

BUSINESS COLLEGE GROWS STEADILY

Students Coming to Bismarck Institution From Points as Far East as Minnesota.

At the present time there are sixty students enrolled in the Bismarck Business College. This means a steady growth for the institution since its starting last fall. President Langum states that this number will be increased to over one hundred before very long, because enrollments are coming in every day.

The students are not from the immediate vicinity of Bismarck either. Students are coming from as far east as points near Minneapolis. South Dakota is also represented and points in the extreme northern part of this state are sending pupils for a business education.

Some of the latest students to be enrolled are from distant points. Miss Elma Melby comes from Garfield, Minn., a city near Minneapolis. Mr. Leslie Putnam from Winona, N. D., the extreme southern part of the state, and Mr. John Michel from Donnybrook, N. D., the extreme northern part of the state.

New equipment is being added almost continually, ten new Underwood typewriters for the typewriting course being the latest addition.

Mr. Langum has great things planned for the college and is putting them into shape as fast as he can get them arranged for.

DESIGNATE STATE DEPOSITARIES JAN. 11

Banks of State Will Have to Make Application and File Bonds at Once.

The state board of auditors will meet January 11 to pass on the applications and bonds of various banks in the state, making application for designation as a state depository.

The following summary of the provision of the law has been sent to the various banks in the state by the secretary of state:

1. The amount which may be applied for is limited to 50 per cent of the capital and surplus of the bank making application.

2. While the interest rate may not be less than 2 per cent, nor more than 3 per cent, according to law; the state board of auditors has ruled that it will not accept bids for less than 3 per cent, and the interest rate appears in the blanks, herewith, at 3 per cent.

3. The application must show a correct statement of the condition of the bank at the close of business of the day on which the application is made.

4. The Bond may be (1) Personal, or (2) Surety Company.

5. If Personal, the amount of the bond must be double the amount applied for in the application.

6. If a Personal Bond, the sureties sign twice—once under the Bond, proper, and again under the qualification as to property.

7. If Personal, the Bond must be signed by not less than seven (7) freeholders of the State of North Dakota, and each of them must justify in double the amount of the money for which the bank makes application.

8. If Surety Company, the amount of the bond must be the same as the amount applied for in the application.

9. Do not fail to place an impression of the Corporate Seal of the bank on the Bond.

10. Mail application and Bond together, in one envelope and address to Secretary of State, Bismarck, N. D., marking envelope "Application and Bond for State Depository."

The state board of auditors meets on Tuesday, January 11, 1916. After adjournment sine die, no applications may be acted upon until 1918.

START CAMPAIGN TO PROMOTE PEACE

Church Peace Union Founded by Andrew Carnegie Is Back of Movement.

Philadelphia, Jan. 3.—A campaign to last through January, in which church members of all denominations are to be urged to espouse the cause of world peace, to be brought about at the end of the present war, began here today under the auspices of the Carnegie Church Peace Union.

The Philadelphia campaign is one of a series of monthly urban campaigns, to be carried on throughout the entire year, and which it is expected will eventually cover the entire country. In February, Boston will be the center. Then will come Cleveland in March, Chicago in April and Pittsburgh in May.

The Church Peace Union is the organization founded by Andrew Carnegie in February 1914, with an endowment of \$2,000,000 for the furtherance of the cause of international peace through religious organizations of all denominations. Its president is the Rt. Rev. David H. Green, Protestant Episcopal Bishop of New York. Dr. Frederick Lynch, well known as a leader among the Congregationalists in the east is the secretary. Cardinal Gibbons is on the board of trustees representing the Catholic as is Archbishop Glennon, of St. Louis. Rabbi Hirsch of Chicago represents the Jewish congregations.

The campaign in each of the cities is to consist of daily and nightly services in all the larger churches presided over by leading ministers, for the purpose of calling to the attention of church-goers the following program for a world-peace:

An International League of Peace, and a World Supreme Court, requiring the submission of all international disputes to the World Supreme Court, or to Boards of Arbitration, before resort to war.

National Legislation, providing for federal protection of aliens in America; a more adequate Oriental policy; comprehensive immigration legislation.

A General Educational Movement, looking to the organization of a Peace Makers' committee in every local church; church study of our international responsibilities.

SLEEPING AMONG "RATTLES."

Did you ever travel at night over the lonely alkali plains of Colorado—bleak, bare and desolate—to the accompaniment of yapping coyotes and the swish! swish! of your bicycle tires through the deep sand, until your muscles were so "dog tired" that you could hardly sit upon your wheel—to camp at last at a lonely prairie cabin, the only other occupants being a "happy family" of rattlesnakes, snugly ensconced between the quilts?

Did you ever fight half starved bears in the deep gorges of the Big Smokies? Did you ever shoot ducks in a winter cornfield, and hear the dead mallards falling in a perfect shower about you—striking the ground with the peculiar "thud" characteristic of big fat ducks hitting the soggy corn middles? Did you ever experience the thrill of bagging the bull moose in the wilds of far Temickaming? Did you ever fish for rainbow trout in Bennett's Spring in the Missouri Ozarks, the largest spring in the world? Did you ever go oon hunting at night, climb the tree with a hickory club to scare out Mr. Coon—only to step on a dead limb, fall to the ground like a cub bear rolled up, and in a twinkling have the dogs strip you as bare of clothing as a new born baby? These things—and many more—are all set forth in the January Sports Afield. If you like genuine humor, you'll get your money's worth out of Jeff Smallin—Wife Tamer. It's rich—and then some! COMING ATTRACTIONS WILL BE WELCOMED

Theatre Public Starving for Attractions; Two Excellent Plays Are On Boards.

