

NEWS OF THE NORTHWEST

LONG DRAWN OUT SCHOOL WAR ENDED

FAIRMOUNT, March 14.—Fairmount is to get its new school building, bonds for which were voted nearly five years ago in the sum of \$18,000. A bitter factional fight has been waged year after year in the courts and prevented the issuance of the bonds until the fifth trial this winter resulted in a verdict for the school. The case has twice been in the supreme court. Sealed bids are now advertised to be in by April 9 for the erection of an eight-room brick school in accordance with plans and specifications prepared by architects of Fargo.

BILLINGS FARMERS WILL ORGANIZE

BELFIELD, March 14.—About fifty of the representative farmers of the township of Fryburg met in the town hall in Fryburg, and after several rousing addresses organized what will hereafter be known as the Fryburg Rocky Ridge branch of the Farmers' Co-operative club.

During his speech President Powers pointed out the benefits to be derived by the farmers owning their own elevators, and after the meeting Judge Frisby was delegated to go to Beach and meet with the Golden Valley farmers at their annual meeting.

AMERICAN PRISONERS BOLTED EN ROUTE

WINNIPEG, March 14.—Four long-time convicts, all Americans, who were being taken from Winnipeg to Kingston prison for safe-keeping, made a spectacular effort to escape in the Toronto union station today, and were beaten almost to death by their guards before surrendering.

The prisoners are Michum brothers, convicts, of Cedar Rapids, Iowa, alias Kelly and Jones, who shot a policeman in a spectacular street-car hold-up here on August 25, serving fifteen years; W. Brown, of Texas, who kidnaped a young woman school teacher at Snowflake last fall, eight years, and A. Bonnar, horse thief, of Butte, Mont., seven years.

Bonnar's penalty is escaping three times. He got out of Stoney Mountain jail, but did not go far. He said he escaped just to show them he could.

IMPORTED DECISION ON TAX MATTERS

DEADWOOD, March 14.—A decision of much importance on tax adjustments has just been rendered in the circuit court here by Judge W. G. Rice. The court held in effect that the county commissioners did not possess the power to review the assessments of the state board of equalization except where the property was assessed over its true and actual value, as shown by petition.

The action was brought on an alternative writ of mandamus sought by the First National bank of Deadwood for the owners of bank stock. Their petition set forth the assessment of bank stock was raised 60 per cent by the state board of equalization and the county commissioners refused to review this finding on the opinion of the state's attorney.

The commissioners were then mandamused to appear and show cause why they should not reduce the assessment. Judge Rice on the showing sustained a motion of the state's attorney to quash the temporary writ, holding that the commissioners had no reviewing power in the premises unless it could be shown that the assessment was above the actual value, which in the present case was not contended.

Hunting Mistakes

Next time you work all day and far into the night, hunting for an error in a trial balance, remember this: Burroughs Bookkeeping Machines don't make mistakes.

They have cut that sort of thing out of the lives of 140,000 American office men.

They prevent worry and loss of time in hunting errors.

Let us show you, today.

MORMONS SAID TO PLOT FOR CONTROL OF ANOTHER STATE

CALGARY, Alta., March 14.—The Mormons, who have made the Cardston country blossom as the rose, are preparing to leave Alberta. The colony has prospered in Canada, and contemplated move is not so much commercial as it is of a political character.

The mother church in Utah has arrived at the conclusion that the sect's opportunity lies in Nevada, in which the church already has a strong foothold, and where, on account of the limited population, as many Mormons as there are in Alberta can easily control the elections and be as powerful in the affairs of the state as the Mormons are in Utah.

ADDITION TO FORCE AT FORT SNELLING

ST. PAUL, March 14.—The plan of the War Department to make Fort Snelling a brigade post has begun to assume definite form, according to orders received at army headquarters. Two squadrons of the Second United States cavalry, now stationed in the Philippine Islands, under orders to sail from Manila July 15, will be stationed at Fort Snelling.

"This will bring the number of cavalry men at the post to about 500, or double the number of that arm ever stationed there in the past," said Colonel G. H. Plummer, commanding the cavalry men sail on time, we can expect them in St. Paul about the middle of August."

The order issued by the War Department also affects Fort Meade, South Dakota. Headquarters, band, machine gun platoon and the first squadron of the Second will be sent to that post.

COUNTIES MUST PAY FOR FUMIGATION

PIERRE, March 14.—On request of the state's attorney of Union county, the attorney general's department has rendered an opinion on a question which has been a quandary to more than one householder in this state. The attorney general holds that where the county board of health has ordered a quarantine and fumigation for contagious diseases, the expense of such fumigation is upon the county, and not upon the individual owner of the property. This matter of expense has been the cause of many quarrels between individuals and officials, and it is to be hoped that the present opinion will settle the matter for all time.

YOUNG MEN MURDERED; NO MOTIVE KNOWN

OAKES, March 14.—Fullerton, 16 miles west of here on the Soo, was the scene of a tragedy when a young man by the name of Cole was shot and instantly killed by Frank Dungan. Cole was sitting in a chair in a pool hall. Dungan entered and after watching the game a few minutes pulled a gun and fired twice at Cole. The first bullet entered the left breast above, passing downward toward the heart. The second entered the right breast. There were no words passed and no motive is assigned for the deed, other than that the man with the gun must have been seized temporarily with insanity.

Dungan was arrested and taken to Ellendale, the county seat. His wife was recently taken to the insane hospital at Jamestown.

FOUR STATES ARE REPRESENTED AT MEET

ABERDEEN, S. D., March 14.—The Western Passenger association will grant the regular excursion rate of a fare and a third for the round trip from all points in South Dakota to Aberdeen for the State Builders' meeting to be held here March 20 and 21. After several days' effort in trying to secure the rate, John D. Deits, state immigration commissioner, last night received a telegram announcing that the above rate would be arranged for. This applies to all railroads entering this city and from all points within the state only.

