

# TOOK 3,333,333 TRIPS TO MARKET

That Is Number Made by North Dakota Farmers in Marketing Grain.

The commissioner of agriculture and labor, R. F. Flint, has estimated that the 1915 crop of wheat, oats, barley, rye, flax, speltz, potatoes and corn aggregate 348,582,509 bushels, in addition to which he estimates that 2,197,002 tons of hay were harvested. From these estimates J. W. Bliss, state engineer, has compiled the following information concerning the cost of marketing this crop, which is of interest:

The total number of bushels of crop as given above amounts to 3,345,997 tons, to which must be added the hay, making a total of 10,742,990 tons of farm products. The best information available shows that of this total tonnage approximately 6,000,000 tons has been, or eventually will be, hauled to market over the various public roads of the state. The United States Department of Agriculture estimates that in North Dakota the average load is 66 bushels of wheat or its equivalent, amounting to a trailer more than 18 tons. It would take 3,333,333 trips with one wagon, or a wagon train 16,000 miles in length, or 40 wagon trains stretching across the state from east to west, to market the 1915 crop.

The United States Department of Agriculture, in Farmers' Bulletin 672, states that the average distance to market for North Dakota is seven miles. Accepting this as being correct, the work required to market the 1915 crop will be 42,000,000 ton miles, and assuming that 15 cents is the av-

## OUR YOUNG WOMEN

are so often subject to headache—due to languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store. Scott & Bowne, Bloomfield, N. J.

erage cost of moving one ton one mile, the total cost of moving the 1915 crop from the farm to the market will be \$6,300,000, or just a few cents less than \$10 for every man, woman and child in the state. In other words, the total cost of marketing is 2.3 per cent of the total estimated value of the entire production for 1915, or 2.3 per cent of the value of that portion of the crop which is sold, the estimated value of the total crop being \$226,218,053, while the value of that portion marketed is estimated at \$160,892,846.

Looked at from the viewpoint of dollars and cents only, and considering only the transportation of crops to market, the importance of constructing better roads and more efficiently maintaining those already built becomes strikingly apparent, since better roads means, within reasonable limits, bigger loads.

## DAKOTA DIVISION GRAIN SHIPMENTS

The Northern Pacific records show that in the five months' period from August 1 to December 31, some 15,000 carloads of grain were shipped off the Dakota division, of which Jamestown is headquarters, states the Carriage Independent. This is an average of 20 carloads for every mile of line on the division and is a criterion of the remarkable wealth of the state.

Placed end to end these cars would make a single train over a hundred miles in length—reaching from Jamestown to Dilworth, Minn. And to pull them would require a string of locomotives two miles long. The train would have a capacity of 15,000,000 bushels of grain, worth at present prices, considerably in excess of \$20,000,000.

Estimates prepared from the reports from each station on the division indicate that at least a quarter of the crop yet remains in the farmers' bins.

During the rush season 500 cars of grain were loaded in a single day. The division comprises the main line Jamestown to Mandan, and the following branches:

The Valley branch to Oakes, Jamestown to Leeds. Pingree to Wilton. Sykeston branch. Esmond branch. Linton branch. Mott line and Dunn Center branch. The total mileage of the division is 770 miles—something of a huge octopus with feelers reaching out a hundred miles or more and all pouring their wealth through the eastern gateway to market—Jamestown. Alert.

An overheated stove set fire to and burned a hole in the end of a box car in the yard at Killdeer.

## LANDER NAMED COMPANY HEAD

Grand Forks, N. D., Jan. 22.—The stockholders' meeting of the Great Northern Life was held at the company's offices and there being eight vacancies on the board consisting of 21 members, the following were elected:

C. F. Holmes, vice president bank of Inkster, Inkster, N. D.  
Dan O'Connor, capitalist and farmer, St. Thomas, N. D.  
Dr. J. J. Walker, Cavalier, N. D.  
B. Miller, farm machinery, Tolley, N. D.  
J. H. Eld, district manager Great Northern Life Insurance company, Minot, N. D.  
George F. Shafer, state's attorney, McKenzie County, Shafer.  
C. H. Opsahl, clothier, Grand Forks, N. D.

S. B. E. Seese, secretary Great Northern Life Insurance company, Grand Forks, N. D.  
The general affairs of the company were discussed by different stockholders and the showing made by the company during the past year was most gratifying to all concerned. On the conclusion of the stockholders' meeting a dinner was tendered the out-of-town stockholders at the Hotel Northern at which informal talks were made by the president, attorneys for the company and others.

