MANY THOUSANDS ARE OUT

Chicago Freight Handlers Ask for More Pay and the Recognition of Their Union.

Every Freight House of the Twenty-Four Roads Affected is Practically Tied-Up.

Fears That the Strike Will be the Most Serious Chicago Has Had for Many Years.

Chicago, July 8.—A strike of 9,000 freight handlers in Chicago was called during the day and every freight house of the twenty-four railroads concerned is practically tied up. Business men fear that the strike will be the most serious which has affected their interests in years.

The strike was called by a committee appointed at a meeting of 1,000 freight handlers held Sunday night. The committee was instructed to call a strike within forty-eight hours unless the railroads should meet the demands of the men at once for an increase in wages, extra pay for overtime and holidays and recognition of the union.

Action on these instructions was taken sooner than had been expected. The committee went first to the men in the Michigan Central, Illinois Central and Wisconsin Central houses on the lake front. The men walked out with cheers and marched across the viaduct on Randolph street with their union cards tucked in their hats.

By messengers and by telephone, according to the strike leaders, all other members of the Freight Handlers and Warehousemen's union were called out. At noon President Curran of the union reported that his men were all out and that it was all but impossible for any freight to enter or leave Chicago. Many of the railroads had small forces of men previously hired on hand when the strike was called and by adding to it men from other departments managed to handle perishable commodities.

Trouble Liable to Spread.

In the hiring of nonunion men it is said the railroads run a serious risk of bringing about a strike of the teamsters, who recently won their fight from the packers. The teamsters, it is said, will refuse absolutely to have anything to do with freight in any way handled by nonunion help.

The men called out include foremen, check, checkers, receiving and delivery clerks, callers, weighmasters, stevedores, coopers and elevator men.

Chief of Police O'Neill, when notified that a strike had been called, sent orders to his subordinates to make every preparation to preserve order. Two hundred and fifty men were called in from outlying stations to form a reserve force to be stationed at the downtown stations. From the stations the men went in squads to the different yards. There was no marked demonstrations as they entered, although they had to remain quiet under a mining fire of sarcasm and rough words.

J. T. Harahan, vice president of the Illinois Central, said that about half of his company's 450 men had struck, but that he "had men close at hand to take their places."

Mr. Harahan said he thought the strike could have been avoided if the men had been willing to consult with the roads through their own committees, instead of through their union.

TROOPS MAY BE ASKED FOR.

Situation Around Williamstown, Pa., Said to Be Critical.

Harrisburg, Pa., July 8.—Sheriff Reiff has sworn out warrants for the arrest of ten strikers at Williamstown, this county, for inciting to riot and interfering with his deputies in protecting nonunion men going to and from work in the mines at Lykens and Williamstown.

The sheriff says the situation in the region is critical and that if there is another outbreak like that of last Wednesday, when he and his deputies were assaulted while protecting nonunion miners, he will call upon Governor Stone for protection by the militia.

Twenty rioters were arrested on Thursday at Williamstown and held in jail for court, but this does not seem to have improved the situation and the sheriff concluded to bring suit here and compel the rioters to come to Harrisburg for a hearing. The sheriff came here during the morning to make information against the rioters and returned to the Lykens region at noon to assist his deputies in arresting the strikers for whom warrants have been issued.

LOOKING INTO THE MATTER.

Secretary Shaw and Charges Against New York Appraisers.

Washington, July 8.—Secretary of the Treasury Shaw has quietly set on foot an inquiry to ascertain whether it will be worth while to investigate the allegations made by H. C. Corsa, formerly of the appraiser's department, district of New York, concerning the alleged payment of money to customs inspectors at New York by the American Sugar Refining company. Corsa, it is said at the treasury department, did not charge that the government had been defrauded by under-valuation induced by such alleged payments but only that payments had

been made for the purpose of securing "fair treatment."

Prominent Lawyer Suicides.

Pueblo, Colo., July 8.—John Joseph Daly, a prominent lawyer of the Northwest, committed suicide by taking morphine in a lodginghouse on South Union avenue. No motive can be found for the act. He left a letter saying simply that if anything should happen to him to notify Floyd Daly, his son, at Dallas, Ore.

BUSINESS AT A LOW EBB.

Effect of Coronation Postponement Still Very Apparent.

New York, July 8.—Both the queen and the Prince of Wales will take active parts in the reception to be given Lord Kitchener, but even the prospect of the coming of the conquering hero has not cables the London correspondent of the Tribune, given an incentive to business, which is at a very low ebb. The postponement of the coronation apparently had a distinctly bad effect on trade and no revival is anticipated for some time.

