

MOSQUITO EXPERT HERE TO ADVISE IN WARFARE ON PESTS

Stackhouse Says: City and Mandan Face Three Crops Unless Headed Off

W. P. Komp, the U. S. public health service mosquito expert, arrived here today from Greenwood, Mississippi, to take part in the Bismarck-Mandan conference at the Association of Commerce at 2:30 Wednesday afternoon, to work out a program to combat the mosquito pest along the Missouri and Heart rivers.

The health officers of the two cities and other officials, along with representatives of the service and commercial clubs and the state health department, will be in the conference, with A. L. Bayone, state sanitary engineer, to preside.

Northwestern Student Paces Big 10 Golfers

Minneapolis, May 28.—(P)—W. H. Miller, Northwestern, set the pace for Big Ten golfers in the first 18 holes of their championship tournament at the Interlachen country club, today, with a 77. He went out in 39 and came home in 38. Par for the course is 73.

D. Burris, Minnesota, was second high with 40-39-79, and he was followed by William Fowler, Fargo, N. Dak., amateur champion, Minnesota, and Bob Royston, Michigan, with 81.

Additional support for the memorial building project was voted last America. After discussing the project in detail they voted unanimously to support it and to aid the American Legion in its campaign in every way possible.

In their resolution of endorsement the Catholic Daughters of America said:

"America has grown great among the nations because of the spirit of progress which has imbued the majority of its citizens. The same broad principles of tolerance and opportunity for all which placed the United States in the front rank among nations should be exercised in building up the community in which we live."

The same unselfish patriotism which actuated our boys during the war has inspired them now in an effort to help make Bismarck a bigger and better city in which to live and to rear children.

Announcement was made today at American Legion campaign headquarters that a meeting will be held tomorrow night at the Wachter school building. Dr. P. B. Strauss will be the principal speaker at the meeting at the Wachter school and Rev. Father John Slag probably will be the speaker at the Richholt school building at 7:30 o'clock Thursday night.

Meanwhile four-minute speeches by supporters of the proposal are being continued in local theaters. Mrs. E. M. Parsons will speak tonight at the Capitol theater and Mrs. George Janda at the Eltinge.

Hear Rev. Father Slag over KFYR tonight at 6:30 o'clock.

Woman Shoots Self

Henning, Minn., May 28.—(P)—Miss Dora Lofgren, 35, shot and killed herself.

Minot Merchant Dies

Minot, N. D., May 28.—(P)—W. F. Jones, formerly a local merchant, died here last night following a lengthy illness. Funeral services will be held Wednesday in charge of the local Masonic lodge. He was a former worshipful master of the order.

CITY WARNED ABOUT MEMORIAL RUMORS

Legion Denies That Building Will Exceed Cost They Have Estimated

Warning against erroneous statements which are said to have been circulated about the cost of the proposed memorial community building was issued today by the American Legion committee in charge of the campaign.

"So far as we know, no one has challenged the accuracy of the Legion's statements regarding the cost of this building to the taxpayers of the city of Bismarck," said R. J. Kamplin, committee chairman.

"Certain politicians, for reasons unknown to us, are reported to be circulating rumors that the cost will be in excess of the amount stated by the Legion. These statements should be investigated carefully. Voters should not be deceived by wild claims. The Legion has gone carefully into this matter and has told the truth regarding it. The statements contained in the Legion's campaign booklet are correct and can be verified."

"The reputation of the American Legion has been stated on the truth of the statements we have made to the people of Bismarck in this campaign. We have stuck to the truth. There is no reason why we should do otherwise. The proposition is one which should stand or fall on its merits without regard to baseless rumors and inaccurate statements. We are confident that it will command the support of every citizen who is interested in his city, his family, and in rearing his children in a better town."

Announcement was made today at American Legion campaign headquarters that a meeting will be held tomorrow night at the Wachter school building. Dr. P. B. Strauss will be the principal speaker at the meeting at the Wachter school and Rev. Father John Slag probably will be the speaker at the Richholt school building at 7:30 o'clock Thursday night.

BISMARCK'S GROWTH SEEN BY TELEPHONES

88 New Names Added to June Directory Since December Issue, Indicating Expansion

With the addition of 88 new names and telephone numbers showing Greater Bismarck's rapid growth, a new Bismarck-Mandan telephone directory will be distributed June 1. This was announced today by F. H.

Waldo, manager of the Northwestern Bell Telephone company here.

The 88 new Bismarck names have been added since the last directory was distributed in December, 1928. Mr. Waldo said. The number of telephones in North Dakota has increased 5,000 in the last four years, he said.

The books which will be delivered June 1 will total 5,100 and are being printed on the presses of The Bismarck Tribune at this time. They will be distributed by members of the Boy Scouts, who will collect the old issue.

Four pages will be added to the June directory, making the total of pages 44. One of the added pages will give trade-mark listings of Bismarck business establishments.

Hires Jobless Man To Double in Court

New York, May 28.—(P)—The scheme of a Brooklyn speakeasy proprietor of hiring a jobless man double for him in facing violation of the Volstead act, failed in federal court because of a detective's memory for faces.

After the expose Benjamin Flough told Judge Inch he had been promised a day's wages and \$5 by Joseph Jarowski in the event a fine was imposed and a larger sum if a jail sentence was given. He said he accepted the offer because he was without a job and seven months behind with his rent. Jarowski, haled into

court, admitted the subterfuge and was sentenced to six months in jail.

TOO LATE TO CLASSIFY

FOR SALE—Strictly modern bungalow. Large living room, built-in features, three bedrooms, dining room, kitchen, full basement, gas fire place, all hardwood floors, newly decorated. Attractive yard with hedge and trees. Double garage. Carl Nelson, 616 Ninth street.

Some Things to Remember

When you go to the polls Friday to vote on the Memorial Community Building, you should keep two things in mind.

1. This is Bismarck's only opportunity to get a building which will meet the community needs at a reduced cost to the city taxpayer.

2. Your vote on this question will show whether you want the city to go forward or backward.

Self-interest sways the votes of most citizens—and it should. If you don't vote in your own interest who will? It is to your interest, you, fathers and mothers, you, small home owners, you people in moderate circumstances, to support this project.

It will make the city a better place in which to rear your children; it will increase the value of your property and insure a ready market for it in case you want to sell. It will mean more jobs in Bismarck for Bismarck people and for the young men and women who are growing up here.

Look over the communities which are drying up and withering away. Do you want Bismarck to be like them? Would you like to own property in a backward city? The small tax which will be paid by the average property owner for this building is an investment which will bring heavy returns. It pays to live in a live, growing town. It will pay YOU, whether you own property or whether you rent. It will help you increase your income.

The Crossroads

Friday morning Bismarck will stand at the crossroads. On one hand lies the road to civic progress, prosperity and a growing city.

On the other hand lies the road toward civic sluggishness, low property values, a dead city.

The American Legion knows that Bismarck people are progressive. The membership of the American Legion reaches into every walk of life, every district in the community. We know by talking with our friends that they are supporting the Memorial Community Building. The Legion is supporting it because it will be a good thing for the town in which the Legionnaires live and in which they are rearing their children.

The Cost to You

So that every voter may be informed the Legion has prepared a table showing what different values of property will pay for this building in the way of taxes.

Take the value of your property, look at the table, and learn the truth. To most voters it means less than the cost of a few neckties. Learn the facts. They are right. When you know what's right you will vote right.

Value of Property Annual Tax
