4 O'CLOCK EDITION

Ardmore, Thursday, April 16, 1903.

INVESTIGATE THE INDICTED.

All men are innocent until proven guilty. A public indictment merits proof of innocence or guilt.

There is an urgent demand for the strictest federal investigation in the Choctaw and Chickasaw nations. It is correctly "Poor Lo" that should now be given the sheltering hand of the government. Not the Indian that has long resided in the Territory, but the poor unfortunates to whom has come an inheritance that is the bone of contention of numerous schemes and enterprises that appear to be distinctly advantageous to the white men identified with the suspicious movements.

The thirteen young ladies denominated heralds will wear white dresses and hats and carry white parasols and their chariot will lead the parade. Miss Rogers will be accompanied to the Crescent city by her father, Judge John H. Rogers.—Fort Smith Times.

Ardmore is to be congratulated on being designated as the place for holding the national summer normal this year. In a letter from Prof. E. B. Hinshaw of Bloomfield Seminary to the Ardmoreite, that gentleman conveys this information. Prof. Hinshaw and Hendrix will have charge of this summer school. These men are recognized as the leading educators of the Indian Territory and it goes without saying that the summer normal at Hargrove will be a power for good and will be largely attended. The press and the citizens of the town will lend every encouragement.

In the matter of the World's Fair building the Indian Territory has the opportunity of doing \$50,000 worth of advertising at half price. The United States government has given one-half the amount. This is a sufficient sum to construct an appropriate building and it will be the means of bringing millions to the Territory and will be worth thousands of dollars to Ardmore. The pleasure and satisfaction of having Indian Territory headquarters at St. Louis during the exposition will, in itself, be worth the price.

THE MISSISSIPPI CHOCTAW.

That Boston syndicate that has raised money to bring the Mississippi Choctaws here to get allotments is a little slow. The dating for filing of applications by such Choctaws expired March 25. It would have been a good graft if worked soon enough.—South McAlester News.

But the Mississippi Choctaw who has been identified may yet move to the Territory and receive his share of the allotable lands.

ENTIRELY NEW FEATURE.

Selected to Represent the State at Confederate Veterans' Reunion. The Confederate reunion at New Orleans will present one entirely new feature. A herald has been chosen from each of the thirteen Confederate states; these young ladies will be the guests of the city of New Orleans during the reunion with headquarters at the St. Charles.

Miss Bessie Rogers, one of Fort Smith's most charming daughters, has been chosen to represent Arkansas. This announcement will be of great interest to the friends of Miss Rogers all over the South and all will agree that it is an honor most worthily bestowed.

The thirteen young ladies denominated heralds will wear white dresses and hats and carry white parasols and their chariot will lead the parade. Miss Rogers will be accompanied to the Crescent city by her father, Judge John H. Rogers.—Fort Smith Times.

Death at Wynnewood.

Wynnewood, I. T., April 16, 1903.—E. S. Burkes, a Chickasaw Indian, aged 45, and one of our most prominent citizens died suddenly this morning at 6 o'clock of apoplexy. The remains will be buried here this afternoon.

Santa Fe Road Congested.

The Santa Fe road seems to be congested almost at every station, especially between Gainesville and Purcell. There are 150 cars tied up in the yards at this place and Gainesville is still blockaded with them. They are being scattered along the line in order to make room for the stock trains to move. But very little of any other kind of freight is being moved now.

THEY ARE TURNING PINK.

Dr. Wiley's Borax Boarders Are Changing Color. Washington, April 15.—The department clerks who for several months have submitted to Dr. Wiley's borax-cured food experiments are slowly assuming a pink complexion.

Dr. Wiley's food experiments are conducted with the strictest secrecy. A dozen or more young men connected with the department of agriculture have for several months been living on a diet prescribed by Dr. Wiley, who is seeking to determine the chemical effects of borax and other chemicals on prepared foods.

It has only developed within the last week that all who have been at the doctor's table are taking on a pink complexion. It is not thought that this is due to borax, which has been given to the young men in their food but to some chemical ingredient which has been mixed with the food unknown to the subjects.

