STONE PIANO CO.

Fargo, Bismarck,
Grand Forks, N. D.

His Chief Concern.
Judge: Mrs. Hemmendorff—If another man should win me would you sue him for my love?
Hemmendorff—Yes—just for spite.

IN THE WORLD OF SPORT

FARGO COLLEGE FIELD READY

The Fargo college field has been marked off and now looks like a real gridiron.

A large crowd was out last night to watch the squad go through preliminary work, and there was considerable comment as to the style and ability of the new men.

The work is being rougher every night, and several of the men are limping about. Rolf and Simms were laid up last night with minor bruises.

John Nielson, the husky guard of last year's eleven, has returned and will be a valuable man in the line.

Avarian, last year's recruit, looks good. His speed has doubled up, and with his exceptional size and strength he will be a fierce opponent for rival guards this season.

Drummond is back and is working up his wind. He was worked out on end after which he scrimmaged as halfback, his old position.

Torson, Murray, Boese and Rolf are working at their old positions and will be strong pluggers this year.

The new men are fighting hard for positions. Coby looks good for a job somewhere. Weum will be valuable in back field, as will Nielson, another Moorhead product. Stalley is working in at the line and is putting up a good scrap, as is Crandall, one of last year's reserves. Flaten is plugging for a job, and shows considerable "pep". Melnick and Raa are new men, each of whom will develop with more experience.

Billy Rusch has been worked out at quarter, and with some coaching will be able to hand the ball to the back field men in fine style. Rusch has not been able to appear yet on account of an injured knee, but when he does arrive in football, a good man will have been added.

Coach Watkins, Assistant Coach Robinson and Captain Stiekney worked the "men" last night, after which Watkins lectured to the men on the fine points of the game.

HIGH SCHOOL HAS A DROP KICKER

At the practice of the midgits last night it was discovered that Smith, who up to this time has been playing sub halfback on the first team, is one of the best place kickers in this part of the state. He formerly played on the north high team of Milwaukee.

While at Milwaukee, Smith was looked upon as a coming place kicker—but, early in the season he broke his leg and has never tried again until last night and he found out that he could kick as well as ever, and was almost sure at thirty yards.

Smith will be kept at nothing else the rest of the week and by Saturday, Coach McClean hopes to have him improved more. This will brighten Fargo's chances considerably, and if ever his team mates bring the ball within kicking distance Smith will be sent in.

Grade School Athletics.
Monday evening the Lincoln school football team defeated the Hawthorne 25 to 0. This leaves the teams with the following percentage:

	Pct.
Lincoln	100
Hawthorne	500
Roosevelt	500
Agassiz	500
Longfellow	500

The next game the Agassiz will play the Longfellow on the Longfellow grounds Saturday morning at 10 o'clock.

Soccer League.
The Soccer league for the younger boys will start next Saturday morning at the Agassiz field. Also the girls field hockey will begin play. The first game will be played at Agassiz and Lincoln the Longfellow playing the Agassiz Thursday evening after school and the Hawthorne at Lincoln Friday after school.

**A. C. WILL MEET THE
ALUMNI NEXT FRIDAY**

Next Friday afternoon the Aggie team will have its first game when they meet the alumni.

The alumni who live in the vicinity and the year they played are as follows:

Breyer, r. e. 1910, 1911; Haskins, A. B. r. t. 1908 to 1909; McGueren, r. g. 1908, 1909; Swenson, center 1905, 1906; McDonald, D. B., l. g. 1908, 1909; Haskins, A. W., l. t. 1908, 1909; Wirtenberger, l. e. 1909, 1910; Hallenberg, V. g. b. 1906; Zeiselman, r. h. 1912; Ewen, center 1908, 1909, 1911; Edgar Olson, l. g. 1910, 1911, 1912; Schroder, l. t. 1910, 1911, 1912; Foss, Polly, l. g. b. 1909, 1910, 1911, 1912; Hallenberg, A. r. t. 1908, 1909.

Others who are eligible are Darrow, Frank, 1909, 1910; Cave, 1909, 1910; Oliver Dynes, 1904, 1905, 1906; Tieney, Pete, 1907; Fowler, A., 1899, 1900; Al Birch, 1905; Claude Nugent, 1895, 1896; S. V. Anderson, 1908, 1909; Fred Birch, 1903 to 1906; Jim McQuigan, 1900, 1901.

With such an aggregation that A. B. Haskins expects to gather together the Aggies will have to go some to win.

On Saturday, Oct. 11, they journey to Wahpeton to meet the scientists and already there is talk of the band and a large body of students going with them.

