CHRISTIAN EDUCATION.

Rev. Crawford Addresses Large Assemblage of Negroes.

The Chickasaw Baptist District Association, which is now in session at the First Baptist church, was favored with a sermon last night on Christian Education by Rev. William Crawford, pastor of the Central Baptist church of Ardmore.

After listening to the address of welcome delivered by Prof. Jas. M. Seay, principal of the city school, and the response by Prof. W. A. Tucker of Berwyn, Rev. Crawford was introduced by Rev. H. E. Darrington, the moderator.

After reading a selection, he preached an eloquent sermon from Matthew 28th chapter, "Go Teach All Nations." Among the many good things the speaker said "Christian education is a divine injunction, and any education which is not based upon God is a mere bread and butter science." In speaking of the race question he referred to Herodotus, to show that negroes had once held an exalted position in the early civilization, but the responsibility of the fall rested upon the shoulders of the Roman Catholics, and while it is a fact that the American white man was a participant in this, he had nevertheless paid dearly for it. He pointed to Christian education as the only principle which teaches the fatherhood of God and the brotherhood of man. "If God is taken out of the bottom of the race question I cannot and will not claim you negroes as my brethren."

He said: "In many instances there is no difference between a negro and a white man. If you cut a white man he will bleed; if you cut a negro he will bleed also. But I do not believe in the absolute equality of any two human beings, neither do I believe that any two races are exactly equal. We are with you negroes and you are here with us white folks, and it is your duty to help us Christianize the world. It is the brute negro who makes attacks upon our women and causes lynchings and mob. No race which has any love for its women can stand to see them mistreated. Build up your schools, give your people a Christian education."

Rev. J. L. Keller concluded with a few brief remarks and offered prayer. Superintendent Buck was introduced and also made a few remarks.

The choir, under the management of Mrs. P. R. Neil, sang a few selections and a collection was taken which amounted to \$26.

The Best Awning Yet.

R. A. Jones, the furniture man, is having put up in front of his store what we think is the best awning we have yet heard of. The awning is built from just below the transoms lights, running out far as you wish it to, giving it just sufficient fall for the water to run off, the same being made of wood and covered with tin. It is supported by rods from above.

With this awning you come within the ordinance relative to them, and you get the benefit of the light above the awning, through the transoms and your show windows and sidewalks are protected from the sun and rain.

The Santa Fe people are removing all the wood trestles between Gainesville and Purcell and substituting masonry instead. They are at work now on bridge 380 about three miles north of Ardmore.

The cow retreated and went on with the boy.