"Potash and Perlmutter," the most famous cloak and suit laugh makers in the world, have left their summer vacations, and are making another tour of the country to display their goods to millions of patrons who could not get to see them before.

They will open shop at the Auditorium on Saturday, January 8, but their stay is limited to only one night; therefore, it is advisable to put in orders in advance.

A. H. Woods, who put the boys into business, is sending along with them not only all their original designs, but in fact their entire staff, including designers, models, cutters, pressers, salesmen, lawyer and even their friends and family. Their tour so far has been a triumph, one for "Abe" and "Mawruss" are known everywhere by reputation as fine fellows, as lovable as they are laughable—keen business men, but with hearts of gold.

Among the principal members to be seen here this year are: Jules Jordan, Lew Welch, Lottie Kendall, the well known musical star; Marie Howe, Pearl Ford, Gus Cohan, Harry Luck, Edward Shoben, and Irving Southard.

FORBES-ROBERTSON'S FAREWELL

We are soon to lose one of the most famous and one of the most justly famous actors on the English stage. It is, too, a real farewell.

Forbes-Robertson, who appears at the Auditorium, Monday, January 10, in the "Passion of the Third Floor Back," does not intend to come back to the boards, and from this point of view there is something to be said for him. He is now 62 years old and has been on the stage over 40 years. He would rather leave us hungry than satiated, hear us grumbling at his retirement than regretting his lost powers. And, though he keeps the austere, noble beauty of his face, though his figure is as slim and erect as ever, his voice still able to touch chords which no other voice can touch, and his powers still at their zenith, no doubt he has had enough of the racket of the stage.

Forbes-Robertson is essentially natural, and herein is his incomparable. Whether it is Hamlet, Dick Helder or The Passerby, it is not a stage puppet dallying on wires that presents itself to the audience. It is a man and withal a human man. During his long and busy career, this actor has played many parts, has produced many plays, but it can always be said of him that he "nothing common did or mean." And though it is to be regretted that he has decided to leave us while he still remains the greatest classical actor of his day, we cannot deny that he has well earned his retirement.

Forbes-Robertson has an international reputation. He has acted throughout Great Britain, Holland, Germany, the United States and Canada. As an actor he ranks high in that class which presents artistic plays and the country converted into a fashion. A Scotsman by birth, he studied as a painter until chance made him an actor. Very soon his ability became apparent and he was climbing the ladder of fame. His sympathetic way of speaking, his charming manner, his deep insight into the characters he portrays and his strong intellectuality all combined to make him and his works supreme.

Catarrh a Blood Disease S. S. S. Drives It From Your System

Because Catarrh affects the nose and throat, causing sores in the nostrils, stoppage of air passages and gathering in the throat it has been common practice to treat Catarrh by lotions, washes and sprays applied to these parts. This mode of treatment is entirely wrong. It cannot give permanent relief, and it is liable to irritate and aggravate the trouble. Catarrh cannot be trifled with. If allowed to run on it will disease the bronchial tubes, settle on the lungs, the stomach—indeed, it is a very serious disease. Don't treat it locally. The fact that it causes headaches is proof that it is caused by impure and diseased blood. The one treatment that has proved effective in the treatment of Catarrh is S. S. S., it is the

Villa Troops Murder Males

Douglas, Ariz., Jan. 3.—Persons arriving here today from the interior of Sonora confirmed the reported massacre a few days ago of male residents of San Pedro de la Cueva, all men over 15 years old being killed by the Villa soldiers before retreating into the state of Chihuahua. Among those killed, it was said, was Father Raymond Flores, who was shot when he interceded a third time with General Villa on behalf of the men.

NEW MILITARY PLAN.
New York, Jan. 3.—One hundred members of the East Side branch of the Y. M. C. A. have enrolled in a company for military training. It was announced today. This is the first step in a plan initiated by this branch to have more than 500,000 Y. M. C. A. members throughout the country form into an army reserve.

BOUGHT BLOODED STOCK.

Binford, N. D., Jan. 3.—Edwin Thorn has decided to go into the stock business more extensively. He recently purchased two Holstein heifers of the Pewe Bros., near McHenry, and also paid a visit to Waconia, Minnesota, where he bought two more. The Patriot of that place has the following to say: "Edwin Thorn a young farmer of Jessie, N. D., was in town Monday and paid a visit to the blooded stock farm operated by E. C. Ziemer at Zoar. Mr. Thorn was so impressed with the class of cattle raised at the Ziemer farm that he purchased two heifers for which he paid \$150.00 each. Mr. Thorn is also

EDITORS INVITED TO MEET AT UNIVERSITY

Minneapolis, Jan. 3.—An invitation to have the Minnesota Editorial association conduct one of the sessions of its coming annual convention at the University of Minnesota was received today by J. C. Morrison of Morris, president of the association. The invitation was sent by Professor W. P. Kirkwood, in charge of the journalism course, with the approval of President George E. Vincent. It will be considered by the executive committee, which is preparing the association program, and is likely to be accepted, according to Frank J. Meyst of Minneapolis, one of the committee.

The convention will take place Feb. 16, 17 and 18, and the theater in the Men's building at the university will be available for the sessions. President Vincent said today that the university is planning to get in closer touch with the country press by a sort of co-operative relationship, by which students of journalism may spend part of their course in actual work in a newspaper office to get the practical experience.
