

BISMARCK M. E. DISTRICT TO AID COLLEGE

Campaign to Raise \$63,500 for Wesley Soon to Be Undertaken Here

EXPERIMENT SUCCESSFUL

North Dakota Pioneer in Coordination of University and Seminary

Methodist Episcopal clergymen of the Bismarck district, in conference at McCabe church this week, pledged \$62,500 as this district's share of an endowment fund of \$400,000 which is being raised in North Dakota for the benefit of Wesley College of North Dakota, which is affiliated with the University of North Dakota. President E. P. Robertson of Wesley college attended the ministerial meeting and explained the purpose of the endowment and the methods through which it is to be raised.

Of the \$400,000 to be subscribed, the trustees have arranged to care for fifty of Grand Forks will raise an equal amount, and \$200,000 is to be

E. P. ROBERTSON

distributed over the four districts in which the Methodist church is divided in this state. Minot and Fargo already have pledged their share of \$62,500 each, and the campaign is taken care of with the exception of one district, which is expected to take favorable action as soon as the matter is presented.

Wesley college is open to students of all denominations. It takes care of the school of religion, the school of expression and the school of music, as branches of the state university. The coordination of these two institutions was effected through the adoption of a plan outlined by President Webster Merrifield of the university and President Edward P. Robertson of the Red River Valley university, then located at Wahpeton, in 1905. The name of the Red River Valley university was changed to Wesley college; buildings were erected in proximity to the state university at Grand Forks, and a course of study was adopted including Bible and church

NEW VAPOR WAY OF TREATING ALL COLD TROUBLES

North Carolina Druggist Invents a Salve That Is Vaporized by the Body Heat

NOTHING TO SWALLOW YOU JUST RUB IT ON

Particularly Valuable to Mothers With Small Children. Local Druggists Are Offering 25c Jars on 30 Days' Trial.

Colds are simply inflammations of the air passages and everybody knows that the only way to reach the air passages direct is by means of vapors that can be inhaled. The old-fashioned vapor treatments, however, were cumbersome and costly, but a North Carolina druggist solved this problem by inventing a salve that is vaporized by the body heat.

This preparation, known as Vick's VapoRub, is now being introduced here. The local druggists know the danger of constant "dosing," especially to small children and are anxious that all their customers should try this new "outside" treatment. Arrangements have accordingly been made with the manufacturers to sell the small size jars, price 25c, on 30 days' trial—no charge to be made if the customer is not delighted with the results.

For deep chest colds, sore throat, bronchitis, tonsillitis, or incipient pneumonia VapoRub should be applied over the throat and chest and covered with a warm flannel cloth. The vapors arising carry the medication, with each breath, to the air passages and lungs. In addition VapoRub is absorbed through and stimulates the skin taking out that tightness and soreness in the chest.

No advance in price, 25c, 50c and \$1.

history, new testament Greek, Hebrew, theism and similar subjects, with a brief course designed especially to fit students to become efficient Sunday school teachers and lay-workers. It was decided that instruction in elocution and music be given, and the courses of the college and the university were so coordinated as to avoid conflict and an interchange of credits was arranged.

North Dakota was a pioneer in this form of consolidation, which has since won the hearty approval of prominent educators throughout America, and which has been adopted at the University of Wisconsin and in other state institutions whose students are numbered by the thousands. The endowment which Wesley college now is seeking is to provide for necessary expansion, to furnish a substantial working fund, and to take up a small amount of indebtedness which has been incurred.

HUN PROPAGANDA IN SCANDINAVIA MORE EFFECTIVE

Efforts of Germans No Longer Misdirected and Inefficient, Says Report

Stockholm, April 24.—(Correspondence of the Associated Press).—German propaganda in Sweden and other Scandinavian nations no longer is ill-directed or inefficient, in the opinion of the statesmen of the countries in which it operates. On the contrary, it challenges even unwilling admiration in Sweden for its completeness and effectiveness.

In the early days of the war the entente powers and America extracted considerable amusement from German methods of propaganda for the reason that they seemed to be based on an almost absolute failure to understand the psychology of the non-Germanic peoples.

Undeterred by earlier failures, the Germans have kept at work here and have organized a system of propaganda which is regarded as tireless, intelligent and, without a doubt, effective.