North Dakota, Montana and Minnesota will be represented at the meeting with large delegations. Ex-Governor Saries of the northern state will head the North Dakota delegation which will come from Grand Forks by special train. E. J. Lander, president of the Federation of Commercial clubs of North Dakota will also be in the delegation with representatives from all the commercial clubs of the state.

STUDENTS ADOPT RECALL AT THE UNIVERSITY

GRAND FORKS, March 14.—In order to place the responsibility of issuing the University Student, the weekly publication supported by the junior class, upon the shoulders of the managing editor, elected for the year's work that class has decided to adopt the recall system, subjecting the editor to recall in the event that he fails to perform his duties. Not only will the recall be held over the shoulders of the managing editor, but it also will be held as a club over other members of the paper's editorial force.

CONVENTION CALLED TO BE HELD AT ABERDEEN

ABERDEEN, S. D., March 14.—The committee selected at the meeting of the Roosevelt supporters at Mitchell to select a list of ten delegates and ten alternates to the Republican national convention, to go on the republican primary ballot as simon pure Roosevelt delegates and to call an adjourned meeting of the Roosevelt republicans to pass on their selection, has called the meeting to be held at Aberdeen on March 20, at the time of the "state builders' meeting. It is probable all shades of politics will be represented at the latter meeting. While the "state builders' will devote their time to plans for upbuilding the state and developing its resources, there will be numerous side issues in the way of politics.

\$1,000,000 FUND FOR ITS NORMAL SCHOOL

ABERDEEN, S. D., March 14.—Presenting statistics showing that the Northern Normal in Aberdeen is receiving about \$5,000 annually from the lands set aside for the maintenance, President Nash of the normal, in an address last night before the Social Science club, gave it as his opinion that the endowment for the local state educational institution is worth all of \$1,000,000, if properly conserved.

Of the 696,000 tract of public land set aside for state colleges, 40,000 acres belong to the normal, this land being located in the counties of Brown, Campbell, McPherson, Edmunds, Hyde, Sully and Walworth. The last land sold brought \$43 an acre.

AMBROSE POLICE SHOOT INTRUDER

AMBROSE, March 14.—Michael Tackney, an employe in a livery barn in Ambrose was shot by Chief of Police Vig of that city when caught leaving a coal shed in which fuel belonging to the city of Ambrose was stored. Chief Vig has sleeping quarters in the fire hall, and it is reported that for some time the coal owned by the city was disappearing altogether too fast. The chief heard some one in the coal shed, which adjoins the building in which he was asleep. Vig immediately arose and went to the shed, and discovered a party leaving the building through a small door of the coal bin. He ordered the intruder to halt, but the party who had been helping himself to the city's coal kept on going, and was part way out of the door when Chief Vig shot at him. The bullet passed through the building, the fleeing man being astraddle the partition, and entered his leg which was outside. The chief then easily made the capture, and it proved to be Mike Tackney, an employe in a livery barn just east of the Ambrose city hall. The prisoner is recovering in a Crosby hospital and will have a trial at Minot.

BURGLAR STOPPED BY BULLET

AMBROSE, March 14.—Caught red-handed at burglary and attempting to make his escape by jumping through a window, Michael Tackney received a bullet wound in one leg at the hands of Chief of Police Vig, who had entered the building to scare Tackney.

TELLS WOMEN HOW TO HAVE CHARMING HAIR

Rough, coarse hair is unnecessary; so is faded, dull looking hair. Dandruff and scalp itch are both caused by an accumulation of scurfy fifth and can easily be gotten rid of. Dandruff germs cause falling hair and diseases of the hair and scalp, and should be destroyed.

If you have any of the hair troubles mentioned above Lenhart will guarantee PARISIAN SAGE to end everyone of them or will refund your money.

PARISIAN SAGE is a delightful hair dressing that is being used today by many thousands of lovely Americans who detest uncleanliness. Large bottle 50 cents.

MOVE ENGINES ON SLEDS FOR RAILROAD WORK

ESMOND, March 14.—The recent snow has made it possible for Contractor Nelson's men to haul out the four dinky engines on logging sleds. The engines weigh 18 tons each and the task was not a small one. The entire distance was covered in one day with each engine. Several large piles of timbers for the trestle work are now here, which with the rails will make considerable work for the teamsters.

Bookkeeper H. F. Whorton has been busy the past week superintending the work of fixing up the first floor of the Hicks building by partitioning it off and heating it so it could be used as a store room for the camp grocery supply. The goods have arrived and were placed in the building.

A LITTLE DANDERINE WILL MAKE YOUR HAIR LUSTROUS, SOFT, FLUFFY, ABUNDANT

Get a 25 Cent Bottle Now and Forever Stop Falling Hair, Itching Scalp and Dandruff

If you Wish to Double the Beauty of your Hair in Ten Minutes surely Try a Danderine Hair Cleanse

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

A delightful surprise awaits particularly those who have been careless, whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

Try as you will, after one application of Danderine you cannot find any dandruff or a loose or falling hair, and your scalp will never itch, but what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first—yes—but really new hair sprouting all over the scalp. Danderine makes the hair grow long, heavy and luxuriant and we can prove it. If you care for pretty, soft hair and lots of it surely get a 25 cent bottle of Knowlton's Danderine from any druggist or toilet counter, and just try it.

WOLF SLAUGHTER HEAVY

SCHAFER, March 14.—In 1911, 600 wolves and coyotes were killed in McKenzie county by ranchmen and farmers, who received in bounty \$1,440.50. Since January 1 more than 80 wolves have been destroyed. This will mean the saving of large numbers of calves and lambs this spring.
