The One Price Store

Fourth Installment of July Bargain Sales

LAST week was a busy time at the Big Store. Every day customers came and bought from under-priced stocks of seasonable merchandise, and each one left the house well satisfied. It's no trouble to interest people with such goods and prices as are set forth. Nothing cheap or shoddy in connection with the low prices; simply a determined, sincere and honest effort to bring business to our house in what is universally considered the dull season. People must and will buy a few things and we want them to see that it is to their interest to buy here, where the prices are lower, prices considered, than anywhere else in the Indian Territory. Today's store news tells of things in daily use and of daily need. Read every item carefully.

THE TOWN OF MILBURN.

A Place That's Growing Rapidly—Business by Business Men.

Special Correspondence.

Milburn, I. T., July 17.—Milburn is coming to the front.

Mr. Johnson of Halleyville has purchased lots and is erecting two stores on them, which will be occupied with stocks of merchandise as soon as completed.

Judge Potter of Ardmore was in town the early part of the week. He contemplates erecting a brick business house in the near future.

Mr. Johnson and Mr. Phillips, traveling salesmen, have both purchased lots, and will improve them at an early date.

Arrangements have been made for the construction of four brick business houses on the west side of Main street, and several more contemplate building at once.

W. B. Tucker, our gin man, has purchased lots and will erect a neat residence at once.

Judge W. L. Cruce of Ardmore and W. M. Lucas of Tishomingo were in town this week, negotiating for the erection of three brick business houses. They were accompanied by Mr. White, an architect, and Bruner & Waldron, contractors, of Tishomingo.

Mr. Lambrecht, a former wholesale merchant of Memphis, Tenn., is in town this week, prospecting. He is well pleased with the outlook and will, in all probability, open up a stock of goods at this place in the near future.

Mr. Dillingham and wife, of Waxahatchie, Tex., were in the city Monday, looking for a location to open up a millinery establishment.

Word has been received from what is regarded as a reliable source that the Dallas extension will begin building from this place within a few days.

The Business Men's league met in regular session last evening and decided to work all roads leading to this place, as soon as possible to reach them. It was also decided to erect a fine school building at once. Our town can now boast of a live, hustling league and a wide awake newspaper, both of which are rendering the town valuable assistance in pushing such enterprises as the above.

Several of our citizens visited the Wannucka picnic, among them H. L. ... A. J. Milburn, Dr. French ...
