Commission houses reported a large increase in new accounts in their commodity departments, particularly on the part of so-called amateur speculators.

Some of the early selling in steel shares was based on unconfirmed reports that the recovery in the lindustry had been checked and that a slight falling off in operations was likely.

A renewal of selling pressure against Simmons Co. carried that issue down more than 4 points to a new low level for the year below. \$63 a share, which contrasts with a high of \$188 last year. Atchison, New York Central and International Harvester sold down 3 to 4 points, Auburn Autodropped 5, Bullard Co. 5 1-4, and J. I. Case 5 3-4.

U. S. Steel common, after selling above 80, sagged below 177, Consolidated Gas, May Department Stores and A. M. Byers also sold down 2 points or more while a long list of others including American Telephone, Westinghouse Electric, Northern Pacific, Union Pacific and St. Paul preferred sagged a point or more below yesterday's final quotations.

Upward tendencies appeared in the last hour when short covering and buying in various groups caused an upturn, particularly in the amusement, utility, electrical and merchandise share. Net advances of 1 to 2 points were numerous. Eastman Kodak was exceptionally strong, selling 3 3-4 above yesterday's close. Electric Power & Light was up 4 and American Can, Warner Brothers Pictures, International Combustion Engineering and United Aircraft between 2 and 3. The close was steady.