The organization centers around three undertakings, all organized by Germans but, in accordance with Swedish law, directed by Swedes. These are the magazine Jordentid, (The World Around), The "Picture Central," and the "Polar Star" magazine.

All three undertakings are housed in the same quarters. The exploits of the German army are graphically illustrated by word, by picture and cinema films. Gigantic maps, with events being kept up almost to the hour, show the progress of the German advance. The newest bulletins are displayed. Visitors are loaded with pamphlets and books, some of them of such character that they form permanent additions to a reference library. Whenever a German soldier does some individual act of kindness a cinema operator is there to record it and the Swedish patrons of the Polar Star have opportunity to admire it.

Two large printing firms turn out vast quantities of pamphlets, with which the Swedes are inundated. The German legation has trained journalists on its staff, and Egon Lucius, the minister, is himself a keen, wide-awake individual, fully alive to the value of opportunity to make propaganda or to explain anything that needs explanation. As an instance of this may be cited the fact that some weeks ago, when the morning papers published Trotsky's expose of Germany's attitude toward the Aland Islands, the noon papers of the same day contained a column-long article by Egon Lucius, full of cleverness and logic, for the uncritical reader, a complete answer to Trotsky.

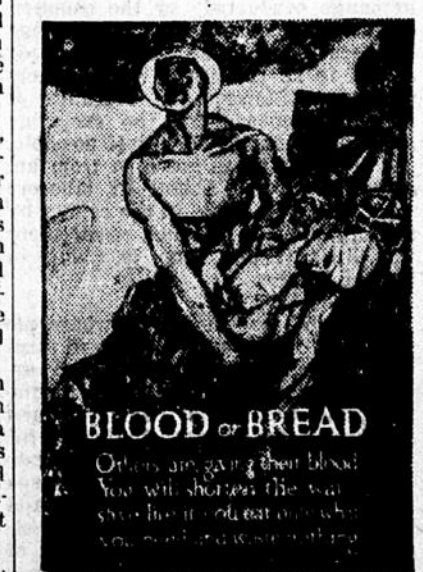

This is but one of scores of similar instances. Lucius' relations to the press—and not merely to the pro-German press—are most friendly, and he is always sure of a sympathetic hearing, whether the other party is in agreement with him or not.

To dam this flood of propaganda the allied powers offer comparatively little. Since America entered the war an effort has been made from Washington to secure adequate publication in Sweden of important speeches by President Wilson and other leaders, and reports of important decisions of different bodies, programs of recruiting, etc. These efforts, and particularly as regards speeches, are foredoomed to failure by the fact that the speeches are cabled too late.

President Wilson's speeches have reached Sweden from two to four days after summaries of them had been received here. No Swedish editor, after having used a 500 word summary will, half a week later, devote much space to the text of the same speech.

VIOLA DANA MAKES HER GREATEST HIT

Viola Dana, the Metro star, comes into her own as the greatest of modern screen artists in the part of "June" in "Blue Jeans." While Miss Dana is known and her work is appreciated by hundreds of thousands of motion picture theatre patrons none of the vehicles in which she has appeared in heretofore have given her the opportunity to show her real class as does "Blue Jeans." It is confidently predicted that after the public sees the seven-reel Metro production that Miss Dana's pictures will be in greater demand than those of Mary Pickford.

BLOOD & BREAD

Others are giving their blood to the world. You will shorten the war by giving your blood to the world.

VIOLA DANA in "BLUE JEANS"

Who appears as June in the tremendous screen drama. In this production Miss Dana becomes the greatest picture star in the world. After seeing "Blue Jeans" and you do not think it is the best picture shown at the Orpheum during the past year we will gladly refund the admission price to anyone. Remember, this is not an ordinary production, but a big special de luxe.

who made her first big hit in "Tess of the Storm Country."

In "Blue Jeans" you will see a production that has more drama in it than "The Birth of a Nation," even though it is not so great a spectacle. You have our absolute guarantee that this production is even greater than we claim, and any promise we make in its behalf will more than make good each performance is the way the Orpheum management quotes, "Blue Jeans" will show tonight and tomorrow only and we urge you to come early tonight if you wish a seat. Remember the place, the Orpheum where everybody goes.

