

ASKS VOTERS TO DO DUTY

Minnesota G. O. P. Chairman
Calls on Them to Register,
Vote

St. Paul, Minn., Oct. 25.—Chairman Charles R. Adams of the Republican state central committee today issued the following statement appealing to voters to register for the November election.

"The great danger in this campaign is apathy. It is a startling fact that 30,000 taxpayers of Minneapolis have not registered for the general election of Nov. 7. These we know of and we do not know how many more thousands who are not on the tax rolls may be also delinquent."

"The same situation prevails in other Minnesota cities of the first class which require registration in order that the citizens may vote."

"The radical forces which threatened to capture Minnesota in previous campaigns are just as active as they were two years ago and are conducting just as powerful a drive for the elective offices of Minnesota. Apathy on the Republican side is their greatest weapon."

"The first duty of every citizen at this time is to register, the second to vote on Tuesday, November 7."

DALTON FACES THIRD TRIAL FOR ALLEGED THEFT

Chicago, Oct. 25.—Willie Dalton, 17 years old, former bank messenger, laid down his school books once more today to face his third trial for stealing \$772,000 in bonds from the Illinois Trust and Savings bank in February, 1921.

In the first two trials the juries disagreed.

Young Dalton, whose flight with the stolen bonds made him the quarry of a national wide search, was captured in a country pool room by a village marshal at Heyworth, Ill., near Bloomington. The boy carried the stolen bonds in a satchel which he tossed carelessly into a corner while he engaged in a game of pool. A reward of \$25,000 was given to his captor.

SEES SURPRISES IN WARD CASE

(By the Associated Press)
White Plains, N. Y., Oct. 25.—John E. Mack, who has been appointed special prosecutor to try Walter S. Ward, millionaire baker's son charged with the murder of Clarence Peters, a former sailor, announced today that the case would be presented next month or possibly early in the year.

"And I also predict surprises for the public," said Mr. Mack, who was here for a conference with Frederick E. Weeks, district attorney of Westchester county. "Mr. Weeks, Sheriff Werner and myself have had several meetings on this case, and I can say positively that the prosecution has much more evidence than the public think possible."

CYRUS M. KING SERIOUSLY ILL

Deer River, Minn., Oct. 25.—The condition of Cyrus M. King, former gubernatorial candidate in Minnesota, was still critical this morning, no change having taken place in the last 24 hours, Stafford King, his son, stated.

Mr. King has been unconscious most of the time for the past few days, according to his son.

The elder Mr. King, who is 62 years old, has long been active in Minnesota political circles.

McADOO FORCED TO CANCEL DATE

(By the Associated Press)
Dodge City, Kansas, Oct. 25.—William G. McAdoo, former secretary of the treasury, was unable to deliver his scheduled addresses here today because of illness. Mr. McAdoo's address at Syracuse, Kansas, this afternoon and Denver tonight also were cancelled, upon the advice of his physician, who ordered complete rest.

Mr. McAdoo became suddenly ill last night after leaving Wichita. He will not make another address in the interest of the Democratic campaign until he reaches Salt Lake City and then only with the consent of his physician, he said today.

Mr. McAdoo seemed somewhat improved when his train reached here and he continued his journey to Salt Lake via Denver. His illness was caused by a stomach disorder.

INSURE TEAM AGAINST INJURY

(By the Associated Press)
Chicago, Oct. 25.—The entire Northwestern football team has been insured against injury by a blanket policy, Dana M. Evans, director of athletics, announced today. Terms of the policy assure the university a fixed sum for every player injured or taken ill during the football season. They also provide a fifty percent additional sum for every player sent to the hospital.

Compensations have already been received for five broken noses.

QUICK WIT SAVES BLIMP

Army Gas Bag Saved From
Destruction

(By the Associated Press)
Newport News, Va., Oct. 25.—Destruction of the army dirigible C-14 was prevented today in the opinion of officers at Langley field, by the presence of mind of a member of the crew when a hole was torn in the blimp's gas bag as it was being taken from its hanger. When Hydrogen began to hiss from the bag those nearby scurried for safety, except one man who pulled the rip cord, releasing the gas.