The new board of directors assembled at 8 o'clock for the transaction of business and the election of officers. The following officers were elected for the ensuing year:

President—E. J. Lander, Grand Forks.  
First Vice President—Fred L. Goodman, Grand Forks.

## FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowels muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel. Don't force them to unnatural action with severe medicines or by merely flushing out the intestines with nasty, sickening cathartics.

Dr. Edwards believes in gentleness, persistence and Nature's assistance. Dr. Edwards' Olive Tablets open the bowels; their action is gentle, yet positive. There is never any pain or griping when Dr. Edwards' Olive Tablets are used. Just the kind of treatment old persons should have. Dr. Edwards' Olive Tablets are a vegetable compound mixed with olive oil, you will know them by their olive color. Take one or two occasionally and have no trouble with your liver, bowels or stomach. 10c and 25c per box. All druggists. The Olive Tablet Company, Columbus, O.

## "TIZ" PUTS JOY IN SORE, ACHING FEET

"My, how 'Tiz' gladdens tired, swollen, burning feet—It's glorious!"

Ah! what relief. No more tired feet; no more burning feet; no more swollen, aching, tender, aching feet. No more soreness in corns, calluses, bunions. No matter what ails your feet or what under the sun you've tried without getting relief, just use "Tiz." "Tiz" is the only remedy that draws out all the poisonous exudations which puff up the feet. "Tiz" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, calluses or bunions. Get a 25-cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "Tiz." Get a whole year's foot comfort for only 25 cents. Think of it.

Second Vice President—John Wild, Milton, N. D.  
Treasurer—Don McDonald, Grand Forks.

Medical Director—Dr. Henry O. Keefe, Grand Forks.  
Secretary and General Manager—S. B. E. Seese, Grand Forks.  
Assistant Secretary and Accountant—B. I. Carey, Grand Forks.

Attorneys—Burtchess & McIntyre, Grand Forks.  
Auditor—H. E. Payne.

Directors elected were: C. F. Holmes, Inkster; Dan O'Connor, St. Thomas; Dr. J. J. Walker, Cavalier; R. Miller, Tolley; J. H. Eld, Minot; George F. Shafer, Shafer, N. D.; C. H. Opsahl, S. B. E. Seese, Grand Forks.

At the close of the business meeting a banquet was served to the out-of-town stockholders, and informal addresses were given by President E. J. Lander and Attorneys Burtchess and McIntyre on plans for the ensuing year.

DEPOT AGENT IS RIGHT NERVOY Tappen, N. D., Jan. 24.—The burglary had been completed and Mr. Bur- glar was just climbing out of the Tappen depot through a window—one leg outside the window sill, the other inside.

"Just far enough," said a voice from the dark interior of the station. Mr. Burglar stopped. The agent, robed in naught but his nightgown, compelled the raider to crawl back in, deliver over \$65 taken from the cash drawer, and then compelled him to call up the sheriff by telephone to call and take him in custody. The prisoner wouldn't admit his real name. He is but 18 years old.

## Basket Ball Season Opens

Jamestown, Jan. 24.—The inter-collegiate basketball season opened here Friday evening, Jamestown college defeating the Mayville State Normal college by the score of 20 to 15. At the end of the first half the score was 12 to 4 in favor of Jamestown college, but the visiting team came back strong in the last period and secured 11 points, but the local team was never in danger of defeat. Coach Daugan put in some of his second string men after a comfortable lead in the second half.

The lineup:  
Jamestown College—Mayville Normal  
Capt. Lindgren c Siljan  
Jacobson f Grinde  
McLeod t Schlosser  
K. Wanner w Westland  
Marmon e Anderson  
Subs for Jamestown: D. Wanner, Landis and Ringette.  
Referee: Upshaw.

LETS SPY ESCAPE: LOSES JOB Washington, Jan. 24.—F. J. Johnson, deputy United States marshal, who was in charge of Ignatius T. Lincoln, confessed German spy, when the latter escaped from custody in

An Old, Family Cough Remedy, Home-Made  
Easily Prepared—Costs Very Little, but is Prompt, Sure and Effective

By making this pint of old-time cough syrup at home you not only save about \$2, as compared with the ready-made kind, but you will also have a much more prompt and positive remedy in every way. It overcomes the usual coughs, throat and chest colds in 24 hours—relieves even whooping cough quickly—and is excellent, too, for bronchitis, bronchial asthma, hoarseness and spasmodic croup.