STATE EDITORS' WAR GATHERING TO BE BIG EVENT

(Continued From Page One)

lady journalists are coming, and it is believed the presence of the fair sex would add zest to the program and would detract not a fall from the serious business side of the session.

One subject which will be taken up at all sessions of the editors is politics. One hundred per cent, fearless, straightforward Americanism will be emphasized, but every speaker will carefully refrain from anything that might be construed as an attack upon or a boost for any political faction of the state or nation. This fact seems generally understood by newspaper men of the state, who without regard to affiliation, have heartily endorsed this policy.

Tickets for the banquet may be procured from any member of the Grand Iron committee, which consists of Chief Justice A. A. Bruce, H. P. Knappen of the Palladium, George V. Halliday, director of publicity of the state council of defense; Win S. Mitchell of the state examiner's office, or any member of the local newspaper staffs. It is urged that reservations be made not later than Thursday evening. The banquet will begin at 9:30. An unusually attractive program of toasts and musical numbers has been arranged, and the McKenzie cuisine promises a culinary triumph in the way of a war banquet.

Program Arranged.

The program, as definitely arranged, will be as follows: 3:30 Friday Afternoon, April 26. Bismarck Auditorium; Liberty Day war rally; North Dakota Newspaper Men's War conference, Commercial club rooms, Governor Lynn J. Frazier, chairman of the North Dakota Council of Defense, presiding.

Addresses by Sam H. Clark, Bismarck, publisher Jim Jam Jans; G. A. Monteth, Finley, president of the North Dakota Press association; "Newspapers in the Fight for Democracy," Dr. Willard G. Bleyer, chairman of the college of Journalism, University of Wisconsin; "The National Administration and the American Newspaper," Dr. Thomas F. Moran, Purdue university, personal representative of President Wilson; statement of North Dakota Council of Defense program of constructive patriotic publicity, George V. Halliday, director of publicity of the North Dakota Council of Defense.

General discussion of tentative program, in which all newspaper men are urged to participate.

9:30 Friday Evening, April 26. North Dakota Newspaper Men's War Banquet, Hotel McKenzie. Hon. Andrew Alexander Bruce, chief justice North Dakota supreme court, toastmaster.

"Over the Top"—Governor Lynn J. Frazier. "Camouflage"—Sam H. Clark, Bismarck. "Wire Entanglements"—Jerry D. Bacon, Grand Forks. "Barrage Fire"—Dr. Thomas F. Moran, Purdue university.

KIDNEY REMEDY HIGHLY RECOMMENDED

My customers speak very favorably regarding Dr. Kilmer's Swamp-Root and am confident that it must possess real value and believe that it will cure kidney troubles if taken in time and directions followed. For ten years I have not received a single complaint and have enjoyed a splendid sale on it. Very truly yours, GUY BUTLER, Pharmacist, Sept. 21, 1916. Holbrook, Nebr.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do for You.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Bismarck Tribune. Regular, medium and large size bottles for sale at all drug stores.

HARMON BOY GIVES LIFE TO WIN WAR

Taken From School to Assist With Seeding, Lad Dies Under Disc

Mandan, N. D., April 24.—Martin Kupper, a 13-year-old North Dakota hero, died in the Mandan hospital Tuesday evening as a result of injuries sustained in fighting for the cause of democracy.

Master Martin was only 13 years old. He had been in school until a shortage of labor on the farm near Harmon necessitated taking the youngster and his brothers out of school to help father seed a win-the-war crop. Martin was doing his bit yesterday afternoon, driving a disc when one of the wheels struck a stone. If Martin had been a full-sized man the jolt probably would not have dislodged him, but his little legs couldn't reach to the footrest, and when the shock came, the boy went under the cruel, keen-edged discs. One of his legs was almost completely severed from his body, at the hip.

One of Martin's young brothers came home later and saw the little form writhing in agony there in the fresh plowed field, and he summoned his father. The sufferer was tenderly carried to the house and immediately brought to Mandan. He was on the operating table when death came from shock and loss of blood.

Funeral services will be held Thursday morning at St. Joseph's church. Rev. Father Clemens Dempl officiating. Boyhood chums from the Harmon community will act as pallbearers, and interment will be made in the local cemetery.

