## CHICAGO BUSINESS MEN GIVEN ROUSING RECEP'T'N

### Were Shown Sights of the City and Taken to the Capitol

TRAIN ARRIVED ON SCHEDULE TIME AND VISITORS EXPRESSED SURPRISE AT APPARENT RESSOURCES OF THE CITY—GOVERNOR BURKE ADDRESSED THE MEETING AT THE COMMERCIAL CLUB HEADQUARTERS.

The delegation of the Chicago Association of Commerce that is making a tour of the northwestern and western states, arrived in the city on schedule time, 2:45 p. m., Tuesday. A committee from the Commercial club met the special at McKenzie and were introduced to the delegation enroute to the Capitol City.

The committee consisted of R. L. Best, of the R. L. Best and company; Edward Hughes, of the Hughes Electric company; H. L. Reade, of the Union Mercantile company; Frank Grambs, of the Dickinson Heating company; A. W. Lucas, of the Lucas Dry Goods company; Walter McDonald, N. P. agent; William Webb, Jr., of the Webb Brothers' department store; W. S. Casselman, real estate dealer; F. L. Conklin, president of the Commercial club; O. N. Dunham, of the Dakota Lumber company; Wm. Chase, of the Stacy Fruit company; W. F. Cushing, Captain I. P. Baker, William Moore, representing the Tribune.

Superintendent Burt was in charge of the train and was accompanied by Immigration Agent Mott of the N. P. railway company.

When the train reached the city the band, which was in waiting at the depot, played a selection and escorted by the members of the Commercial club the visitors marched to the club rooms where mutual introductions took place. After everyone had met every one else, President Conklin of the Commercial club, introduced Governor Burke, who had been the guest of the Chicago men from Fargo, and he welcomed the visitors in his usual happy vein.

Harry A. Wheeler, the chairman of the delegation, responded in a very felicitous manner.

The visitors were then taken to the capitol building, from which place the fine natural location of the city was viewed. This visit was very interesting in their praise of the natural site for a city which Bismarck occupies.

The party returned to their train and started westward.

During their stay in the city the merchants met a number of the wholesalers with whom they do business.

The visitors decorated the Commercial club members with their official badge and button, and in return the Commercial club presented a souvenir setting forth the advantages of Bismarck.

Kay Wood, Wood Brothers, Union Stock Yards. Live Stock Commission.

In an interview with a representative of the Tribune, Kay Wood, of Wood Bros., live stock commission firm, said relative of the trip:

"It has been my pleasure to travel frequently through this western country, at least once a year, and each time I come here I am impressed by the evidence of your energy, progress and development that are everywhere apparent. The people are always more prosperous and more enthusiastic each year, and especially noticeable is your agricultural development which is going forward at such a rapid pace in North Dakota."

"The live stock industry which I represent has been prominently identified with North Dakota's development for a number of years, but it seems to me that every line of trade which the Chicago market represents will soon occupy as prominent a position as factors in North Dakota's development. The supplies for your growing population, the mechanical needs of your progressive industries, will doubtless bring Chicago and this section of the country in much closer contact than ever before."

"With special reference to the interests I represent, let me say that the prospects were never brighter for higher returns for western beef than at present. The shortage of corn throughout the corn belt has curtailed the supply of corn fed cattle, and the severe droughts in Texas have aggravated this shortage. Chicago this season must look to the west for the larger portion of its supply of beef. The quality of your beef has improved with every year and we are confident that this year will be no exception."

"I know the gentlemen from Chicago will join with me in saying that this trip of the representatives of the Association of Commerce has been an eye opener to all. Everywhere we have met the famed hospitality of the west, and every member of the delegation has been impressed with his reception, and it is the hope of our delegation, very emphatically expressed, that the western men will give the Association of Commerce an opportunity to return their hospitality by visiting Chicago in the near future."

## CITY WOULD ISSUE BONDS FOR CROSSINGS

COMMISSIONERS SEEM TO FAVOR ISSUES FOR RAISING MONEY FOR STREETS.

Citizens Have Been Interviewed and Seem to Favor the Proposition—Immediate Action Expected.

At the meeting of the city commissioners held in the city hall last night the matter of issuing bonds for the purpose of raising money for the construction of cross walks where needed in the city was discussed and seemed to meet with favor by all the commissioners.

It is estimated that \$5,000 would be needed for this purpose as it had been ascertained that a suitable and lasting crossing could be put in for \$15 apiece, figures on that basis having been submitted. This would admit of the laying of over 300 walks and the work could be started almost immediately and the city would not be compelled to wait until next April as would be the case if the next money that will be available for street work is waited for.

It is probable that the question will be thoroughly discussed and decided at the next regular meeting Monday night of next week.

## BLACK PATTI TONIGHT.

The Black Patti show has made a hit with society in New York, Newport, Saratoga, Lakewood, Tuxedo, Washington, Boston, Philadelphia and Baltimore. The Smart Set in these social centers were completely captivated by recent performances by these merry troubadours, who are now touring the country.

twelfth American tour and it has given them the stamp of fashion. The well specialized, whirlwind national dances, Weber and Fiedonian ebony tinted choristers come characters and sweet voiced soloists, so completely fascinated society that its leaders have ordered that the correct thing for the theatre is a Black Patti Troubadour's Young People's Matinee, or a Black Patti Troubadour's evening box party. This edict has been so extensively promulgated that even the high society white folks south of the Mason and Dixon lines are almost cordial in their greetings for their Troubadours as those of the north. In the South-land the Troubadours seem to give more pleasure and create more enthusiasm among its patrons, especially when singing Southern refrains.

## COURT REPORTER IS OUT.

Mrs. R. N. Stevens Acting in Judge Winchester's Court.

Court Reporter Schnepfer is no longer with Judge Winchester. This report was on the streets last night and it was stated that Mrs. R. N. Stevens would act temporarily until a permanent appointment could be made. It is understood that there has been a misunderstanding for some time between the judge and the reporter and that the matter culminated Monday when Mr. Schnepfer refused to report for some work that was required to be done on Memorial day.