It has been decided to bring into London, to keep the streets clear on the occasion of Lord Kitchener's homecoming next Friday or Saturday, 500 cavalry and 10,000 infantry, exclusive of the garrison in London and the troops from Windsor and at Hounslow, the whole making a total of more than 15,000 men. The colonial troops who came home from South Africa in the Bavarian are to be retained until after Lord Kitchener's arrival and will, it is understood, have a place in the general reception, in which Indian and other colonial troops may participate.

USED FOR TRAINING PURPOSES.

Turner Societies Want Their Property Exempt From Taxation.

Davenport, Ia., July 8.—The national convention of the North American Turnerbund resumed its sessions late in the morning owing to the convening of various standing committees considering subjects to be brought before the convention. The first subject presented after the convention was called to order was a renewal of the movement for the exemption of the property of turner societies from taxation. A resolution covering the plan of procedure was presented by Leopold Neumann of Chicago and supported by strong speeches by Neumann and other delegates. The contention of the speakers was that the turner properties, valued at \$4,500,000 and devoted to physical and mental training, should not be taxed any more than schools, charities and Christian association properties.

PART OF THEM TAKEN BACK.

Strike of Providence Street Car Men Declared Off.

Providence, R. I., July 8.—Having voted, after a strike of two months' duration, to return to work, the motormen and conductors of the United Traction company here lost no time in making application for their old places. At the offices of the company the men found less than one hundred and fifty vacancies for about 400 or 500 applicants. The railroad company had announced their intention of re-employing only as many of its old men as were needed without displacing those who had been taken on during the strike. The number required were taken back and others were placed on the waiting list.

In Pawtucket the strikers have refused to abide by the decision of the Street Railway Employees' union and they will not return at present.

HIGHEST IN RECENT YEARS.

July Corn in the Chicago Board Sells at 85 1/2 Cents.

Chicago, July 8.—The grip of the Gates crowd on the local supply of contract corn was again made evident during the day when July corn broke the record of recent years by going to 85 1/2 cents. The next sale was at 83 1/2. The market opened with corn for this month's delivery wanted all the way from 77 to 79 1/2 cents. All forenoon bids hesitated below 80. Later reports of further precipitation in the West frightened shorts and the price shot up by leaps and bounds. Little corn was sold, however, even at this advance. The close was 84 7/8 cents higher than the previous close.

AT NEW YORK NAVY YARD.

Orders Issued for Construction of New Battleship.

Washington, July 8.—Secretary Moody, after consultation with his bureau chiefs, gave orders that one of the battleships authorized at the last session of congress be constructed at the New York navy yard.

The secretary was under strong pressure in this matter. Besides New York both Norfolk and Boston were strong competitors for the work.

It is the intention to start the working out of the detailed plans immediately and in the course of about eight months the keel plates will be laid at the New York yard for the new battleship.

FATAL WIND STORM.

Minnesota Farmer Crushed by a Falling Barn.

Wells, Minn., July 8.—A wind and rain storm passed over this section at 9 p. m., causing great damage. Four miles west of town it completely demolished one of the largest new barns in the country and killed E. R. Cook, the owner. His wife and son also were in the barn at the time, but were pinioned down so they were unable to give him assistance. Thirteen cattle and three horses in the barn were killed.

CORONATION CEREMONIES.

Proposed Coronation Ceremonies Will be Held Sometime During the Month of August.

Pageant Through the Streets and Ceremonies in Westminster Abbey Not so Ostentatious.

Rapid and Satisfactory Recovery of King Edward Accountable for the Early Date.

London, July 8.—King Edward will be crowned between Aug. 11 and Aug. 12.

The king's recovery has been so rapid and satisfactory that the above decision was arrived at during the day. No official announcement of the fact has yet been made.

The pageant through the streets and the ceremony at Westminster abbey will be much curtailed from the original plan. Their majesties will drive from Buckingham palace, through the Mall to Whitehall and thence to the abbey, the same route as taken at the opening of parliament.

London, July 8.—In the house of commons Alfred J. Balfour, the government leader, announced that an autumn session of parliament would be necessary, beginning about the middle of October, and that the house would adjourn early in August.

Replying to a question on the subject of the coronation stands the first commissioner of works, A. Akers-Douglas, said it was not proposed to remove them as it was hoped the stands would still be required for the purpose for which they were constructed.

HEAD SEVERELY CUT.

Joseph Chamberlain Injured in a Cab Accident.