EFFORTS RENEWED TO MAKE JUNCTIC

(Continued From Page One)

The Germans have been working up a strong artillery fire, along virtually all the British front, for several days, following the easing of their pressure in the Flanders front, but the preliminary intensive bombardment was of comparatively short duration.

HUN SURPRISE FAILED

What was apparently intended as a surprise blow, without notable artillery preparation, was launched by the Germans at dusk last evening, northwest of Albert. The British were on the alert, however, and met the advance with a hail of rifle and machine gun fire, driving the enemy back.

Keeps Anglo-French busy. Meanwhile the enemy has maintained sufficient pressure in the Flanders area to keep the Anglo-French forces busy there. Not only has the artillery bombardment been heavy in many sectors, but last night there was a strong hostile attack on the northern side of the Lys salient, near Drouaire, close to Mont Kemmel. Holland and Germany still are re-

WESTERN RAILS HAVE TAKEN ONE PCT. OF LOAN

Seventy-two Systems Report Over 70 Percent of Employees Subscribers

Chicago, April 24.—In a bulletin issued today to executive officers of Western railroads, Chairman W. G. Bird says:

"In the western regional district the railroad Liberty Loan Campaign committee is pleased to report today subscriptions aggregating well over thirty millions, or more than one per cent of the total loan of three billions.

"While the results so far secured are highly gratifying, now that all lines have completed their campaign organizations, it is expected that subscriptions toward the next thirty millions or an additional one per cent of the total loan, should be reported more rapidly than the first thirty millions.

"All carriers should put forth renewed efforts with this end in view."

Today's summary shows that 437,645, or 58.63 per cent of the employees of western roads, have subscribed \$22,347,225 for Third Liberty loan bonds. The average subscription per capita is \$76.29.

Ten railroads report subscriptions exceeding \$1,000,000. They are:

ROAD Employees Sub. Average
Chicago, Rock Island & Pacific..... 36,22 \$2,689,150 68.21
Chicago, Milwaukee & St. Paul..... 74,30 2,461,150 68.84
Chicago & North Western..... 83,58 2,398,450 60.00
Northern Pacific..... 69,19 2,337,200 71.90
Chicago & North Western..... 49,43 2,227,350 73.60
Atchafalpa, Topoka & Santa Fe..... 58,83 1,987,050 69.35
Great Northern..... 71,25 1,961,450 70.97
Missouri Pacific..... 50,44 1,714,450 73.51
Chicago, Burlington & Quincy..... 55,21 1,172,300 73.88
Union Pacific..... 33,21 1,109,850 71.90

Seventy-two railroads report over 70 per cent of their employees have

ported as being near the breaking point, but it is not clear as to what the Germans have really demanded from the Dutch. A dispatch from The Hague declares nothing is known there relative to an ultimatum threatening the occupation of Dutch ports unless certain demands are yielded.

Viscount Motono has resigned as Japanese minister of foreign affairs. The reason for his action has not been announced, but it probably is in connection with the Japanese intervention in Siberia.

Cold Sores and Fever Blisters

are only outward manifestations of the inflammation of the mucous surface that lines the lungs, the stomach and all the digestive tract, but they give you evidence of how sore a membrane may become as a result of inflammation, which is stagnation of the blood, rightfully called acute catarrh.

If you suffer from such conditions don't let them become chronic, don't run the risk of systemic catarrh.

Clear it Up With PERUNA

When your system is cleared of all its poisons, the membranes soothed and healed, the cold gone and your digestion restored, you will enjoy life, feel equal to all its tasks, and be at peace with the world. Let Peruna do for you what it did for this sufferer:

Mrs. L. A. Patterson, 238 Utah Avenue, Memphis, Tenn., says: "I have been a friend of Peruna for many years. I have used it off and on for catarrhal complaints and found it a very excellent remedy. I have a small family of children. Times ago I had with us, but I can scarcely afford to do without Peruna, especially during the season of the year when colds and catarrhs are prevalent. We always recommend Peruna to our neighbors, for the benefit it has been to us."

You needn't suffer longer with such a remedy at hand.

Peruna can be obtained in tablet form. You can carry it with you and take it systematically and regularly for a remedy, or as needed for a preventive. Get a box today.
