## Shafer Urges New Capitol and Office

(Continued from page 1)
portionment. He did, however, recommend that management of the state mill and elevator be in the hands of a commission rather than in those of the governor. Outlining his ideas for a new capitol building, the governor suggested that "a relatively inexpensive but well-appointed capitol building" be constructed, but at the same time a modern office building be-built on the capitol grounds. Under his plan, executive offices, and the supreme court would be housed in the capitol building, while in the office building

would be used for other departments and bureaus. The governor also recommended:
A sales tax on oleomargarine and other butter substitutes sold in the

taxation of all stored grain, whether stored in elevators or on farms. Limitation of the amount and pur poses for which municipalities may create public debts, and repeal of the laws authorizing the state to issue bonds for any purpose, except for

farm loans. A "moderate increase" in motor vehicle registration fees and correc-tion of "the defects in the present system of allowing refunds" of gasoline tax.
Authorize the Missouri River De-

velopment Commission to formulate a tentative state waterway development program, and in cooperation with other states urge its adoption by the federal government as part of its national waterway improvement

Repeal of the law requiring fire and tornado insurance to be placed on farm stored grain as a condition to the issuance of warehouse certifi-

Support of certain suggestions con-tained in the state insurance com-missioner's report.

Immediate payment of hall insurince claims.

Enactment of a new code of laws

on the business of the farm loan department.

Authority to the Industrial commission to dispose of the Drake mill.

Creation of a commission to make
a survey of the state's industrial resources, "examine its opportunities for local manufacturing and adoption of a policy of encouragement toward

showing little change from last week.