**FRANK GOTCH DID
NOT HUNT IN N. D.**

"I did not hunt in North Dakota on my recent trip," writes Frank A. Gotch, the world's champion wrestler, from Humboldt, Ia. He had been reported by some of the newspapers as having been on a hunt with a friend in North Dakota and the two of them were said to have killed 168 birds. "I hunted in Polk county, Minn., the greater part of the time," the celebrated mat man wrote.

"There were four in our party and we never got the limit any day we were out. It was known that Mr. Gotch had not secured a non-resident hunting license in this state and when the announcement was made he had made such a enormous killing in North Dakota the game board officials began an investigation and secured the foregoing statement from the man who put Humboldt on the map.

GIANTS' INFIELD FOR WORLD SERIES.

Merkle, First Base.
Doyle, Second Base.
Fletcher, Shortstop.
Shafer, Third Base.

GIANTS MUST KEEP EYES ON HOME RUN SWATTERS

Chicago, Oct. 2.—Frank Baker is the most dangerous batter of all who will take part in the coming world's series, and for that reason the Athletics will have the advantage over the Giants in the third base position.

Whether McGraw will play Tillie Shafer or Charley Herzog at third base is not known. Nine out of ten of the ball players in the National league think McGraw will be to forget his little personal row with Herzog and put him back on the job in place of the youthful California boy when the big series opens.

Has His Eye on the Wall.
There's a short right field in the Athletics' grounds and also at the polo grounds. Any time Frank Baker is batting and the pitcher makes the mistake of giving him a fast one high, and on the inside, it's about an even money bet Baker will pull a drive over the right wall. A pitcher who has the control of Mathewson may be able to keep the ball on the outer edge of the plate and get off with a single to left field, or perhaps a high fly to that field. Two years ago, however, Matty thought he knew how to prevent this same Baker from hitting homers, and Baker surprised him.

As a fielder or base runner Baker is about equal to either Shafer or Herzog, but as a batter he's the best one of both teams.

In base running Shafer is the speediest of the three, but hasn't as many stolen bases as the Philadelphia.

Shafer might be an unusual boy and be absolutely calm, but he's liable to suffer with stage fright at the most critical time. McGraw has made a machine player of the boy just as he has with most of his players, and when McGraw gives him a signal to hit, or wait, or steal he hits—or waits—or steals.

Herzog is a player with a mind of his own, and would disregard a signal to take advantage of an opening. Perhaps that's the reason he's been sitting on the bench this year. Perhaps, also, there'll be a critical moment in the big series when it would pay to have a man on the job with a mind of his own.

In the world's series last fall, Herzog was the hero. He was more aggressive, more expert and smarter than any of the participants. Had it not been for his work, both in fielding and batting, the Giants would have been beaten much sooner.

In spite of all this Manager McGraw is likely to have Charley Herzog sitting on the bench.

Baker Will Stand Strain.
While McGraw doubtless is worrying over his third-base position, Connie Mack is giving that corner less thought than any other place on the team. Baker has been through two world's championship series and has been the most important factor of all in winning each one.

Baker is a cool-headed player, and fearless. He can hit a ball harder than any one and it makes little difference to him whether he's facing a right or left-handed pitcher. He hits left-handed, but he gets long hits off the best left-handed pitchers in the American league. Two years ago when he faced Rube Marquard he won an extra-inning game by making a home run over the right-field wall.

Avoid Sedative Cough Medicines.
If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers.—Adv.

FANS FLOCKING TO N. Y. FOR THE BIG SERIES

New York, Oct. 2.—With minor league magnates and players arriving here on every train today and the national baseball commission's headquarters opened at the Waldorf, New York began to move in a real world's series atmosphere.

As a political convention attracts politicians from all parts of the country, so does the annual clash between the National and American league pennant winners act as a magnet to pull followers of baseball from all points of the compass. They are here from Cuba, from Texas and most any other place where they play or talk baseball.

The Cubans came early to get a line on the Giants and word from home is to the effect that McGraw's team is the favorite in the betting in Havana. The minor league magnates have tales of one of the most successful seasons in history and have fattened up on the sales made to the major league clubs.

Giant Cripples O. K.
All doubt as to whether Larry Doyle and Fred Snodgrass would be able to appear in the Giant line-up in the first game next Tuesday disappeared yesterday. Both the cripples climbed into their uniforms for practice Tuesday. Doyle whipped the ball around to ease and says his shoulder, injured in an automobile accident last week, did not give him any trouble. The "charlie horse" has worked out of Snodgrass' leg.

"Red" Murray, who has been nursing a lame ankle, also scamped about the outfield without limping and is ready for the fray.

Betting on the series is still at even money here. Some Athletic money has appeared, but a great deal more could be covered.

