

PART OF LOOT IN HOLDUP OF TRAIN FOUND

Chief Postal Inspector Declares That Some of the Robbers Are Held

Joliet, Ill., June 17.—Discovery of the 25 mail sacks of partly looted and which were taken in the sensational holdup of the Chicago, St. Paul and Milwaukee railroad train Thursday night, about 35 miles from Chicago, almost clears up the mystery of the holdup, Chief postoffice inspector A. W. Germer said today.

The finding of the mail sacks will be used as part of the evidence against the prisoners, now held by the police. Inspector Germer said: "We have some evidence that we cannot divulge, but the police have some of the robbers." None of the stolen mail has been found on the person of any of the alleged robbers.

AMPHITHEATER PREPARED FOR CONVENTION

This May be the Last Political Session in the Famous Old Garden

New York, June 17.—The vast amphitheater of Madison Square Garden is reverberating these days with the clamor of an army of workmen and a corps of architects, who invaded the historic old structure June 1 to dress it up for the National Democratic Convention, beginning June 24.

The Democratic party will be in possession of the Garden until July 15 under the terms of the Executive Committee's lease with Tex Rickard. Day and night, from new until convention time, the metamorphosis of the picturesque place will continue. Then, immediately the delegates finish their nominating and adjourn, will begin the laborious process of converting the Garden into its old self again.

The whole job, on which it originally was intended to spend about \$10,000, will cost approximately \$80,000, according to George F. Mara, director of convention arrangements. First, plans for alterations have been elaborated to include the installation of thousands of more comfortable seats than the Garden boasted, the erection of speakers' and press platforms which will cover the entire arena, the installation of new ventilating systems, and a thousand-and-one jobs that will add to the beauty and comfort of accommodations.

This probably will be the Garden's farewell bow to the public as an auditorium for political sessions on such a grand scale, for it recently was announced that it soon would be razed so that a towering commercial structure could be erected on the site.

To the Democratic convention delegate and visitor Madison Square Garden will present the appearance of a huge oval basket with flat bottom and terraced sides. The speakers' platform, with seats for 353 delegates, will push out from the long side of the oval, facing south. Platforms for the press will flank the speakers' stand, on a level 3 feet and 4 inches below it and extending right and left almost to the far ends of the oval. There will be seats for 500 news reporters and editors.

Then, directly in front of the speakers' stand, but 7 feet 3 inches below it, will be arrayed the ranks of delegates, with alternates flanking them to right and left at the same level.

Overhanging the bottom of the bowl will be the boxes seating six to ten persons, which will be given over to those who have contributed to the party or local citizens' convention fund. Above them will stretch tier after tier of seats, extending away up to the Garden roof, for governors, congressmen, public officials, notables and party workers who fall within the "visitors' classification."

There will be 12,200 seats in all, arranged in sections with wide aisles which will make for easy exit and a minimum of work for ushers. New York City's share of the visitors' places will be 2,500.

SPANISH HOPE IS DEFEATED

New York, June 17.—Floyd Johnson, of Iowa, won a technical knockout over Andres Balsa, of Spain, last night at the Queensboro stadium when the referee stopped the bout after two minutes and thirty-five seconds of the third round.

Balsa showed nothing but an ability to take punishment. He landed only three blows, all in the second round.

Early in the first round Johnson opened a cut above Balsa's eye from which the blood flowed freely throughout the fight. The Spaniard assimilated punch after punch, without a comeback.

I hereby announce myself as candidate for County Treasurer of Burleigh County at the Primary Election to be held June 25th, 1924. Have had 3 years experience in the County Treasurer's office as clerk and deputy. Your vote and influence will be appreciated. Gilbert Hagen.

POMPEII LIVES AGAIN

Naples, June 17.—The glories of ancient Pompeii were brought to life recently when the 700th anniversary of the Royal University of Naples was celebrated. The ruins of the buried city were adorned with laurel wreaths and flowers, games similar to the Olympic games were held in

Seven Are Held In Holdup

Chicago, June 17.—Seven arrests have been made in connection with the holdup last Thursday night of a Chicago, Milwaukee & St. Paul mail train near here by bandits who obtained loot valued at between \$1,000,000 and \$2,000,000, but there was a difference of opinion as to how far the arrests go toward clearing up the mystery.

Morgan A. Collins, chief of police, declared that all those held by the police are believed to be connected with the robbery. He said charges will be placed against them in the next day or two.

A. E. Germer, chief postal inspector, in charge of the federal investigators, said he was not sure of the identity of the robbers as the police appeared to be. None of the money or securities stolen has been recovered, so far as he knew, Mr. Germer said. He added that no federal warrants have been issued for any of those held.

J. R. McWhorter, another postal inspector, said he is convinced that all the police suspects are bear runners and not mail robbers.

Responsible positions are not closed to young ladies properly trained to hold them. 38 girl graduates of Dakota Business College, Fargo, have become bank officers. Most of them began like Jennie Nielson, recently placed with the Mercer State Bank. Though just completing her D. B. C. course, she easily met the bank's requirements for a "capable office woman."

All Fargo banks and 685 others employ D. B. C. graduates. There are constant calls for our pupils. Watch these success stories each week. They teach you what school to attend. "Follow the Successful."

Happy Thrift

Happy thrift doesn't mean doing without what you want. It means doing without what you thought was what you wanted—and found wasn't. It means doing without such mistakes before you mistake them.

The only insurance against buying wares you don't want is knowing wares advertised. You can depend upon home furnishings, clothes, foods you see pictured and described everywhere. They are what other folks want, buy and are thrifty about. Wide enjoyment lowers their prices. Thrift again! And they serve to the very limit of their claims.

When you keep an eye on advertisements, you save right. You buy what you think you buy.

WELL KNOWN DRUGGIST RECOMMENDS TANLAC

Pearson Knows From Own Experience Why Customers Were So Enthusiastic Over Tanlac.

"I have heard lots of people praise Tanlac, but I had no idea it was such a wonderful stomach medicine and tonic until I had occasion to try it myself," is the far-reaching statement of E. W. Pearson, a well-known drug clerk, 491 So. Cretin Ave., St. Paul, Minn.

"All my life I have enjoyed fine health until recently, when my stomach went wrong. I tried everything I knew of, even to a rigid diet, but kept getting worse instead of better, until my stomach got in an awful fix.

"Tanalac did the best and quick work I ever heard of. Four bottles stopped all my suffering, gave me a sound stomach, perfect digestion, and brought me up to where I am in as good shape as I ever was in my life. These are the simple facts and I daily endorse and praise Tanlac because it does the work."
