

## TWENTY-FIVE THOUSAND MEN PASSED REVIEW BEFORE TWO MILLION PEOPLE

### German Sailors Given Great Ovation—"My Country 'Tis of Thee" Raised the Crowd From Their Feet

GREAT MILITARY PARADE WAS CLIMAX OF HUDSON-FULTON CELEBRATION IN NEW YORK CITY—AIRSHIP AND AEROPLANE FLIGHTS CONTINUE BUT THE CROWDS HAVE LOST INTEREST—GREAT NAVAL PARADE WILL MAKE ITS WAY UP THE HUDSON RIVER—CELEBRATION WILL CONTINUE FOR A WEEK OR MORE—WILL ESCORT CLERMONT AND HALF MOON ON THEIR HISTORIC TRIP UP THE HUDSON RIVER.

(By Associated Press.)  
New York, Sept. 30.—Twenty-five thousand men of arms today marched past massed representatives and special envoys of thirty-seven nations, while two million citizens, seated in grand stands or standing along Fifth avenue, shouted themselves hoarse in cheers.

The great military parade was the climax of the Hudson-Fulton celebration. Although there were tremendous ovations for each body of American troops and unstinted applause in overwhelming volume for the British sailors, the most conspicuous reception of the day went to the sailors of the German fleet, a picked body of magnificent men, who, as they reached the reviewing stand, fell into the

formal slap-slap of the parade goose-step and burst into "My Country 'Tis of Thee," with an overwhelming volume of brasses and a fervor which took away the breath of the listeners. The benches sat silent for a moment and then, rising bare-headed to their feet, cheered and cheered, and cheered again, until their voices gave way and they could only wave their hats and handkerchiefs in a long echo of applause.

Tonight marked the climax, so far as spectacles go, of the celebration in Greater New York. There remains the carnival parade, but though different in appearance, it does not vary in essence from the historical pageant of last Tuesday. The airship and aeroplane flights

continue, but the public has already had a first taste of them, and tomorrow morning sees the departure up the river of a part, at least, of the naval concourse, which more than anything, has drawn the crowd and given the celebration international dignity.

The torpedo flotilla, submarines and naval auxiliaries, with one of the light draught scout cruisers, followed by a parade of merchant craft, will leave tomorrow to escort the Half Moon and the Clermont from their present anchorages to Newburgh, where they will be formally turned over to celebrations, "Up-Hudson Divisions," which will continue the festivities for a week to come.

## TAFT COMES OUT FLATFOOTED FOR SHIP SUBSIDY IN SPEECH AT THE ALASKA-YUKON-PACIFIC EXPOSITION

### Explains Why There Is Great Need of Better Merchant Marine Service Under the American Flag

GREATEST CROWD THAT HAS TURNED OUT TO HEAR PRESIDENT SINCE THE START OF THE TRIP GREETED HIM AT SEATTLE YESTERDAY — CALLS ATTENTION TO THE NAVAL SUPREMACY OF JAPAN AND COMMENTS ON IT.

(By Associated Press.)  
Seattle, Wash., Sept. 30.—Speaking before the largest audience he has faced since his trip began, a crowd overflowing the Natural amphitheater of the exposition with its seating capacity of nearly 20,000, President Taft today announced that he would urge in his coming message to congress the enactment of a ship subsidy law.

Taft declared that the country was ready to make such an experiment and that something must be done to build up the American merchant marine. His utterances on this subject were received with great acclaim.

When the president turned to Alaska, however, and declared that he was opposed to granting a territorial form of government to that far off possession the statement was received in silence. As the president proceeded, however, and outlined his policy for the rebuilding of Alaska, he caught the favor of his hearers and was loudly cheered.

Later in the day, when he was admitted to membership in the Arctic Brotherhood, an international organization made up of Canadians and Americans interested in the development of Alaska, the president announced that he intended to visit Alaska next summer, and to go as far into the territory as time would permit in order that he might come

into contact with the people and see for himself what might best be done for their welfare.

The president frankly told the members of the brotherhood that he did not believe Alaska at this time was ready for an entire self government.

Seattle, Wash., Sept. 30.—Taft in his address at the fair grounds today came out flat footed for ship subsidy and said the country was now ready to try the measure. "There is no subject," said Taft, "to which congress can better devote its attention at the coming session."

The president spoke of the wonderful developments of Alaska in the last few years and the duty of the government to assist further development of its resources. He announced that he was opposed to the territorial form of government, however, because the population was too scattered and too small compared with the vast area of the country. In a territorial government he said, the larger communities and mining camps, with a migratory population, would dominate.

He declared he would rather see Alaska placed under the supervision of the bureau of the state department in Washington, that railroads were needed in Alaska, and the government

### WARD COUNTY'S FAIR A SUCCESS

Minot, N. D., Sept. 30.—The second day of the Ward county fair was well attended by large crowds from all sections. Senators P. J. McCumber and M. N. Johnson were the principal drawing cards and both made long addresses. Senator McCumber talked for nearly an hour and outside of the reference to his vote on the tariff question had nothing to say of politics. He urged the organization of the farmers of the northwest and stated that it was the only manner in which they could ever expect to control prices. He was greeted with applause several times.