The only admission that will be made at the department is that the drugs used in the food have, up to date, proved absolutely harmless. The pink complexion which some chemical evidently causes, gives the men a healthy appearance such as would result from good circulation of blood brought on by outdoor exercise.

Died, yesterday afternoon at 6 o'clock, Mrs. Katie Turner, aged 47, of rheumatism. The funeral took place this afternoon at 3 o'clock from the family residence in Northeast Ardmore. Interment in South cemetery.

SHOULD BE AGITATED.

Constitutional Convention for Twin Territories Urged. To the Ardmoreite.

Wynnewood, I. T., April 15.—The weather is getting pretty dry in this section, but vegetation is growing well notwithstanding.

The protracted meeting at the C. P. church closed last night at high tide, the Rev. C. P. Fitzgerald having been called away. Many converts were made and the results of the meetings are satisfactory and will abide.

Samuel Houston Hargis surprised his friends last Sunday by marrying him a wife. Joy go with him.

The new city officials have been sworn in and are now ready to hear everybody's complaints. It was Jefferson who said that the great fault of all governments was in governing too much.

The tendency of all governments has ever been towards paternalism, towards relying on the government to do what the individual ought to undertake for himself. Such tendencies neither develop nations nor men.

There has been some such talk as having a convention of the people of the Twin Territories for the formation of a constitution to be submitted to the next congress. Why is it not agitated more? I have yet to see the citizen that opposes it.

Work Resumed on Postoffice.

This morning Lee Cathey resumed work on the postoffice building and will now push it to completion. The postoffice will be five feet longer than the other three buildings, and it will probably take six weeks to complete the brick work.

About 100 keys were turned in at Ringer's today and still the money box remains intact. There are 284 keys still out, one of which will open the box.

NEW ELECTRIC LIGHT RATES.

Following are the new electric rates which will be put into effect May 1, 1903. In all cases where these rates are lower than the present rates they will apply for the present month, but where they are higher than the old rates, the old rate will prevail until May 1, 1903.

Table with 2 columns: Wattage range and Rate per month. Includes Meter Rates for Business Houses and Flat Rate for 16 Candle Power Lamp for Stores.

Table with 2 columns: Number of lights and Rate per month. Includes Flat Rates for 16 Candle Power Lamps for Offices.

Table with 2 columns: Wattage range and Rate per month. Includes Meter Rate for Residence Lighting and Flat Rate for 16 Candle Power Lamps for Residence.

Table with 2 columns: Wattage range and Rate per month. Includes Flat Rates for Arc Lighting and Meter Rates for Day Power Service.

Table with 2 columns: Wattage range and Rate per month. Includes Flat rate for incandescent lamps.

other than 16 candle power, to be in proportion.

Flat rates for single 9-hour Nernst lamp 1 1/2 times flat rate for 16 candle power incandescent lamp.

Flat Rate for Electric Fans. Each 12-inch desk fan per mo. \$1.50 Each 14-inch desk fan per mo. 1.75 Each 16-inch desk fan per mo. 2.00 Each ceiling fan 2.50

In all cases of paying by meter whee meter reading comes near the division point the charge will be made on the basis of the next lower rate at the minimum quantity. For example: \$5,000 watts at 12c, \$11.40. This would be charged on a basis of 100,000 watts at 10c—\$10.

There will be no midnight flat rate, as all customers will be on the 24-hour circuit, and parties desiring lamps for only a few hours each day may take meter if they do not desire to pay flat rates.

We will endeavor to have our solicitor see each of our customers personally between now and May 1, 1903, and ascertain which of the above rates you desire to select, and in case we fail to see you it will be taken for granted that you desire to continue on the flat basis or the meter basis, as the case may be, which you are now using.

There will be no discounting bills. All bills must be paid in full the same as any other bill which you pay.

Our new plant will be in operation for 12 hours about Monday, April 13, and our 24-hour service will begin in about six weeks—or sooner if we can complete the placing of our machinery.
