Reception Tendered Rev and Mrs. Strutz On 25th Anniversary

The congregation of the First Evangelical church held a reception last evening in the church parlors, in honor of Rev. and Mrs. C. F. Strutz, who observed their silver wedding anniversary June 13.

Hugo Schwantes, superintendent of the Sunday school, presided during the program which included several musical numbers and talks by members of the congregation. At the close of the program Rev. and Mrs. Strutz were presented with a gift of silver, and each responded with talks expressing their appreciation.

A social hour in the church dining room followed. Streamers in pink and white, and many baskets of peonies, roses, lilies and other blossoms decorated the rooms. Bowls of roses adorned the tables. A wedding cake centered the honor guests' table, and their places were marked with wedding bells.

A mock wedding in which Art Delzer, Merle Schwantes, Mrs. William Small, J. Knudson, Julius Bieschke and others took part, was one of the entertainment features. During the dinner Ben Larkin acted as toastmaster, and talks were given by Rev. and Mrs. Strutz, Herman Bieschke, and William Schwartz.

Rev. and Mrs. Strutz were married June 13, at Green Lake, Wis. The early part of their married life was spent at Aberdeen, De Smet, Big Stone, and other points in South Dakota, where Rev. Strutz was stationed.

In 1918 Rev. Strutz came to Bismarck to become pastor of the First Evangelical church where he served until 1927, when he resigned to become superintendent of the Bismarck district of the Evangelical conference.

Rev. and Mrs. Strutz have three daughters, all of whom were here for the celebration. They are Miss Alice Strutz, a missionary in the Red Bird mission at Beverly, Ky.; Miss Marian, who has just returned from Naperville, Ill., where she attends North Central college; and Miss Goldie, recently graduated from the Bismarck high school.

Rev. and Mrs. Strutz and daughters left this morning for Aberdeen, where they will visit a foster-daughter, Mrs. Grant McDonald.

Mr. and Mrs. Frayne Baker were hosts at a bridge dinner Monday evening at their home, 508 West Rosser Avenue. A pink and lavender color scheme was carried out in the table appointments with early summer flowers and candies. Covers were placed for 12. In the bridge games after dinner, honors were held by Major and Mrs. A. K. Kuper and Mrs. J. R. Oswalt. The guests from out of the city included Mrs. May and Mrs. Kuper, Major and Mrs. Oswalt and Captain and Mrs. R. R. Tourtellot, Fort Lincoln, Mrs. F. J. The announcements were found in the colonial bouquets at each guest's place. Table appointments were in pastel shades of lavender, pink, yellow and green. Summer flowers were arranged in the rooms.

ARRANGEMENTS FOR CONVENTION BEGUN

Bismarck Women Make Plans for Legion Auxiliary Convention in July

Plans for the coming state convention of the American Legion Auxiliary at Bismarck July 28 and 29 are being worked out, according to Mrs. James Morris, 221 Avenue A West, department president, who will preside at the sessions.

Assisting in making arrangements are Mrs. O. F. Edgerton, 811 Avenue E, whose unit will be hostesses to the convention, and Mrs. Bernard S. Nickerson, Mandan, past Mrs. Nickerson president, and chairman of Education of War Orphans, is also helping work out plans.

An impressive open air memorial service on Sunday evening, July 27, will precede the formal opening of the session. This service will be a joint one with the Legion and Auxiliary, and will be held at the Memorial building on the Capitol grounds.

Among the guests of national prominence who will be here for the meeting are Mrs. Donald Macrae and Mrs. L. E. Thompson, national president and vice-president, respectively, of the Auxiliary; as well as O. F. Edgerton, national commander of the Legion. All will give addresses, and an unusually interesting program is planned.

The quartet contest, a new feature this year, is expected to attract much attention. Pep dinners, the annual Past President's party, a secretary's breakfast, and the joint parade, are other items of entertainment scheduled.

An auto ride about the city, and the informal Anniversary tea at which the national and department officers will receive, is planned as the closing event of the two-day convention.

BUILDING FORESTS Is a policy of the Forest Service of the United States Department of Agriculture not to acquire standing timber except incidentally, but to devote most of its energies to acquiring cutover and burned lands which can be secured very cheaply and which, under proper management, can be restored to productivity and can become a valuable addition to the public forest.

HOG TB DECLINES A 20 per cent decline of tuberculosis in market swine at the large meat-packing centers is shown by Federal meat-inspection records. Eradication of tuberculosis among cattle on farms where the hogs are raised is the chief reason for the improved condition of the hogs, officials of the United States Department of Agriculture believe.

Soft, wavy hair!

The modern sculptured bob does wonders to bring out your personality. But like other present-day modes of arranging the hair, they call attention to it. That's why it's so important nowadays to keep your hair soft, lustrous, abundant. The easiest and quickest way to give new lustre and color to hair, which has begun to look dull and lifeless, is with Danderine. And it makes the hair softer, easier to arrange; holds it in place.

Here's all you do. Each time you use your brush just put a little Danderine on it. It removes the oily film from your hair; brings out its natural color; gives it more gloss than brilliantine. Waves "set" with it stay in longer.

Danderine dissolves the crust of dandruff; puts the scalp in the pink of condition. It stops falling hair. A small bottle is enough to show its merit. Start on it tonight.—Adv.

COLORADO REMOVES SNOW FROM SCENIC HIGHWAY

Estes Park, Colo.—(P)—Approximately 70,000 cubic yards of snow have been removed from the Fall River pass, principal highway traversing Rocky Mountain National park in Colorado, in preparation for summer tourist travel.

A powerful steam shovel for weeks ate its way through 17-foot depths between Fall River pass, elevation 11,797 feet, and Milner pass, 10,795 feet. Fall River pass joins the village of Estes Park.

More than 110,000 cubic yards of snow had to be dynamited away along this scenic road last year. Warm weather of April lessened the work to be done this season. It probably will be July, however, before the sun has melted away the last of the snow.