London, July 8.—The colonial secretary, Joseph Chamberlain, was some what severely cut on the head as the result of a cab accident in Whitehall. The secretary'sansom was passing through the Canadian arch when the horse slipped and Mr. Chamberlain was precipitated forward with great violence. His head struck and shattered the glass front of the cab. When extricated it was seen that Mr. Chamberlain's head was badly lacerated and bleeding profusely. A policeman helped the secretary into a cab and accompanied him to Charing Cross hospital, where his injuries were dressed.

Through Mr. Chamberlain's wounds bled a great deal they were not serious.

It is officially announced that Mr. Chamberlain is suffering from a scalp wound, which is of a severe but not dangerous character, rendering advisable his detention for the night. When picked up Mr. Chamberlain, in reply to a question, said he did not feel faint but could not afford to lose such a lot of blood. The gash on his forehead required a number of stitches.

Austen Chamberlain, eldest son of the secretary, is with his father, as are also his two secretaries.

OWNED, NICARAGUA LAND.

Suicide Follows Selection of Panama Route for Canal.

Chicago, July 8.—B. W. Pyle, owner of one-third of the city of Graytown, Nicaragua, has committed suicide by shooting himself in the head in the Garfield Park sanitarium. After investing his fortune in the Central American city, living for fifteen years in hopes that the United States would build a canal through Nicaragua, seeing another route adopted and finally becoming totally blind in his seventy-third year, he became depressed and ended all by one well directed shot.

Mr. Pyle came to Chicago about a year ago from his Nicaraguan home to be treated for cataracts.

COMING TO AMERICA.

Botha, Dewet and Delarey Will Seek Aid for Ruined Boers.

New York, July 8.—The Daily Mail's Pietermaritzburg correspondent wires, according to a World special from London:

Louis Botha, in the course of conversation, said that after their visit to Europe, he, Dewet and Delarey intended going to America, but their precise tour would have to be determined by circumstances. Their object was to collect funds for the relief of Boers ruined in the war.

Botha is arranging for an official history of the war from the Boer side, written by himself, Dewet and other leaders.

FOREST RESERVATION.

Four Hundred Thousand Acres in Northern Minnesota Set Aside.

Duluth, July 8.—Land Commissioner Herman has directed the local land officials to withdraw from settlement, entry or any other form of disposition certain townships and parts of townships in Cook and Lake counties, embracing in all 400,000 acres.

This action is taken pending a determination of the advisability of establishing what is to be known as "The Lake Superior Forest Reserve." The law providing for forest reserves was passed in 1891. It gave the president power to select any public lands for that purpose. The argument in its favor was that it would preserve the

forests, game, springs, etc. Commissioner Herman's letter states that bona fide settlers will be given their rights, but it is a question with land attorneys whether any who have squatted on lands would care to remain under the proposed arrangement.

The land is not especially rich in timber, but it is well adapted to cattle ranching and farming. What are believed to be rich mines hidden under the surface will also be rendered inaccessible.

DOUBLE MURDER CHARGED.

Men and Woman Accused of Killing Wife and Husband Respectively.

Knoxville, Tenn., July 8.—Mrs. Agnes Fleming and Howard Jenkins are in jail at Kingston charged with the double murder by poisoning of John Fleming and Mrs. Cynthia Jenkins, who died mysteriously three weeks ago.

A week later Mrs. Fleming and Jenkins were married. Saturday they were arrested. The affair has created great excitement in the community, with considerable talk of lynching.

Mrs. Jenkins was a bride of but a few months, while Mrs. Fleming had been wedded to Fleming but a short time. The families were near neighbors.

The bodies will be exhumed and a post mortem held.

LITTLE HOPE OF RECOVERY.

Dr. Charles K. Adams Seriously Ill at Redlands, Cal.

Redlands, Cal., July 8.—Dr. Charles Kendall Adams, formerly president of the University of Wisconsin at Madison, is so seriously ill in his home in this city that there is little hope of his recovery. He is suffering from kidney trouble.

OVER SIX MILLIONS.

THE GOVERNMENT A HEAVY PARTNER IN THE WORLD'S FAIR—GOLD DOLLARS TO THE NUMBER OF 250,000 TO BE STRUCK.

