### INSPECT GASOLINE.

A new state law gives the oil inspector the right at any time to inspect oil or gasoline in possession of manufacturers or dealers. A sum of \$2,000 is set aside for pay of a competent chemist and for apparatus for inspection. Cans or packages offered for sale must be labeled as to contents and quality.

### ATTENDING PRESBYTERY.

Revs. J. D. McLennan of Stewartsdale, F. A. McCurdy of Mandan, G. W. Stewart of New Salem, C. W. Harris, E. C. Brearley, J. R. Hughes of Bismarck, went to Hazelton Tuesday afternoon to attend the meeting of the Bismarck Presbytery which opened Tuesday evening and will continue through Wednesday. The gentlemen expect to return Thursday morning.

### CASHIER RUSS RETURNS.

Geo. H. Russ, Jr., cashier of the Bismarck bank, returned from Scranton, Pa., Sunday afternoon where he was called by the illness of his father. Mr. Russ, Sr., has had five strokes of paralysis and when his son left him he was able to be about and attend to business. He is as alert mentally as he ever was and hopes to recover from this attack. This is the first visit Mr. Russ has made to the east since he came to Bismarck. Aside from the natural anxiety in regard to his father's physical condition, he enjoyed his visit.

Baggage transferred day or night.

### LIKES CAPITAL CITY.

Visitors From Over State Are Struck  
With Progress Shown.

L. N. Larson of Rugby, and A. M. Christianson of Towson, were in the city Monday night. They came to consult with the attorney general in regard to the state's buying the Pierce county court house bonds out of the permanent school fund. Attorney Christianson was taken sick in the night Monday and is in the hospital. Mrs. Larson accompanied her husband.

Mr. Larson says he notices great improvements every time he comes to Bismarck and thinks we have one of the prettiest locations in the state for a city. He reports four banks at Rugby and that the failure of Jones' bank, while it has tied up some local money until legal questions are settled, will do no permanent harm to that thrifty town.

### HAS FINE OIL.

Fred Carstens has just received a shipment of crude oil from his well in Wyoming. It is a heavy lubricating oil of a very fine grade. He has it for inspection in his office and he also has a supply of the refined product. He is pleased to show it to any one who may be interested.

### RETURNS FROM HOT SPRINGS.

Henry Tatley is back from Hot Springs, Ark., where he has spent some time, and is in fine physical condition. He saw the Pittsburgh teams play ball every day nearly while there and is an expert on base ball.

### CAUSES DEBILITY.

Here Are Facts Backed Up By a  
Strong Guarantee.

Debility is caused by catarrh. In our opinion, a person free from catarrh was never troubled with debility. Debility can never be cured by medicine not designated to cure catarrh. We positively guarantee to cure catarrh, and thus cure debility. In every case where we fail to effect a cure, we will not charge a cent for the medicine employed during the trial. Now, surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucuo-Tone will cure catarrh. It is designed for that one particular purpose. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is a specific. Rexall Mucuo-Tone is absorbed in the stomach and carried by the blood until it penetrates every part of the body, acting as an anti-septic, disinfecting, cleansing, soothing and healing agent. It rids the system of all germ and poisonous matter, purifies and enriches the blood, rebuilds injured tissues, cleanses and invigorates the mucous cells, neutralizes the acids of the body, stops mucus discharge, tones up the entire system, promotes nutrition, increases body weight and brings about a feeling of healthfulness that is lasting.

We have Rexall Mucuo-Tone in two sizes. Prices 50c and \$1.00. We urge you to try a bottle on our guarantee. The Lenhart Drug Co., First National Bank Block.

## MIRACLE WHEAT IS FAKE, BOWMAN POSTOFFICE UP

Dean Sheppard Advises Farmers to  
Let it Alone—Cass County Farmer  
Gives Result of Personal Inspection  
—Classed as "Get-Rich-Quick"  
Scheme by Authorities.

Dean Sheppard of the Agricultural college says:  
Several inquiries have come to me lately about "Alaska" wheat, which is being offered by an Idaho firm at \$20 per bushel.

This is an attempt to get rich quick at the expense of those who may be induced to patronize the firm offering the seed for sale.

This "Alaska" wheat is of the durum type and is a poor sample of that sort. It is a branching, headed variety which has been known to people posted on wheat for many years, and is called Miracle or Egyptian wheat. Some have called it Seven Headed wheat on account of its branched habit of growth.

The leading book used in teaching grain at the A. C. Hunt's Cereals of America, says: "Some varieties of this sub-species (Poulard wheat), have branching spikes and are known as Egyptian wheat or the wheat of Miracle (Tr. Compositum). It is simply a sport, and is of no value." The Idaho experiment station grain workers located within fifteen miles of where this wheat is now grown, condemn it as worthless.

