

SUNDAY BILL COMES OUT IN HOUSE TODAY

Measure Without Amendment
Recommended to Pass by
State Affairs Committee

DROWN'S BANK DEPOSITS GUARANTEE ACT AMENDED

Amount of Levy for Guaranty
Fund Cut 14 to 1-20 of One
Percent

Senate Bill 81, the famous Sunday bill measure, was passed by the house committee on state affairs without amendment this morning, and it will be reported for favorable action in the house this afternoon. Unless an effort is made to amend the bill on the floor, it is expected that it will pass the house with practically no opposition.

This bill takes the lid from Sunday newspaper publishing, bakeries, boot-black stands, confectionery, cigar and tobacco stores and drug stores. It practically restores as legal features of the Sabbath conditions which obtained by common consent under the present laws before William Langer became attorney general and insisted upon the enforcement of the "Blue Laws."

Bank Deposits Bill.

After amending to provide that the state bank examiner shall be a member of the board and reducing the tax for the guaranty fund from 14 of one per cent of the deposits to 1-20 of one per cent, the senate state affairs committee this morning passed Senator Drown's bank deposits guaranty bill this morning. The bill, as amended, provides that a special assessment may be levied at any time to make up any deficit in the guaranty fund, and it is believed to fully meet North Dakota conditions. It is predicted that the passage of this bill will bring into the state millions of dollars of foreign capital.

Automatic Marriage.

The house judiciary committee this morning had under consideration the automatic marriage bill for the legitimization of children born out of wedlock.

The house tax committee passed without amendment a lot of tax commission measures relating to taxation and also set aside a large number of bills for indefinite postponement.

The senate committee on state affairs will report out a number of joint house and senate state affairs bills providing further relief for inmates of the state penitentiary and those dependent on them. The architects' bill, providing for licensing and registration, also was under consideration.

shipless to its dimmest horizon. The ocean, green and sullen, is a vast loneliness.

"This charting evades the lurking German raider," comments a New York banker. "Where escape is almost easy, threats of attack prove the folly of frightfulness."

"And the futility," add the dozen disciples of destruction, American engineers returning from exploding Rumanian oil wells for the British government.

Games Lose Interest.

Shuffleboard and quodits have lost their interest. The latest pastime is searching for undersea cruisers. The newest pastime is finding those significant holes in the deck planking which mark the position of a scout-ship's quick firers.

"The old warship is racing home to cast off civilian gear," comments a bearded boatswain. "Eighteen years ago this month somebody mined our battleship Maine. Before you could lay a course from the Narrows to Nan-tucket, this 'Greyhound' New York was a scout cruiser."

"That's what frightfulness does, quick as a flash and meant to spread panic. We may be 'too proud to fight' until some furriners offers us insult."

The children aboard have a new romp, a splendid exciting game which only good children may play, with certain funmaking sailors.

Three toots of a boatswain's whistle shrill screams. "To the boats, to the boats," and all dash off shouting.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown month" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and a constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

Members of Company A Who Returned Home From Border

This group picture of Company A was taken shortly before the boys left in July to do police duty along the international line. They won high praise for the manner in which they attended to duty. Bismarck subscribed nearly \$2,000 to a company fund to purchase extra supplies for the boys. The health of the boys is excellent. While some of them tired of the tedious service, they enjoyed the training and are in better physical condition than when they left Bismarck.