Officers who witnessed the accident declared that if this had not been done the dirigible probably would have met a fate similar to that of its sister ship the C-2, recently at San Antonio.

TOBACCO GROWERS IN BIG COMBINE

Louisville, Ky., Oct. 25.—Cooperative marketing associations of tobacco growers in the United States and Canada today were banded together through the agency of the American Tobacco Growers' cooperative exchange to present a common front to foes of the best interests of the leaf producers.

Organization of the exchange resulted from a two day conference here representatives of the cooperative leaf associations in the United States and the dominion. Definite announcement of the action taken at this conference was made last night following the final meeting of the leaf men.

James C. Stone of Lexington, Ky., president and general manager of the burley tobacco growers' cooperative marketing association, was elected president of the exchange and O. W. Wilson of Raleigh, N. C., field service director of the Tri-State Tobacco growers' cooperative association, was chosen secretary. An executive committee, composed of the president of each leaf association, with Mr. Stone as chairman and Aaron Sapir of San Francisco, general counsel was authorized. This committee was empowered to represent the exchange until the next meeting, which was left to the call of the president.

The Wisconsin tobacco growers' cooperative pool was represented at the conference here.

Pleads Guilty to Bank Robbery

Ipswich, S. D., Oct. 25.—Baker, one of the two men held here on a charge of robbing the Mina, S. D., bank last summer, last night in Circuit Judge Bottom's court, pleaded guilty to a charge of robbery and was sentenced to serve twenty years in the penitentiary. Valin, the other alleged robber, will probably go out of the jail on the January term of court.

The futile attempts of the pair to escape from the Edmunds county jail have been sensational. First they tried gaining their liberty by obtaining a saw, and trying to cut the bars. A guard heard the noise they were creating and placed them in another cell. Yesterday they again tried escape by burning their way out of the jail.

PEOPLE'S FORUM

WANTS IMPARTIAL INVESTIGATION

Editor Tribune:—Yesterday's Tribune carried a news item that a number of consumers of the Hughes Electric Company had filed a petition with the State Railroad Commission asking that \$42,000.00 be rebated by that company on the grounds that the company had been collecting excessive rates to the amount of at least \$42,000.00, or a return of 30 per cent on the valuation of the company's property. Whereas, the Commission had fixed a return of 8 per cent and 4 per cent depreciation to the stockholders on the valuation of the plant. In other words, that the company was entitled to a 12 per cent return, whereas, it had collected revenue which had yielded a 30 per cent return. Mr. Hellstrom, attorney for the petitioners appeared before the Bismarck City Commission and submitted the situation to that body and asked that an auditor be employed to verify the figures presented by the petitioners by an audit of the Hughes Electric Company's books.

The presentation of the matter to the City Commission caused a peculiar situation to arise. City Attorney O'Hare immediately raised the point that if the City should take a hand in securing equity and justice for the consumers of the Hughes Electric Company, the company would take the matter into Federal Court and force a higher valuation of the company's plant. This seems a peculiar defense for the City Attorney to make where the citizens and taxpayers are endeavoring to secure what they are entitled to. Mr. Hellstrom answered the City Attorney effectively. The City attorney then raised other defenses in the interests of the utility, all of which were answered by the petitioner's attorney. This is a very unusual stand for a City Attorney to take who is supposed to be appointed and paid for the purpose of protecting the public's interest and not the interest of public utilities.