Get from any drug store 2½ ounces of Pinex (50 cents worth), pour it into a pint bottle and fill the bottle with plain granulated sugar syrup. Full directions with Pinex. Keeps perfectly and tastes good.

You can feel this take hold of a cough or cold in a way that means business. It quickly loosens the dry, hoarse or painful cough and heals the inflamed membranes. It also has a remarkable effect in overcoming the persistent loose cough by removing the formation of phlegm in the throat and bronchial tubes.

The effect of Pinex on the membranes is known by almost every one. Pinex is a most valuable concentrated compound of genuine Norway pine extract combined with guaiaacal and other natural healing pine elements.

There are many worthless imitations of this famous mixture. To avoid disappointment, ask your druggist for "2½ ounces of Pinex," and do not accept anything else. A guarantee of absolute satisfaction, or money promptly refunded, goes with this preparation. The Pinex Co., Ft. Wayne, Ind.

Brooklyn last Saturday, was removed from office today by direction of the attorney-general.

The department of justice officials, after examining a report on the circumstances of Lincoln's escape, decided that Johnson had been unduly negligent.

Lincoln was being held pending extradition to England to answer a charge of forgery. Officials say he has not been connected with any plot to violate American neutrality.

## "THE ESCAPE" SHOWS HUMAN "SELECTION" IN BOTH ASPECTS

D. W. Griffith's seven-reel photographic masterpiece, "The Escape," which is to be the attraction on Wednesday at the Bismarck theater, is based on the problem of eugenics and shows marriage selection among human beings in aspects both of good and evil. Paul Armstrong, the author of the very successful play of the same name, is an ardent believer in the necessity of preventing marriages among the "unfit."

It happens that this is one of the subjects which can be shown more powerfully on the screen than on the stage, because "actions speak louder than words" and because the experiences of the two young women, who are the principal characters, can be given with infinitely more detail. The incident, for instance, showing the death of an infant—the children of the "unfit" couple—could not be put on the stage at all. In fact, many of the episodes could scarcely be phrased in language, but the significance of the events that transpire are perfectly evident to the audiences watching these things occur.

"The Escape" may be described as showing the escape of a woman from poverty and degradation, through sin, suffering and sorrow, to a better life. It shows a woman of naturally fine instincts triumphing over the conditions of the environment to which she has been born.

One of the wonderful qualities of this drama is its diversity of emotion. It contains the most terrific realism, the most idealized symbolism, the most thrilling melodrama, the most serious psychology, the most intense heart interest, and the most extraordinary spectacle.

Dr. D. W. Griffith spent nearly five months after completing the "Birth of a Nation" in staging "The Escape" and devoted himself to the work absolutely without any financial limitations and with the greatest enthusiasm. Scenes which did not satisfy the director were done over again and again in order that every action might be just right and might convey the utmost meaning.

The cast of this drama includes Blanche Sweet, Mae Marsh, Robert Harron, Donald Crisp, Owen Moore and other established film stars.

BELFIELD DEPOSITS MADE BIG INCREASE Belfield, N. D., Jan. 21.—An increase of over 30 per cent in the bank

deposits here is shown by statements of banks compared with the reports at this time last year. Deposits at the present time total \$387,500.

## GEORGE STUART, GILBY, ELECTED PRESIDENT OF STATE SEED GROWERS

Fargo, Jan. 24.—The North Dakota Improved Seed Growers association held their fourth annual banquet and business meeting Thursday night at the Knights of Columbus hall, with about 75 present. The business meeting preceding the banquet was in charge of Professor H. L. Bolley. This meeting was characterized by the great amount of enthusiasm shown. At this time branch organizations were formed throughout the state.

Officers Elected.  
The officers elected for the coming year are George Stuart of Gilby, president; Prof. H. L. Bolley of the experiment station, secretary-treasurer; Mrs. Clark Kelly of Devils Lake, D. D. Simmons of Mayville, Joseph Kitzkin of Sentinel Butte, E. M. Granlund of Delamere, and H. T. Monson of Mayville, were elected directors.

## HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to feel your best, day in and day out, just try inside-bathing every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, hematemic twinges, also those whose skin is sallow and complexion pallid, will have them both looking "rosier" and better in every way.