World's Fair Grounds, St. Louis, July 8.—The official text of that portion of the Sundry Civil Appropriations bill relating to the World's Fair, approved by President Roosevelt, June 28, has been received at Exposition headquarters. The first bill passed by congress, authorizing the exposition in celebration of the centennial of the Louisiana Purchase, carried an appropriation of \$10,000. The next was the appropriation of \$5,000,000 for the general fund and \$250,000 for a government building. The bill just passed, which postpones the World's Fair to 1904, provides for the dedication of grounds and buildings with fitting ceremony not later than April 30, 1903. The bill also makes the following appropriations: \$800,000 for the government exhibits, \$200,000 additional for the government building, \$40,000 for an Indian exhibit and \$8,000 for life saving service exhibitions.

The bill directs that \$250,000 in one dollar gold pieces be struck at the mint and delivered to the officers of the Louisiana Purchase Exposition company as a part of the \$5,000,000. The appropriations by the United States government in support of the exposition amount to \$6,308,000. Besides this great sum there will be provisions for extensive exhibits from the Philippine islands, the Hawaiian islands, Alaska and Porto Rico, the expense to be borne by the territorial treasuries.

SAVES A WOMAN'S LIFE.

To have given up would have meant death for Mrs. Lols Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often," she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and my lung trouble was completely cured." Sufferers from Coughs, Colds, Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by P. C. Remington. Price 50c and \$1.00. Trial bottles free.

AMES NOT GUILTY.

CHIEF OF POLICE OF MINNEAPOLIS FOUND NOT GUILTY BY THE JURY THIS AFTERNOON.

Minneapolis, July 8.—(Special.)—Late this afternoon the jury in the bribery case against Fred W. Ames, chief of police of Minneapolis, returned a verdict of not guilty.

Ames was charged with having accepted a bribe of \$25 from Link Crossman, a confidence man, for immunity from prosecution, and as a share of the proceeds of illegal transactions and swindles.

CASTRO IS IN THE FIELD

President of Venezuela Personally Commands the Government Troops in the Field.

Believed at Washington That Course Taken Indicates a Serious State of Affairs.

Feared That He Must Eventually Succumb to the Onslaught of Revolutionary Forces.

Washington, July 8.—The state department has received a cablegram from United States Minister Bowen, at Caracas, stating that the Venezuelan government has communicated to him the fact that President Castro has decided to personally lead his troops against the revolutionary forces in the field and that Vice President Gomez has assumed charge of the executive branch of the government. The news conveyed in Minister's Bowen's dispatch is regarded in different lights

PRESIDENT CASTRO OF VENEZUELA.

among South American diplomats in Washington. The prevailing view is that nothing but a most critical situation would cause President Castro to drop the reins of government at Caracas and take personal charge of the Venezuelan army at Valencia and in those quarters it is firmly believed that he is to lead a forlorn hope and must surely succumb to the threatened heavy onslaught of revolutionary forces. In other quarters, however, confidence is expressed that Castro will repel the impending attack just as he has done many others that have confronted him in the past years of his administration and further enhance his record as a fighter.

Valencia is a town second in importance only to Caracas and lies about 100 miles from the capital, almost directly west. It is the base of military operations, has a large population and in many respects is the most important town in the republic. It is regarded here as the "open sesame" to the capital itself and it is believed its capture would herald the early capitulation of the seat of government and the occupation of the "yellow house" at Caracas by the revolutionary leaders.

SAYS INDIANS ARE CHEATED.

Chief Flatmouth Does Not Like the Morris Bill.

Walker, Minn., July 8.—Chief Flatmouth of the Pillager Chippewa Indians of Minnesota bitterly assailed the Morris bill in a speech before several hundred people at Leech Lake Indian agency. Chief Flatmouth, or Negab-ni-bi-nais, as he is known in the Chippewa tongue, said that the Indians were all opposed to the bill, but that they had protested in vain.

"The white men are bound to crowd out the poor Indians," he said, through an interpreter, "and then what will we do? I have been to see the Great Father in Washington five times to collect annuities and back pay, and each time I came away without a cent. The people that passed the Morris bill are not honest. The Indian should have more money for his lands and pine."

She-we-geshig and Kay-me-wat-anah, two chiefs from Bear island, who participated in the uprising four years ago, also spoke in the same strain. The Indians of the reservation are very much opposed to the Morris bill.

AMES NOT GUILTY.

CHIEF OF POLICE OF MINNEAPOLIS FOUND NOT GUILTY BY THE JURY THIS AFTERNOON.

Minneapolis, July 8.—(Special.)—Late this afternoon the jury in the bribery case against Fred W. Ames, chief of police of Minneapolis, returned a verdict of not guilty.

Ames was charged with having accepted a bribe of \$25 from Link Crossman, a confidence man, for immunity from prosecution, and as a share of the proceeds of illegal transactions and swindles.
