## COLBERT GETS INSTRUCTIONS

GIVES THE ROUGH RIDER MARSHAL A FEW POINTERS.

Remove no Old Deputies Who Are Good Men—Above all Avoid Friction With Judge Townsend.

Washington, Dec. 16.—R. H. Herr and Chris Marsden of Ardmore, one the chief clerk and the other a deputy of United States Marshal Hammer, arrived yesterday in the interest of Capt. Hammer, only to find that the president had already given the place to H. H. Colbert. Marsden called on the president, however, in order to renew his army acquaintance, having been a Quartermaster Sergeant in the Rough Rider regiment. The president received him cordially. While Marsden was with the president, Colbert came in and was informed by the president that he did not want Marsden removed. He also informed Colbert that there must be no wholesale removal of deputies if the men are the right kind of officers. This suggestion was made to Colbert because the president had been informed that Colbert had threatened to remove every man now connected with the office. The president also advised Colbert to avoid any friction whatever with Judge Townsend and under no circumstances to criticize him. Colbert told the president that there would be no friction, and that personally he had the highest respect for the man.

Nevertheless and notwithstanding, those acquainted with the conditions in the Southern district, say it is difficult to find out how Judge Townsend and Colbert can labor together harmoniously.

Colbert thanked the president for the appointment and left for home last night. The change in the Marshal's office takes place about the 19th of January.

### SENSATION AT KNOXVILLE.

Man Who Shot Two Policemen Believed to be Longbaugh.

Knoxville, Tenn., Dec. 16.—Today's developments in the shooting last night of Policemen Saylor and Dinwiddie were sensational in the extreme.

The two officers were shot by an unknown man, whom they attempted to arrest. Local detectives are now almost certain that the man who escaped after fatally wounding one policeman and seriously wounding the second is one of Kilpatrick's accomplices in the Great Northern railway robbery.

Today \$3,800 worth of stolen unsigned \$20 notes of the National Bank of Montana were located by detectives in the possession of a local saloonkeeper and confiscated. Considerable of the money had already been floated or changed in with merchants.

The man is believed to be Harry Longbaugh, alias William Parkey, who escaped from the Nashville police a few weeks ago by means of an ice wagon.

There has been inside information for several days that Longbaugh was in upper East Tennessee, and the developments of today make it almost certain that he is the man who made such a murderous assault on the two Knoxville officers.

After escaping from the scene of the affray Longbaugh secured a covered hack and was driven out of the city limits. Later he was seen ten miles east of the city and a posse has been on the trail ever since early morning. The would-be murderer was struck time and again by the officers who were shot, two billies being splintered on his head, and it is thought that he will soon be forced to seek help and shelter, and as soon as the whole country knows of the affair that he will soon be captured.

Luther Brady, James Boley and John Whipple, three Knoxville men, were arrested this morning with Montana bank notes in their possession. They disclosed the location of the \$3,800 later confiscated. All three men claim to have won the money from the man by gambling, but they are known to have been in Asheville, N. C., last week.

### Coldest Day.

Chicago, Dec. 16.—Sunday was the coldest day Chicago has experienced in the month of December since the weather bureau was established here, thirty years ago. For three hours the

mercury stood twelve degrees below zero. Later, however, the skies cleared and the wind which had been blowing from the northwest, died down causing a gradual rise of temperature, and last night the thermometer at the local weather bureau registered but three degrees below zero. Today the temperature is rapidly moderating.

### SCHLEY SPEAKS.

Flooded With Letters and Telegrams Expresses Thanks Publicly.

Washington, Dec. 16.—Since the court of inquiry rendered its verdict Rear Admiral Schley has received a large number of letters and telegrams, all containing expressions of confidence and esteem, offering assistance. To answer these persons he would be work of such magnitude that the admiral has addressed the following letter to the Associated Press which he asks to be published:

Washington, D.C., Dec. 6, 1901. "To the Associated Press:

"I beg to express through the medium of the Associated Press my gratitude and heartfelt thanks for the kind words and evidences of interest in my welfare which I have received from all parts of the United States. The magnitude of the correspondence renders it impossible for me to personally acknowledge the same and I therefore take this means of expressing my appreciation to one and all.

"Very truly yours, (Signed.)

"WINFIELD SCOTT SCHLEY, "Rear Admiral U. S. N."

## ARDMORE TOWNSITE MAP

APPROVED BY CITY COUNCIL AT REGULAR MEETING.

The Question of Street Crossings Came Up as None Were Shown to Exist on the Map, Which Would Be a Bad Condition.

The city council met yesterday afternoon with Mayor Thompson in the chair, and Aldermen Best, Gorman, Golledge, Slaughter and Eddleman present. The minutes of the last meeting were read and approved.

The finance committee reported favorably on \$31 worth of accounts and they were placed in course of payment.

The body of Mrs. Sims was ordered removed from the old cemetery west of town to the South Cemetery, deceased's husband purchasing the lot to bury her.

Some discussion was indulged in about the license of auctioneers. Some auctioneers want to sell goods both in-doors and out-doors and in order to do so they must buy two licenses. The out-door license costs \$50 and the in-door one pays \$35. It was the sense of the council that the out-door man should be allowed to sell goods anywhere in Ardmore for his \$50, whether it be on the streets, in the house or on the house, and an ordinance to that effect will probably be drafted.

John C. Joyce, Jr., W. G. Rawles and S. A. Cobb, surveyors of the townsite board, appeared before council with the new town map, with the Arkansas & Choctaw railroad platted on it, and asked the council to approve it before sending it off.

Upon investigation it was found that the map was just like the Choctaw, Oklahoma & Gulf, as regards the street crossings—all streets stopped at the right-of-way. Our people have had some little trouble with the street crossings of the C. O. & G and they did not wish to get into the same trouble again.

Mr. Joyce informed council, however, that he had no alternative, that he could not make the map showing streets crossing the railroad right-of-way.

Upon motion of Alderman Eddleman, a resolution was passed accepting the map, provided that they did not stop up any streets or alleys.

No further business before the house, council adjourned.

### TRIED TO BURN JAIL.

Geo. Allison and John Porter Set Fire to Purcell Jail.

Yesterday afternoon Deputy J. A. Brown brought down Geo. Allison and John Porter from Purcell, charged with arson. It seems, from what Deputy Brown says, he arrested these parties on suspicion of having a stolen saddle in their possession, which suspicion afterward proved to be correct. The prisoners were placed in jail at that place, and they evidently being bad men thought they would devise some way to get out. They looked around and found the jail as solid as the rock of Gibraltar, but get out they must, so the only way left was to set fire to the jail and when the jailer came to release them, make a break for it, run over the jailer and get away.

But they were a little mistaken in their calculations, for when they opened the jail a big six-shooter confronted them and they were safely kept until Deputy Brown brought them to Ardmore where they now rest behind the bars.

Deputy Brown says that it is his

### MRS. M'KINLEY WORSE.

Melancholia Is Telling Upon the Late President's Widow.

Canton, O., Dec. 16.—The condition of Mrs. Ida McKinley, widow of the late president, is said to be serious.

The melancholia that has manifested itself in her request that no presents be sent her, and that no one call at her home Christmas eve and day, is telling upon her. She talks of nothing but her grief.

It is feared she may collapse at any time.