The early crowds arriving here for the big series will troop out to the polo grounds today to see the Giants and Phillies in one of the most unique clashes in the history of baseball. Three games will be decided during the afternoon. A complete double-header will be played, but these games will be preceded by the play-off of the protested game started in Philadelphia, which has lain cold for a month.

The fires are to be rekindled and less than a full inning played to settle the muss. This is the game which Umpire Brennan forfeited when the Philly fans refused to put on their coats or vacate the center field bleachers.

Brennan Will Not Officiate.
Brennan will not be on the job as umpire, but otherwise conditions will be made as much the same as possible. The Giants will come to bat for their half of the ninth inning with one out. Murray will be the first man up and one ball will be called on him. The ball was called in Philadelphia and still stands.

Manager Charles Doolin of the Phillies will have to suspend himself for the time being and will not be allowed on the field during the play-off. Doolin was put out of the game in Philadelphia.

Alexander and Devore cannot figure the play-off as they had been relieved. Merkle of the Giants will also be kept out of the play. McCormick batted for Merkle in Philadelphia, and made the first out.

AMERICAN LEAGUE.

	Won.	Lost.	Pct.
Philadelphia	55	55	.500
Washington	59	63	.556
Cleveland	64	55	.536
Chicago	77	72	.517
Boston	67	89	.432
Detroit	64	86	.427

Boston	67	82	.449
Brooklyn	65	84	.442
Cincinnati	64	87	.424
St. Louis	50	99	.336

No games in National league yesterday.

AMERICAN LEAGUE.

Cleveland Fighting Hard.
Detroit, Oct. 2.—Gregg held Detroit to four scattered hits and Cleveland continued their desperate although nearly hopeless fight for second place and won 8 to 1. The Cleveland south-paw blanked the Tigers until the ninth inning when Cobb beat out an infield hit, stole second and third and scored on Gregg's poor throw to catch Veach off first.

Olson, who played second in Lajoie's place, singled in the first inning, scoring Liebold. Cleveland won the game in the fifth when, with bases full, Chapman drove a double to the score board in left, bringing home O'Neill, Gregg and Liebold.

R. H. E.
Cleveland 8 12 2
Detroit 1 4 2

Athletics Use Recruits.
Washington, Oct. 2.—Washington made it three straight out by winning from Philadelphia 1 to 0. Again the champions played none but second string men, but they forced the locals to hustle in order to win.

Bohen, one of Connie Mack's young stars, was in the box and pitched a splendid game. He allowed but three hits, two of them coming in the eighth inning when Washington put across the winning run.

R. H. E.
Philadelphia 0 3 1
Washington 1 3 1

Icebergs Threaten Shipping.
Boston, Oct. 2.—Icebergs again threaten trans-Atlantic shipping. Capt. Robert McKillop of the steamer Numidian reported on his arrival today from Glasgow. A towering berg and several growlers appeared off the Grand Banks, directly in the track of the west-bound liners when the Numidian passed last Friday. It was the first ice sighted this fall.

Disciples of Christ Convene.
Toronto, Ont., Oct. 2.—The annual convention of the Disciples of Christ opened here with 3,000 delegates in attendance. The majority of them from the United States. The chief subject to be discussed is a proposed plan for a central organization for the direction and support of the various missionary societies.

CHICAGO FACES GARBAGE PROBLEM

Chicago, Oct. 2.—Disposal of the garbage of this city became a poignant problem when officers of the Chicago Reduction Co. notified the city officials to cease delivering garbage at midnight last night.

Some months ago the city expressed a desire to take over the reduction works, which threatened to cease operations, and when the matter of

price was put in the hands of appraisers representing both parties the company agreed to continue to receive the refuse until Oct. 1.

Recently the appraisers agreed upon \$492,500 as a proper price for the plant. Commissioner of Public Works McGann and other city officials thought the appraisers in calculating the value, attached too much to the fact that it was a "going concern."

There was a conference yesterday forenoon; another in the afternoon; and the ultimatum of the company was presented. This was followed by a session of city officials to determine how to dispose of the garbage. Using abandoned clay holes was one suggestion, and there were vague references to using some chemical process. Incidentally it was hoped that cold weather would come to delay a crisis.

The Shop Foreman Speaks

"Here is my electric motor, more wonderful in fact than Aladdin's lamp in fable. It is the heart of our factory and its life blood flows from a tireless central station that never rests and is always ready. This motor neither knows or cares about time, the weather, the quality or price of coal, the errors of workman, the condition of boilers, the value of ground floor space, the vagaries of flues or the eccentricity of engines. It knows but one thing and that is work—efficient, uncompromising, speedy and productive work. The mere movement of my finger to this motor is an inexorable command."