Senator Johnson followed and his address was of a rather mixed character. He started in by telling of the many advantages to be had in a dairy on the farm and told of how his wife had accumulated a fortune within the past few years by placing butter on the market; he fought the tariff bill that congress voted on some time ago; came back to raising alfalfa; jumped to other questions; told the farmers how to grow corn in North Dakota, and wound up by taking another whack at the tariff bill.

### WILSON MAY RETIRE AS SECRETARY IN FUTURE

(By Associated Press.)  
Washington, Sept. 30.—James Wilson, who has been secretary of agriculture since March 4, a longer period of service than any cabinet officer in history, is expected to step out Jan. 1 next. Whom the president will name in his place is not made known, even if Mr. Taft has made a selection.

Reports have been frequent hitherto that Mr. Wilson was about to go. He and Secretary of the Navy Meyer were the only holdovers from the Roosevelt administration. Mr. Wilson's greatest claim to retention was the popularity of his department with the farmers. The bare suggestion of his retirement was sufficient to bring a protest from the west, but it is now understood that this portfolio will pass to other hands.

## MILLIONAIRE COMMITTEE MANAGING THE NEW YORK WORLD'S FULTON FLIGHT.

### MOTHER OF TEN SONS ASKS FOR A REWARD.

Washington, Sept. 30.—How ever commendable it may be to be the mother of ten sons, Uncle Sam does not give bounties to those who possess such large families.  
A unique case in point was that of Mrs. Louisa Compton, a Pinesville, La., woman, who in a letter to the war department, proudly boasted of the size of her family, and asked whether she was not entitled to a bounty in consequence thereof.  
Although declaring that Mother Compton is to be commended, the department, in a letter to her today stated that the government cannot pay her a bounty.

### S. D. BARBER HELD FOR SERIOUS CRIME

(By Associated Press.)  
Aberdeen, S. D., Sept. 30.—Joe Roycroft, a married barber at Ipswich, is in the Edmunds county jail, in default of \$1,500 bail required, charged with a statutory crime upon a young girl employed at the Grand Central hotel at Ipswich.  
Roycroft's family, consisting of his wife and several children, went east for a visit a few weeks ago and Roycroft has been boarding at the hotel. It is alleged that he dragged the girl and then assaulted her. Public feeling against the prisoner is bitter.  
The girl is the daughter of a farmer living near Leola, and the family is held in high respect.

### SAYS JAPAN HAS SHUT OPEN DOOR

Chicago, Sept. 30.—A special dispatch from Washington to the Asahi declares that the American government will soon file an official protest against the recently concluded convention between Japan and China, giving Japan a mining monopoly in Manchuria.

The dispatch maintains further that America desires to procure an interest in the monopoly, and regards Japan's failure to consult Washington on the matter as a breach of good faith.  
The dispatch declares that the Manchurian convention is regarded as a distinct violation of the "open door" policy to which Japan was pledged.

### LOOT BANK OF \$10,000

CITIZEN'S NATIONAL AT GLENWOOD SPRINGS ROBBED BY TWO BANDITS WHILE STREET IN FRONT OF INSTITUTION WAS CROWDED—FLEE TO MEXICO.

(By Associated Press.)  
Glenwood Springs, Col., Sept. 30.—Two armed posers are searching the mountains near here for two bandits, who yesterday robbed the Citizens National bank of Glenwood Springs of \$10,000.

The robbery took place in broad daylight while the street in front of the bank was thronged. The robbers elbowed their way through the crowd and entered the bank. F. E. Drach, acting cashier was at the window.

The robbers wore no masks. Drach and his bookkeeper were compelled to throw up their hands and as they did so one of the men emptied the contents of the safe into a sack. The two robbers then made their way out of the rear door, mounted horses and galloped for the mountains.

An old trail runs from the once notorious Jackson's hole to Mexico passes in this vicinity and it is thought the bandits have gained this trail and are on their way to Mexico.  
During the pursuit one of the bandit's horses was shot down but the men continued their flight on the one remaining animal.

### WRIGHT AND CURTISS REST ON LAURELS

(By Associated Press.)  
New York, Sept. 30.—Resting upon their laurels of yesterday Wilbur Wright and Glenn H. Curtiss did not venture any flights today in the face of a strong wind which blew continuously over New York harbor. Had there been no wind both aviators would have attempted to fly up the Hudson river and around the fleet of warships.

### "FOURTEEN FEET" AND "RIVER REGULATIONS"

New Orleans, La., Sept. 30.—"Fourteen Feet Through the Valley," and "River Regulations" will be the slogans with which President Taft will be greeted upon his arrival here on Oct. 30.  
Entwined in a canopy of magnolia branches with palmettos and moss, with embellishments of rice and cane, these mottos will stand out in plain relief along the line of march. The scheme of decoration will be carried out on an elaborate scale.