It would seem that no one would be misled by a strain put out at such a fabulous price and with such a prodigious statement as their claims of a yield of 206 bushels per acre means. One of our citizens living in Cass county visited the farm where this wheat was grown and pronounced it a fake. The wheat was ripe but standing in the field last summer when he saw it.

At different times during the past ten years three different farmers have shown me heads of this Miracle wheat of their own growing and have asked what it was. I know of none of them who have continued to grow it.

We have tried it at the college and have not found it worth working with. I certainly hope that none of our farmers will be misled by the stories about it and pay \$20 for a bushel of it.

### SCARED 'EM TO IT.

Delinquents are Paying Up at Satisfactory Rate.

The county treasurer informs the Tribune that since the first seizure of personal property for taxes due was made there has been an interesting increase in the number of back taxes that have been paid. Since January 12, over \$1,000 has been paid in on taxes due from as far back as 1901. It is estimated that had this move been made years ago the county would have been several thousand dollars to the good.

### IMPROVING THE YELLOWSTONE.

Dickinson Press: Captain Grant Marsh of Bismarck, passed through here last week on his way to Glendive where he attended a meeting of the business men of that city, called for the purpose of discussing plans for the improvement of the Yellowstone river. From his long experience of river navigation in this part of the country, Capt. Marsh is thoroughly acquainted with conditions and he advised the meeting the proper course to pursue in the matter, in regard to putting in a lock at the Head Gates dam and also general improvements of the river.

### APPOINTED CHAPLAIN.

Rev. George W. Newcomb of the Baptist church, has been appointed chaplain at the penitentiary for the ensuing year by the board of trustees at its recent meeting.

### PERS

Methodist Church This Evening.  
Dr. H. R. Craig of Lisbon, will preach this evening. He is one of the great preachers of the northwest. He has been a missionary in India and pastor in St. Paul and Duluth. It will be a rare chance for Bismarck people to hear a great man. Admission free.

Uncle Sam Will Sell Money Orders  
and Give Better Service—A. L. Lowden Has Been Appointed Postmaster—Many Rural Routes Start at Bowman.

Bowman, N. D., April 13.—On April 1 the Bowman postoffice was raised to a third class, also made an international money order office. With the raising of this office to a third class it was necessary that a postmaster be appointed. A petition was circulated asking that Postmaster A. L. Lowden be re-appointed, and it was signed by the business men of Bowman and the other patrons of the office throughout the county. The Bowman postoffice was established Sept. 1, 1907, but mail was received here before that time and handled by Mr. Lowden. At the present time the Bowman postoffice supplies fourteen of the postoffices in Bowman and Billings counties, and will shortly supply Buffalo, the new county seat of Harding county, S. D.

### EAT YOUR FAVORITE FOOD WITHOUT FEAR.

If your meals don't tempt you and you feel bloated after eating and you believe it is the food which fills you; if what you eat lies like a lump of lead in your stomach; if there is difficulty in breathing after eating or eruptions of sour food and heartburn, brash or belching of gas, you can make up your mind that you need something for a sour stomach and indigestion.

To make every drop of food you eat aid in the nourishment and the strength of your body, you must rid your stomach of poisonous, excessive acid and stomach gas which sours your entire meal—interferes pretty much everything they asked sufferers of indigestion, headache, nauseous breath and stomach troubles of all kinds, petrifying the intestines and digestive canal, causing such misery as biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that, which you eat does not digest but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapepsin will cost you fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking a Triangule that fermentation and sour stomach is causing the miseries of indigestion.

No matter if you call your trouble catarrh of the stomach, nervousness or gastritis, or by any other name, always remember that a certain cure is waiting for you at your pharmacist any time you decide to begin its use.

Pape's Diapepsin will purify the sourest and most acid stomach within five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you could eat.

### DANGEROUS FAKES.

Tricks to Introduce Alum Baking Powders Which Should Be Exposed.

There has recently been attempted at some of our grocery stores, and also at dwelling houses, by agents who are trying to sell alum baking powders, what the exhibitors call a baking powder test. They pretend to show by some boiling test that pure cream of tartar baking powders contain something which every woman of intelligence knows they do not.

It does not need a chemist to expose this trick. Cream of tartar, which is the chief constituent of the best and most wholesome baking powder, is originally a clear, white crystal. This is ground into a fine, creamy flour in which form, mixed with baking soda it is present in the baking powder. Cream of tartar when mixed with water and boiled simply returns to its crystalline form, and that is all there is to the so-called test.

The matter of special interest to the public is to know what these people offer in place of cream of tartar powders of well known purity and established reputation against which these standers are directed. They are offering a baking powder which official analyses have repeatedly shown is made from alum, a drug so well recognized by physicians and scientists as injurious to health that in many countries its use in bread is entirely prohibited! So cheap and inferior are the ingredients of this powder that it costs to make less than three cents a pound. No prudent housewife will knowingly put such stuff as this in her food.