We also note that the City Attorney did not raise the question as to where the Bismarck Water Supply Company would take its case in the proceedings which were taken by the consumers and the City in the case to determine water rates. He appeared to press that case violently without any fear of the matter being appealed to the Federal Courts as was done and an increase of 35 per cent allowed the company on hearing before that court. Can it be that the City Attorney is more interested in the welfare of the Hughes Electric Company than he is in the consumers and taxpayers of the city? This brings to my mind the manner in which the Electric rate case was handled before the State Railroad Commission. Mr. Edward Cox, of the firm of O'Hare and Cox represented the Hughes Electric Company as its attorney while Mr. H. F. O'Hare, City Attorney, and of the firm of O'Hare and Cox, represented the City.

One should be able to see without a great stretch of imagination the kind of a defense the public would receive in a combination of this kind. Ethically it was wrong, if not legally for two members of a law firm to be on different sides of the same case. Honesty of conscience should prevent the ordinary attorney from entering into this kind of an arrangement. If the parties themselves cannot see this principle and apply it, then the voters and taxpayers should see that the one who is filling the public position be relieved therefrom. The interests of this firm of attorneys are such that the consumers of the Hughes Electric Company cannot get a square deal, if the matter is left entirely in the hands of the City attorney, and the makeshift defense made before the City Commission proves this. The City Commission should look the matter square in the face and treat all public utilities alike irrespective of the views of the City Attorney and employ an auditor at once who will give the Hughes Company a square deal, but not a coat of whitewash, and who will honestly analyze the operating revenue and expenses of the company.

AT THE MOVIES

"BLOOD AND SAND"

Rodolph Valentino as a dashing, picturesque torreador, dominates "Blood and Sand," by Vicente Blasco Ibanez which opened at the Eltinge theater last evening. This is his first Paramount starring picture and it was certainly well chosen for his introduction as a star. The part of Gallardo fitting perfectly the exotic, colorful Valentino personality. Most prominent in the supporting cast are Lila Lee, Nita Naldi and Walter Long. Valentino's portrayal of the Spanish idol rising to become the dashing idol of Spain, the great reader, without exaggeration is as great a piece of acting as any ever shown on the screen. Lila Lee as the Spanish maiden who loved the torreador, and Nita Naldi as the siren who caused his downfall also appear very creditably. Walter Long as a bandit chief gives a performance second only to the star. The most spectacular sport known to man, bullfighting, furnishes a thrill seldom seen in pictures. "Blood and Sand" can be said to have first class ingredients of a highly entertaining picture, excellent story, fine cast, and very able directing. The picture remains at the Eltinge for Wednesday and Thursday.

CAPITOL

The William Fox special production of Mark Twain's "A Connecticut Yankee in King Arthur's Court," which opened an engagement last night at the Capitol theater, deserves to rank with the best pictorializations of famous literary classics which Mr. Fox has given the public. It made a remarkable impression on an enthusiastic audience. "A Connecticut Yankee" is a purely American classic. It has been trans-

I. W. W. TRIALS AT SACRAMENTO

(By the Associated Press)
Sacramento, Calif., Oct. 25.—Trial of ten self-admitted members of the I. W. W. charged with violating California's criminal syndicalism act, was to be continued here today with the testimony by the prosecution.

Testimony taken by the prosecution indicates it is seeking to establish that the organization is committed to the doctrine of sabotage. It is possible that W. E. Townsend, who claims to have been at one time a lieutenant of Wm. Haywood, I. W. W. head, will be asked to testify again today.

RODOLPH VALENTINO

"Blood and Sand"

LILA LEE AND NITA NALDI

Here's the real screen sensation of the season!

Rodolph Valentino as a hot-blooded torreador, the dashing idol of Spain, hero of many loves. In a story by Blasco Ibanez, author of "The Four Horsemen."

You'll see Valentino risking his life in the most spectacular sport known to man—bullfighting. You'll see him lured by the maddening beauty of a titled Spanish temptress.

You'll see all the romance, the fiery passions of Spain in a picture a thousand times bigger than "The Sheik." Produced in lavish splendor by the man who made "The Three Musketeers."

The greatest Valentino triumph ever, known!

Seats for the first show fill fast—get yours by 7:30.
Doors open at 7:15.
