. Beach is one of the best baseball towns in the state of North Dakota and their ball team the past three or four years has been a credit to the city and the men behind the gun.

Mandan is a live one. The business men are behind the club of that prosperous city and have organized a team to represent them. Keep your lamps cast towards Mandan.

What Kind of a Guarantee Do You Want, Mr. Automobile Buyer?

Some of our competitors guarantee their cars for 90 days. All right; that's better than nothing and good enough for some people who don't care. It is even a quarter as good as the Studebaker guarantee.

Then there is another kind of guarantee. A guarantee ashamed of itself, we call it, because all the assurance you have is the car's "records." That is about as good as a promise that won't make. The dealer knows his car better than you do and if he won't sign a guarantee, be careful.

This is where the Studebaker guarantee comes to the front. It is as good as gold—a signed warranty bond of The Studebaker Corporation. And it's good for a year because every Studebaker E-M-F "30" or Flanders "20" is worth the price you pay for it. We know what our cars will do and we put down our money on them.

Remember this: In guarantee and parts prices The Studebaker Corporation takes better care of its owners than any other automobile company in the world.
